The City of Fort Lauderdale is working to calm traffic and improve the pedestrian and bicycling environment in the Twin Lakes North neighborhood and wants to hear from our neighbors!

We have heard your input during the past two meetings and are excited to present the draft Master Plan at the third Twin Lakes North Mobility Master Plan Workshop on November 19, 2015. Neighbors are invited to share their input and ideas and to provide feedback on the Master Plan.

Please join us as we work together to build a fully connected neighborhood with streets and roadways that accommodate all types of users from pedestrians and bicyclists to transit riders and motorists.
