THE CITY OF FORT LAUDERDALE PRESENTS

## Family Fun Ride

& Moonlight Movie in the Park

Saturday, April 30, 2016 | 5:30 – 9:30 p.m.

Dottie Mancini Park | 6520 NE 22 Avenue

Bring your family, friends, bikes, picnic baskets, chairs, and blankets for a great night of free healthy activity and outdoor fun! Learn about bike safety, participate in a slow-paced bike ride through the Imperial Point neighborhood led by Fort Lauderdale police officers, and watch Dreamworks' "Bee Movie" in the park.

**9:00 AM | Lauderdale Memorial Park Cemetery | 2001 SW 4th Avenue**

**11:00 am | Sandy Nininger Statue | Fort Lauderdale Riverwalk**

For more information: visit [www.fortlauderdale.gov](http://www.fortlauderdale.gov)

**CITY OF FORT LAUDERDALE**  
**2015**  
**WATER QUALITY REPORT**

The City of Fort Lauderdale routinely monitors for drinking water contaminants according to federal and state laws, rules and regulations. As part of the Safe Drinking Water Act, the Environmental Protection Agency (EPA) requires the City of Fort Lauderdale, and all community water systems, to provide its customers with a Consumer Confidence Report (CCR), commonly referred to as the Water Quality Report, by July 1st each year. This report provides important information about regulated drinking water contaminants and their health effects, the City's water source, and the water treatment process.

Community water systems may provide their CCRs electronically. The City's Water Quality Report will soon be available online at [www.fortlauderdale.gov/wqr](http://www.fortlauderdale.gov/wqr). To receive a paper copy, complete the Water Quality Report registration form at [www.fortlauderdale.gov/wqr](http://www.fortlauderdale.gov/wqr) or call Customer Service at (954) 828-8000.

## CITY OF FORT LAUDERDALE TO CHLORINATE WATER SYSTEM WATER TREATMENT SCHEDULED FOR MAY 10 – JUNE 14, 2016

The City of Fort Lauderdale will temporarily switch to using free chlorine in its drinking water system beginning at 9 a.m. on Tuesday, May 10 and ending at 9 a.m. on Tuesday, June 14, 2016.

Free Chlorination is a regularly scheduled preventative maintenance procedure for water systems using chloramines for disinfection. The City expects the chlorination period to be transparent to our neighbors; however, some may notice a slight change in the taste or smell of their tap water. In addition, neighbors may see fire hydrants running in their neighborhoods, which is part of the normal maintenance process.

The City of Fort Lauderdale maintains the highest standards to ensure that clean, high quality drinking water is delivered to our neighbors. The City's water meets federal, state, and local primary drinking water standards.

For more information, please contact the 24-hour Customer Service Center at (954) 828-8000, online at [www.fortlauderdale.gov/customerservice](http://www.fortlauderdale.gov/customerservice), or via LauderServ, the City's mobile app.

*Flushing fire hydrants is a routine part of the free chlorination process.*

## BUILD RESPONSIBLY TO HELP MINIMIZE FLOOD DAMAGE

Prior to starting any construction, residents or builders should contact the City's Department of Sustainable Development at 954-828-6520 to ask about required permits.

If you witness illegal floodplain development, such as filling or building in the floodplain without a permit posted, please report it by calling the Department of Sustainable Development at 954-828-6520.
