

# 5<sup>TH</sup> ANNUAL CITY OF FORT LAUDERDALE TRANSPORTATION SUMMIT

## SPEAKER BIOGRAPHY

### Steve Braun, District Planning & Environmental Engineer

Florida Department of Transportation (FDOT) – District 4

### Session: Transforming a Livable Downtown Together

Steve Braun, P.E., is the District Planning & Environmental Engineer for the FDOT's District 4 Office of Planning & Environmental Management.

Steve is a Civil Engineering graduate of Clemson University with more than 20 years of experience with FDOT. Steve has a background in Roadway Design and Project Development & Environment studies and has a wide range of project experience in Broward County, ranging from resurfacing State Road A1A to the reconstruction of I-595.

Steve currently manages FDOT's Planning & Environmental office where he is responsible for transportation planning, policy planning, transportation statistics, project/concept development, interchange access requests, site-impact reviews, and environmental reviews, the Strategic Intermodal System, and intergovernmental/MPO coordination. Steve's office also leads the coordination of the Lane Elimination Review process for the District, making him very involved in several "Complete Streets" initiatives. Steve's office also coordinates with local governments on comprehensive plan reviews and long range planning.
