Our City

Incorporated on March 27, 1911, the City of Fort Lauderdale is located on the southeast coast of Florida 23 miles north of Miami and 42 miles south of Palm Beach. Fort Lauderdale encompasses more than 33 square miles with a population of over 170,000, making it the largest of Broward County’s 31 municipalities and the seventh largest city in Florida. Embraced by the Atlantic Ocean, New River and a myriad of scenic inland waterways, Fort Lauderdale truly lives up to its designation as the “Venice of America.” Through the cooperative efforts of neighbors, businesses, visitors and local government, Fort Lauderdale offers an attractive business environment, a world-class vacation destination, and an outstanding quality of life. To learn more, please visit www.fortlauderdale.gov.

Fort Lauderdale is a full-service city that provides police protection, fire-rescue services, parks and recreation programs, delivers potable drinking water to a service area both within and outside the City limits along with wastewater collection and treatment, sanitation services, development regulation, parking, and street maintenance. The City is known for its beaches and waterways including Fort Lauderdale beach, the New River, the Middle River, and numerous canals. The City also operates a sports stadium, a general aviation airport, a downtown heliport, an aquatic complex and an auditorium.

About the Popular Annual Financial Report (PAFR)

This report of the City of Fort Lauderdale is published in order to increase public awareness and provide a simplified overview of the City’s financial position.

The information in this report is drawn from the City of Fort Lauderdale Comprehensive Annual Financial Report (CAFR) for the fiscal year ending September 30, 2014. The CAFR outlines the City’s financial position and operating activities for the year in detail and conforms to the generally accepted accounting principles (GAAP). For more information about the CAFR please visit www.fortlauderdale.gov/CAFR, or email the City’s Chief Financial Officer, Linda Logan-Short, at LLogan-Short@fortlauderdale.gov.
Elected Officials
The City of Fort Lauderdale has been operating under a Commission-Manager form of government since 1925. Under this form of government the Mayor, elected at large, and four Commissioners, elected by geographic single-member districts, determine the policies that guide the operation of the City. The City Commission hires a City Manager who implements Commission’s policies and administers the daily functions of the City.

Dear Neighbors:

The Mayor and City Commission are pleased to present to you the City of Fort Lauderdale’s Popular Annual Financial Report (PAFR) for the fiscal year 2014.

This report is intended to present a condensed overview of the City’s financial position, financial practices and details outlining how City revenues were generated and spent. Financial information in this report is derived from the independently audited financial statements that are a part of the City’s 2014 Comprehensive Annual Financial Report (CAFR).

A special thank you goes out to the dedicated community builders in the City’s Finance Department whose hard work and diligence made this possible. Their work is recognized nationally as they have achieved the Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association for the past 37 years.

As you review this Popular Annual Financial Report, please feel free to share any questions, concerns or recommendations you may have with us. We also look forward to hearing your suggestions and comments on how we can build a better community. Please join the online discussion at www.webuildcommunityftl.com.

Sincerely,

Lee R. Feldman, ICMA-CM
City Manager
This section provides a broad overview of the City as a whole. The statement of net position illustrates the total assets minus total liabilities. The Statement of Net Position reflects a healthy financial condition as of September 30, 2014.

*Expenditures per capita represents aggregate expenditures divided by 2014 population.

General Fund expenditures are classified by the type of service provided. Below is a summary of the types reported above:

- General Government expenditures are services provided by the government for the benefit of the public and the governmental body as a whole.
- Public Safety expenditures are related to services for the security of persons and property, mainly from the Police and Fire Rescue Departments.
- Physical Environment is the cost of services provided for the primary purpose of achieving a satisfactory living environment by controlling and utilizing elements of the environment, mainly provided by the Public Works Department.
- Economic Environment is the cost of providing services which develop and improve the economic condition of the community and our neighbors.
- Transportation includes the cost of services for the safe and adequate flow of vehicles, travelers, and pedestrians, mainly provided by the Transportation and Mobility Department.
- Culture/Recreation is the cost of providing and maintaining cultural and recreational facilities and activities for the benefit of neighbors and visitors, mainly provided by the Parks and Recreation Department.
- Capital Outlay expenditures are for the acquisition of fixed assets.
Where Do Property Taxes Go?
For fiscal year 2014, the average City of Fort Lauderdale homeowner paid $20.22 per $1,000 of assessed taxable value. The City of Fort Lauderdale’s operating millage and debt service represented 21.4% of the total millage levied on property tax bills. Other agencies, such as Broward County and the Broward County School Board collected approximately 65.3%; the North Broward Hospital District collected 8.7%; while the South Florida Management District, the Florida Inland Navigation District and the Children’s Services Council collected 4.6%.

Property Taxes
Property tax revenue increased due to an improving real estate market, which resulted in higher property values. In fiscal year 2014, the City experienced a 4.0% increase in property tax revenue as the result of an increase in taxable values. The City has continued to preserve service levels for its neighbors and maintained its low 4.1193 operating millage rate for eight consecutive years.
Other Major Revenues
Other major revenue sources included Licenses and Permits, Intergovernmental Revenues, Charges for Services, Fines and Forfeitures, Assessments and Other Fees, Interfund Service Charges and Miscellaneous revenues.

Fiscal Year 2014 Other Major Revenues

Fiscal Year 2014 General Fund Budgetary Comparison
Actual General Fund revenues were $6.0 million higher than the fiscal year 2014 final amended budget of $285.4 million. Total actual expenditures of $288.2 million were $4.5 million lower than the final amended budget of $292.7.

The City Commission recently adopted a revised policy to maintain the unrestricted fund balance (which are funds available for any purpose) for the General Fund at a level equivalent to two (2) months of operating expenditures and required transfers or 16.6%. During fiscal year 2014, the General Fund unrestricted balance increased from $45.1 million to $53.4 million, which represents 19.9% of the final General Fund budget for operations and exceeds the minimum unrestricted requirement.
Investing in our Community

Infrastructure, transportation, parks, and buildings are the literal foundation of a community. The Five-Year Community Investment Plan (CIP) has a unique and important responsibility to describe what the community needs to build now and what it will need to build in years to come. This must be done in a strategic, careful, and impactful way to maximize economic development and improve quality of life in line with the approved City Commission’s vision and policy. This CIP incorporates the concept of “sustainable infrastructure” which involves connecting a commitment to sound asset management with an approach that prioritizes community needs within the context of a sustainable future.

The projects in the CIP provide basic necessities (municipal water works) and amenities that make Fort Lauderdale a desirable place to live, work and play. To maintain a low tax rate, it is imperative that the CIP projects reflect the City’s Strategic Plan and that capital improvements are incorporated into the annual operating budget. Community improvement projects adopted in the fiscal year 2014 budget support of the City’s Strategic Plan and are critical to maintaining a high quality of life in Fort Lauderdale. The total fiscal year 2014 Community Investment Plan budget was adopted at $67.2 million.

Community Investment by Cylinder of Excellence
Putting the Unity in Community
In the past year alone volunteers throughout the City contributed almost 83,000 hours to our various community service events. Thank you to all of the volunteers who have made a difference in our community with their outstanding work.

Community Events at a Glance
• Fort Lauderdale United Day, January 19, 2015 – More than 400 volunteers removed over 800 lbs. of litter from our neighborhoods, while also partaking in building gardens and reading to our youth.
• Worked with Mission United on their Thanksgiving Meals for Veterans and Their Families.
• Fort Lauderdale Makes a Difference Day, October 25, 2014 – More than 320 volunteers assisted at more than 20 different locations.
• Fort Lauderdale Cares Day, April 25, 2014 – More than 620 volunteers worked on 32 locations painting, landscaping, and street cleaning.

For a current list of events and volunteer assignments or assistance in finding an opportunity that inspires you, please call the Chief Service Officer, Jorg Hruschka, for a personal interview at 954-828-5568 or 954-709-3197, or e-mail jhruschka@fortlauderdale.gov.
Major Initiatives of Fiscal Year 2015
The fiscal year 2015 total adopted citywide budget is $575.8 million, which is approximately 4.5% higher than the fiscal year 2014 budget (not including transfers). It aligns financial and employee resources with the City of Fort Lauderdale’s 2035 Vision - “Fast Forward Fort Lauderdale,” the City’s five-year strategic plan, “Press Play Fort Lauderdale,” the City Commission Annual Action Plan, and our neighbor’s priorities. It provides for investments in public safety, mobility, infrastructure, high performance management, quality development, and also recognizes that partnerships are important to excellent service delivery.

The Community Investment Plan continues to be a top priority. Here are some of the highlights for fiscal year 2015:

Fast Forward Fort Lauderdale 2035
The City of Fort Lauderdale is committed to implementing a strategic management system that focuses on community priorities, continuous improvement, and results. Fast Forward Fort Lauderdale 2035 is a long-term community vision for the City, developed through an inclusive outreach effort. The vision was unanimously accepted by the City Commission on April 16, 2013. Press Play Fort Lauderdale 2018, a five-year strategic plan, was developed as a staff road map and contains 42% of the community vision ideas. The City conducted a statistically valid Neighbor Survey in 2014, and will continue to do so annually to inform service delivery and the prioritization of funding. Our City Commission further prioritizes an annual work plan based on all of these priorities. The City holds monthly meetings to review progress with grants, capital projects, priority strategic initiatives, and performance measures. This commitment to vision, strategy, and action focuses our resources and ensures progress. View the City’s Vision Plan and Strategic Plan online at www.fortlauderdale.gov/vision and www.fortlauderdale.gov/pressplay.
