THIS AGREEMENT, made and entered into this 20 day of MAY, 2011, is by and between the City of Fort Lauderdale, a Florida municipality, ("City"), whose address is 100 North Andrews Avenue, Fort Lauderdale, FL 33301-1016, and Calvin, Giordano & Associates, Inc. a Florida corporation, ("Contractor" or "Company"), whose address and phone are 1800 Eller Drive, Suite 600, Fort Lauderdale, FL 33316, Phone: 954-921-7781, Fax: 954-921-8807, Email: dennis@calvin-giordano.com

WHEREAS, the City issued Request for Proposal Number 815-10670 ("RFP"), and the Contractor submitted a proposal in response to the RFP; and

WHEREAS, on March 1, 2011, the City Commission of the City of Fort Lauderdale approved an agreement with Contractor for the goods or services described in the RFP (Pur-05, CAR No. 11-0282),

NOW, THEREFORE, for and in consideration of the mutual promises and covenants set forth herein and other good and valuable consideration, the City and the Contractor covenant and agree as follows:

1. The Contractor agrees to provide to the City emergency plan review services as the secondary vendor in accordance with and in strict compliance with the specifications, terms, conditions, and requirements set forth in the RFP and any and all addenda thereto during the period beginning March 7, 2011, and ending March 6, 2012.

2. This contract form G-110 Rev. 01/10, the RFP, any and all addenda to the RFP and the Contractor's response thereto, and the Contractor's proposal in response to the RFP are integral parts of this Contract, and are incorporated herein.

3. In the event of conflict between or among the contract documents, the order of priority shall be as follows:

- First, this contract form, G-110 Rev. 01/10;
- Second, any and all addenda to the RFP in reverse chronological order;
- Third, the RFP;
- Fourth, the Contractor's response to any addendum requiring a response;
- Fifth, the Contractor's response to the RFP.

4. The Company warrants that the goods and services supplied to the City pursuant to this Contract shall at all times fully conform to the specifications set forth in the RFP and be of the highest quality. In the event the City, in the City's sole discretion, determines that any product or service supplied pursuant to this Contract is defective or does not conform to the specifications set forth in the RFP the City reserves the right unilaterally to cancel an order or cancel this Contract upon written notice to the Contractor, and reduce commensurately any amount of money due the Contractor.

5. The Contractor shall not present any invoice to the City that includes sales tax (85-8012514506C-7) or federal excise tax (59-6000319).

6. Contractor shall direct all invoices in duplicate for payment to Finance Department, City of Fort Lauderdale, 100 N. Andrews Avenue, 6th Floor, Fort Lauderdale, FL 33301. Any applicable discount MUST appear on the invoice.

**RE: Emergency Plan Review Services for the City of Fort Lauderdale
RFP No. 815-10670**

Dear Sir/Madam:

Please find attached Calvin, Giordano & Associates, Inc. (CGA) proposal to provide **Plan Review Services** for the City of Fort Lauderdale (City), including building (structural), roofing, mechanical, electrical, plumbing, engineering, landscaping, and zoning. CGA has assembled a team possessing the diversity of experience and skills necessary to meet the objectives of the City in this endeavor, if selected.

SERVICES

Operating in Florida and Georgia since 1937, CGA is a full-service governmental services firm providing Building Department, Code Enforcement, Zoning, Planning, Landscape Architecture, Traffic Engineering, Civil Engineering, and project management services amongst others. Consequently, the CGA Team has the understanding of process and depth of resources to evaluate any issue that may arise. Many of our team members are former long term local government officials who understand the needs of a city. We offer all services "in-house". In addition, we also have an in-house Information Technologies Department which develops and markets software applications specifically for Building Departments and Code Enforcement.

The Building Code Services Division provides local governments with all the resources required to ensure effective code compliance, including the Florida Building Code, state and federal statutes, local ordinances and other rules and regulations dealing with construction, permitting and inspection.

The City of Fort Lauderdale may use these Emergency Plan Review Services for unexpected workload demands and special requests for expediting. If it becomes practical for the City to request a long term plan review commitment, reduced rates may be negotiated.

The CGA Team has successful long standing relationships with municipal clients such as the cities of **Weston, Dania Beach, Hollywood, Miramar, North Lauderdale, Pembroke Pines, West Park and the Town of Surfside.**

NON-COLLUSION

The person named as Principal, the staff, and the Company, CGA, noted in the proposal herein, make this proposal without collusion with any other person(s), company or parties submitting a proposal; and the proposal is submitted in all respects fair and in good faith, without collusion or fraud; and upon signing this proposal I have full authority to bind the Company (Contractor), Calvin, Giordano, and Associates, Inc.

PROJECT MANAGER

The assigned Project Manager, Sandy Laguna, has more than 27 years of experience in directing and managing plans review and inspections services. He has worked with various municipalities throughout South Florida to deliver quality Building Code Services. Mr. Laguna will serve as the single point of contact with the City. As such, he will coordinate all activities for the department with individuals from both the City staff and CGA staff to create a cohesive and efficient relationship.

RFP#815-10670 - Emergency Plan Review Services for the City's Building Department

Tab 5: Statement of Proposed Services

The Building, Engineering, Landscaping, and Zoning Departments must be prepared to serve the ever changing needs of the City's residents and businesses that it serves. The Calvin, Giordano & Associates' team has an understanding of those needs and is committed to customer service as a priority. Our scale of organization is substantial enough to flex personnel from one assignment to another in order to accommodate the ever changing priorities. We also have the economic scale and longevity of existence that is required to endure the market fluctuations that others cannot.

In order to be an effective and efficient organization our entire staff understands that although their primary function for these Emergency Plan Review Services, enforcement of the Florida Building Code and the Code of Ordinances related to engineering, landscaping, and zoning, the staff is also partners with the community we all serve. This partnership is essential in order to accomplish vital and sometimes confusing tasks. Whether the job is the simple replacement of a water heater, single family renovation, or new construction of a high-rise building, the focus must be on getting the job done as efficiently and effectively as possible. The CGA staff adheres to a strict Code of Ethics, which includes this philosophy.

PLAN REVIEWERS

SHEILA OLIVER

Plans Examiner & Inspector

SUMMARY OF QUALIFICATIONS

By being a contractor previous to my being an inspector, plans reviewer and chief, I feel it has aided me in understanding both sides of the proverbial fence, which I feel enhances my ability as an educator. I can not only implement the code but also explain it to contractors, engineers, architects and those in mechanical training in a way where they understand the logic of it and thereby we are able to meet on common ground to enforce and maintain the integrity of the code without the power struggle that unfortunately has become all too common in this trade. I have always tried to implement a very businesslike but open door policy with these designers which usually leads to a better adherence to the codes and/or the intent while still understanding the cost effects for the developers, therefore the mechanical discipline becomes more effective. Over the years, I have proven myself and have received respect in our trade for my knowledge and ability to work with these diverse groups of people that all interact with our mechanical trade.

I have served on the Board of Rules & Appeals Mechanical Technical Committee for Broward County from 1989 - 1991 and from 1994 to the present and the Broward County Mechanical licensing board since June of 2006. I have taught Codes and Standards for Continuing Education points for the Board of Rules & Appeals for the past 3 years. In Addition, I have been teaching at Pipefitters Local 725 for the past 7 years for, 4th & 5th year apprentices Code and Standards for Retrofit and Preparation for Journeymen General Testing and 1st year apprentices Basic Science and Refrigeration

EXPERIENCE

DOUGLAS R. TAYLOR, PE

Director of Land Development

SUMMARY OF QUALIFICATIONS

Mr. Taylor has been responsible for a multitude of municipal engineering and development projects throughout Florida. This includes master design responsibility and oversight for a variety of projects. His goal is to instill within his group the importance of diligent project manager-to-client communications, as well as project manager-agency communications. Another prime focus has been the strong project schedule management, allowing clients to focus on other matters of importance while remaining confident that their projects are in capable hands.

Mr. Taylor has 27 years of experience in civil engineering and is a registered Professional Engineer in Florida, Colorado, Illinois, Iowa and Wisconsin. He has managed at a single time, as many as 25 design professionals within his office. His background includes the design, permitting, and construction-related services for municipalities and private clients throughout Florida and the Midwest. Additionally, he has performed feasibility studies, preliminary and final site engineering, due diligence, construction inspection and certifications.

Mr. Taylor has designed tens of miles of roads, watermain, sanitary, and storm sewers, along with thousands of acres of grading, drainage, and stormwater management on municipal, commercial, institutional, recreational, and industrial projects in Florida, Illinois, Wisconsin, Iowa, and the Caribbean.
