RE: Contract # 403-10368

Dear Mr. McKenney:

Harcros Chemicals, Inc would like to reduce the pricing for hydrofluosilic acid supplied to the Fort Lauderdale Co-op contract effective March 6, 2013. The new pricing we would like to offer is:

Price for full truckloads, one stop	\$0.27/lb based on 23% analysis
Price for orders less than full truckloads	\$0.285/lb based on 23% analysis

Please let me know if this would be acceptable to the Co-op members.

Sincerely,

A handwritten signature in cursive script that reads "Gary Delk".
