The circumstances must be beyond the control of the Contractor, and the requested adjustments must be fully documented. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the City will reserve the following options:

1. The contract can be canceled by the City upon giving thirty (30) days written notice to the Contractor with no penalty to the City or Contractor. The Contractor shall fill all City requirements submitted to the Contractor until the termination date contained in the notice.
2. The City requires the Contractor to continue to provide the items and services at the firm fixed (non-adjusted) cost until the termination of the contract term then in effect.
3. If the City, in its interest and in its sole opinion, determines that the Contractor in a capricious manner attempted to use this section of the contract to relieve themselves of a legitimate obligation under the contract, and no unusual circumstances had occurred, the City reserves the right to take any and all action under law or equity. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying him for receiving any business from the City for a stated period of time.

If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Contractor receives notice in writing signed by a person authorized to bind the City in such matters.

If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

5.19 ASSIGNMENT: Contractor shall not transfer or assign the performance required by this RFP without the prior written consent of the City. Any award issued pursuant to this RFP, and the monies, which may become due hereunder, are not assignable except with the prior written approval of the City Commission or the City Manager or City Manager's designee, depending on original award approval.

PART V - TECHNICAL SPECIFICATIONS/SCOPE OF SERVICES

01. OVERVIEW

Fort Lauderdale Beach is currently in the midst of a tremendous transformation with the goal of becoming a “five-star” destination for tourists and residents alike. Along with the completion of the Las Olas Streetscape project, upgraded beach concession amenities/services, emerging quality mixed use development along the beach and development of a Beach Master plan, the Beach Business Improvement District (BID) has provided the essential compliment to the already existing services on the beachfront. The BID is a taxing district comprised of businesses that front A1A from Harbor Beach Drive to Sunrise Boulevard. It was established by the City Commission after receiving overwhelming support from the property owners, the Fort Lauderdale Chamber of Commerce, the Economic Development Advisory Board and the Beach Redevelopment Advisory Board. Since the BID was established, it has focused its resources on supplementing and enhancing the City’s maintenance and beautification services along the beach. In addition to enhancing City services, the BID has allocated some money toward funding a sustainable signature, regular event or events, or a related marketing concept, and is soliciting requests for proposals to create, operate and promote such event(s). The event(s) shall be held at regular intervals (i.e. weekly or monthly) and shall focus on the period of April through October, which is generally considered the off-peak period for economic activity at the beach. In its first year (2009) only, the event(s) can begin no later than July. It is expected that in all future years, the event will begin in April.

02. GOALS

1. The goals of the resulting contract are:

1. To seek funding sources, including sponsorships, grants and strategic partnerships to minimize cost to the BID.
2. To develop a sustainable signature event or events, to promote and operate the event, to stimulate economic activity and increase the quality of the tourist experience on the beach.

2. The goals of the event(s) are:

1. To promote the beach as a destination for tourists and residents.
2. To provide a positive impact on hotel stays, restaurants and retail establishments.

While the event(s) can take place year round, emphasis should be on the period of April through October, which is generally considered the off-peak period for economic activity at the beach. The approved event(s) shall receive prior approval from the City and the City Manager, including obtaining Event Agreements, if necessary.

03. FUNCTIONAL REQUIREMENTS

The proposer shall provide a detailed description of the event(s) being proposed, along with a proposed methodology of how to fund, operate and promote the event(s). It is expected that

the proposer will have sole responsibility to operate and administer the event(s), and to regularly report its progress to the BID Advisory Committee. The proposer shall also:

1. Have previous experience promoting and managing events.
2. Identify stakeholders (property owners, business associations, tourism organizations, etc.).
3. Identify other existing events.
4. Identify and justify the proposed target audiences.
5. Identify funding sources to minimize cost to the City.
6. Identify the event or events being proposed, along with proposed locations, funding strategies and all other relevant details required to provide sufficient information to the selection committee to make an informed qualitative and quantitative decision with regard to the efficacy of the event plan.
7. Identify the cost to the City of Fort Lauderdale (BID). It is important to note that any proposal that includes a cost to the BID in excess of \$80,000.00 shall be deemed non-responsive, and that those costs are expected to be kept as low as possible as they should be supplemented by sponsorships.

A draft plan for the event(s) shall be completed no later than 30 days after the award of the contract. The plan should include a specific timeline, operations plan and funding strategy, as well as all other relevant details related to the signature event(s). The proposer may be required to attend up to two (2) City Commission meetings, and one BID Advisory Committee meeting to present and/or answer questions regarding the proposed event(s). The proposer is also required to obtain the approval of the City Manager for its event plan before commencing, and must comply with all City of Fort Lauderdale rules and ordinances relating to obtaining event agreements, sponsorships or other City approvals.

The proposer shall provide ten (10) colored hard copies and five (5) electronic copies of the approved event(s).

04. TIMELINE

The proposal shall include timelines for completion of all items as listed in Part V, Section 3 of the RFP.

05. PROJECT SCHEDULE

The project should not exceed sixty (60) days from notice to proceed.

All interpretations of these specifications shall be made upon the basis of this statement.

PART VI - CONSIDERATION FOR AWARD/AWARD PROCEDURES

The award of the contract will be based on certain objective and subjective considerations listed below:

<u>EVALUATION CRITERIA</u>	<u>POINTS</u>
<p>1. PRELIMINARY SCOPE OF SERVICES Includes understanding of the City's needs, goals and objectives as they relate to this event, and overall approach to accomplish same. This also included the quality of the event plan proposed, as well as the funding (sponsorship) strategy. Maximum Points Available:</p>	30
<p>2. PREVIOUS EXPERIENCE AND QUALIFICATIONS: Includes experience, qualifications, and past performance of the proposing firm including: persons proposed for the project, facilities, resources and references, similar types of analysis. and projects created. Maximum Points Available:</p>	30
<p>4. ABILITY TO MEET PROJECT SCHEDULE: Maximum Points Available:</p>	20
<p>5. TOTAL PROJECT COST TO THE CITY: Maximum Points Available:</p>	20
TOTAL POINTS AVAILABLE:	100

Evaluation of proposals will be conducted by an evaluation committee of qualified City Staff, or other persons selected by the City. It may be a two step process. In step one the committee will evaluate all responsive proposals based upon the information and references contained in the proposals as submitted. The committee will score and rank all responsive proposals and determine a minimum of three (3), if more than three (3) proposals are responsive, to be finalists for further consideration. In the event there are less than three (3) responsive proposals, the committee will give further consideration to all responsive proposals received. If necessary, the committee will then conduct discussions, for clarification purposes only, with the finalists and re-score and re-rank the finalists proposals. The committee will then make a recommendation to the Fort Lauderdale City Commission for award.

Evaluation of proposals will be conducted by an evaluation committee of qualified City Staff, or other persons selected by the City. Proposers or Finalists may be required to provide an oral

presentation by appearing before the Evaluation Committee or by conference telephone call for clarification purposes only.

Information and references submitted will be considered in the award.

The City may require visits to customer installations or demonstrations of product by proposers as part of the evaluation process.

The City may require additional information and Proposers shall agree to furnish such information. The City reserves the right to award the contract to that Proposer who will best serve the interest of the City. The City reserves the right, based upon its deliberations and in its opinion, to accept or reject any or all proposals. The City also reserves the right to waive minor irregularities or variations to the specifications and in the bidding process.

The City uses a mathematical formula for determining allocation of cost points to each responsive, responsible proposer. The lowest, responsive, responsible proposer receives the maximum allowable points. When using this formula, a proposer that submits a cost or fee which is two times greater than the cost / fee of the lowest responsive, responsible proposer, will result in receiving zero points for cost.

PART VII - REQUIREMENTS OF THE PROPOSAL

All proposals must be submitted as specified on the proposal pages which follow. Any attachments must be clearly identified. To be considered, the proposal must respond to all parts of the RFP. Any other information thought to be relevant, but not applicable to the enumerated categories, should be provided as an appendix to the proposal. This will provide a quick reference for the evaluators. Proposals not providing this reference will be considered to have no reference material included in the additional documents.

NOTE: UNNECESSARILY ELABORATE RESPONSES BEYOND THAT SUFFICIENT TO PRESENT A COMPLETE AND EFFECTIVE RESPONSE TO THE SOLICITATIONS ARE NOT DESIRED AND MAY BE CONSTRUED AS AN INDICATION OF THE OFFEROR'S LACK OF COST CONSCIOUSNESS.
