PART V – PROPOSAL EVALUATION CRITERIA

The award of the contract will be based on certain objective and subjective considerations listed below:

Understanding of the overall needs of the City for such services, as presented in the narrative proposal. This will include problem identification and the proposed method to accomplish the work required.	5%
Experience, qualifications and past performance of the proposing firm, including persons proposed to provide the services, facilities, resources and references.	15%
Technology capabilities.	10%
Venue/Map options; Administration; Point of Sale, Patron Services.	10%
Patron services (accessibility; ease of ticket purchase process; convenience and processing fees paid by patron; refund and lost ticket policies; cancelled event policies; phone sales operating hours, etc.).	10%
Fee Pricing / Pricing Requirements, (convenience charges; convenience charge participation, if applicable; inside charges to WMA; convenience charge scaling per ticket price).	20%
Total annual revenue to the City (as shown in Part VII Cost Proposal):	30%
TOTAL PERCENT AVAILABLE:	100%

An evaluation committee of qualified City Staff or other persons selected by the City will conduct evaluations of proposals. It may be a two-step process. In step one; the committee will evaluate all responsive proposals based upon the information and references contained in the proposals as submitted. The committee shall review each proposal and rank each proposer's evaluation criteria as stated in this RFP (i.e. criteria 1, 2, 3, 4), and determine a minimum of three (3), if more than three (3) proposals are responsive, to be finalists for further consideration. In the event there are less than three (3) responsive proposals, the committee will give further consideration to all responsive proposals received. In step two, the committee may then conduct discussions (oral presentations), for clarification purposes only, with the finalists and re-score and re-rank the finalists' proposals. The evaluation committee may then make a recommendation, resulting from this process, to the City Manager for award of a contract.

The City may require visits to customer installations or demonstrations of product by Contractor's, as part of the evaluation process.

The City of Fort Lauderdale reserves the right, before awarding the contract, to require a Proposer to submit any evidence of its qualifications as the City may deem necessary, and to consider any evidence available of financial, technical and other qualifications and capabilities, including performance experience with past and present users.

The City of Fort Lauderdale reserves the right to request additional clarifying information and request an oral presentation from any and all Proposers prior to determination of award.

The City reserves the right to award the contract to that Proposer who will best serve the interest of the City. The City reserves the right based upon its deliberations and in its opinion, to accept or reject any or all proposals. The City also reserves the right to waive minor irregularities or variations to the specifications and in the bidding process.

The City uses a mathematical formula for determining allocation of evaluation criteria including cost points, to each responsive, responsible proposer. Each evaluation criteria stated in the RFP has an identified weighted factor. Each evaluation committee member will rank each criteria, from each proposer, giving their first ranked proposer as number 1, and second proposer as number 2 and so on. The City shall average the ranking for each criteria, for all evaluation committee members, and then multiply that average ranking by the weighted criteria identified in the RFP. The lowest average final ranking score will determine the recommendation by the evaluation committee to the City Manager.

Question and Answers for Bid #715-10823 - Event Ticketing Services

OVERALL BID QUESTIONS

Question 1

Will the successful ticketing vendor provide ticketing services for not just the reserved/general admission events, but does this contract include providing ticketing services for exhibit shows, flat shows, etc.? **(Submitted: Oct 6, 2011 7:03:18 PM EDT)**

Answer

- Under the appropriate fee structure such events can, and would be placed on the computerized ticketing system, including parking fees, food items, novelties, etc. however WMA reserves the right to withhold any event from the system. **(Answered: Oct 7, 2011 8:07:27 AM EDT)**

Question 2

We are not a service provider but instead provide a software solution. Several items indicate you will only consider a true service bureau, such as requiring that the vendor provide all of the hardware and data lines, be in charge of setting up all of the venues/events/performances for you, and provide a Call Center that cannot be outsourced. Are all of those requirements truly hard-and-fast, or would you consider a solution in which you are trained how to set up your own events (and thus have total control), or answer your own incoming calls (or at least use an established third-party Call Center company with which we work)? From a financial standpoint, would you consider a model in which you pay a one-time license fee and then an annual support fee, with you getting to set and keep 100% of your fee revenue? **(Submitted: Oct 10, 2011 2:09:26 PM EDT)**

Answer

- Part IV.04.Technology states that all hardware and data lines must be at the expense of the contractor, so we would require that.

Part IV.04.Venues and Maps states that it is preferable, but not mandatory, that WMA create (program) its own events.

Part IV.04.Other Features states that Ticketing Contractor must offer an optional Call Center that is not outsourced. WMA does not have the resources to staff our own call center now do we wish to deal with a third party for a call center.

We are looking for a Ticketing Contractor as a vendor, not to purchase software for ticketing. **(Answered: Oct 11, 2011 7:04:56 AM EDT)**
