#### 5.4 Contracts

These Request for Proposal specifications, services and schedules, as well as the resulting response, will be included as an integral part of the contract. Bidders should realize that any and all statements made in their proposals would automatically become part of the final contract for janitorial services. Inability to contractually guarantee any statement made for specifications, services and schedules may result in bidder disqualification.

## PART V – PROPOSAL EVALUATION CRITERIA

The award of the contract will be based on certain objective and subjective considerations listed below:

Understanding of the overall needs of the City for such services, as presented in the narrative proposal. This will include problem identification and the proposed method to accomplish the work required.	30%
Experience, qualifications and past performance of the proposing firm, including persons proposed to provide the services, facilities, resources and references.	40%
Cost to the City based upon weekly cost per location.	30%
<b>TOTAL PERCENT AVAILABLE:</b>	<b>100%</b>

An evaluation committee of qualified City Staff or other persons selected by the City will conduct evaluations of proposals. It may be a two-step process. In step one, the committee will evaluate all responsive proposals based upon the information and references contained in the proposals as submitted. The committee shall review each proposal and rank each proposer's evaluation criteria as stated in this RFP (i.e. criteria 1, 2, 3, 4), and determine a minimum of three (3), if more than three (3) proposals are responsive, to be finalists for further consideration. In the event there are less than three (3) responsive proposals, the committee will give further consideration to all responsive proposals received. In step two, the committee may conduct discussions (oral presentations), for clarification purposes only, with the finalists and re-score and re-rank the finalists' proposals. The evaluation committee may then make a recommendation, resulting from this process, to the City Manager for award of a contract.

The City may require visits to customer installations or demonstrations of product by Contractor's, as part of the evaluation process.

The City of Fort Lauderdale reserves the right, before awarding the contract, to require a Proposer to submit any evidence of its qualifications as the City may deem necessary, and to consider any evidence available of financial, technical and other qualifications and capabilities, including performance experience with past and present users.

The City of Fort Lauderdale reserves the right to request additional clarifying information and request an oral presentation from any and all Proposers prior to determination of award.

The City reserves the right to award the contract to that Proposer who will best serve the interest of the City. The City reserves the right based upon its deliberations and in its opinion, to accept or reject any or all proposals. The City also reserves the right to waive minor irregularities or variations to the specifications and in the bidding process.

The City uses a mathematical formula for determining allocation of evaluation criteria including cost points, to each responsive, responsible proposer. Each evaluation criteria stated in the RFP has an identified weighted factor. Each evaluation committee member will rank each criteria, from each proposer, giving their first ranked proposer as number 1, and second proposer as number 2 and so on. The City shall average the ranking for each criteria, for all evaluation committee members, and then multiply that average ranking by the weighted criteria identified in the RFP. The lowest average final ranking score will determine the recommendation by the evaluation committee to the City Manager.

## OVERALL BID QUESTIONS

### Question 1

I am a new business owner in business less than a year. However, I have been employed for several years in the Janitorial field. When I decided to start my own business, I wanted to be considered for submitting bids. Is there a certain amount of past experience you are requesting from a business? (Submitted: Oct 30, 2013 11:24:36 AM EDT)

### Answer

As this is an Request for proposal and each proposer (company) is ranked based on PART V - PROPOSAL EVALUATION CRITERIA, experience and qualifications and past performance of the proposing firm, this is worth 30% of the weighted criteria as stated in the RFP. Your firm will be evaluated based upon this criteria. (Answered: Oct 30, 2013 1:38:57 PM EDT)

### Answer

Because of the sensitive nature of the locations being serviced and the building security, background checks are required as stated in the RFP.
