**CITY OF FORT LAUDERDALE**

August 21, 2025

Honorable Mayor, Vice Mayor, Commissioners and  
Residents of the City of Fort Lauderdale, Florida:

This letter transmits the Annual Comprehensive Financial Report (ACFR) for the City of Fort Lauderdale, Florida (City) for the fiscal year ended September 30, 2024. This submission meets the requirements of City Charter Section 10.02, Section 2-147(b)(14) of the Code of Ordinances of the City of Fort Lauderdale, Section 166.241, Florida Statutes, and Rules of the Florida Auditor General Section 10.550. The financial statements included in this report conform to generally accepted accounting principles in the United States (GAAP), as prescribed by the Governmental Accounting Standards Board (GASB).

The City is responsible for the accuracy of the data and the completeness and fairness of the presentation including all disclosures. Management has established internal controls to ensure that the City fulfills its fiduciary responsibility as custodian of public monies. The purpose of internal controls is to provide reasonable, but not absolute, assurance that City assets are safeguarded against loss through unauthorized use or disposition. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

The financial statements have been audited by RSM US LLP, Certified Public Accountants. The independent auditor has issued an unmodified opinion that the basic financial statements included in this report fairly present the financial position of the City and changes thereof and comply with all reporting standards noted above.

Management's Discussion and Analysis (MD&A) provides a narrative introduction, overview and analysis of the basic financial statements. It complements this Letter of Transmittal and should be read in conjunction with it.

Other financial information, including the budget and other schedules, are also provided to supplement required financial data. The Statistical Section includes schedules that provide historic, social, economic, and financial trend data that offers an overview of the City's fiscal position.

### **Profile of the Government**

The City was founded in 1911. It operates under the commission/manager form of government where the Mayor, elected at large, and four Commissioners, elected by geographic single-member districts, determine the policies that guide the operation of the City. The City Commission hires a City Manager, who implements and administers City policies and manages fiscal and personnel resources on a full-time basis. The City Commission also appoints a City Attorney who is responsible for legal affairs, a City Clerk who is the official custodian of all public records and a City Auditor who provides an independent, objective, and comprehensive auditing program of City operations.

### **Office of the City Manager**

101 NE Third Avenue, Suite 2100, Fort Lauderdale, Florida 33301

Telephone (954) 828-5013, Fax (954) 828-5599

[www.fortlauderdale.gov](http://www.fortlauderdale.gov)

Fort Lauderdale is a full-service city that provides police protection, fire-rescue services, parks and recreation programs, delivers potable drinking water to a customer base both within and outside the City limits along with wastewater collection and treatment, sanitation services, development regulation, parking, and street maintenance. The City is known for its beaches and waterways including Fort Lauderdale Beach, the New River, the Middle River, and numerous canals. The City also owns and operates a general aviation airport, a downtown heliport and an aquatic complex.

This financial report includes all funds and component units of the City. The Sunrise Key Safe Neighborhood Improvement District (Sunrise Key) is included as a component unit along with the Fort Lauderdale Community Redevelopment Agency (CRA). These organizations have been included as component units since the City is financially accountable for and has ultimate decision-making authority. The transactions and balances of the CRA are blended with those of the City (primary government), while the Sunrise Key financial information is discretely presented in the government-wide financial statements.

The City of Fort Lauderdale Downtown Development Authority (DDA), the Housing Authority of the City of Fort Lauderdale (HACFL), and the Lauderdale Isles Water Control District (LIWCD) are related organizations, but separate and distinct. They are not included in this financial report since they do not meet the established criteria for reporting herein. Along with the Performing Arts Center Authority and the DDA, the City is a participant in a joint venture in the Arts and Science District Parking Garage with each party maintaining an ongoing financial interest.

### **Budgetary Controls**

The City of Fort Lauderdale is required to adopt an annual budget in accordance with the City Charter and state statutes. The City Manager is charged with preparing a proposed budget for submission in July of each year for the fiscal year that begins the following October 1. Appropriations by department within funds and tax levies are adopted in September. The budget also authorizes the number of full-time equivalent positions available to City departments to deliver services. The budget may be amended by resolution if altering the total budget of a particular fund, by City Commission motion if changing a department total within a fund, or administratively if the change is within the same department and fund. Various thresholds of review and approval have been established for purchases and hiring throughout the fiscal year.

### **Economic Conditions**

The City of Fort Lauderdale’s taxable assessed value for tax year 2024 increased by 8.59% from 2023. New construction, which represents improvements to real property that were not on the tax roll in the prior year, added \$597.0 million to the tax roll. This is the twelfth year in a row that the assessed valuations have shown steady growth. The following table shows new construction and total taxable assessed value for the last five calendar years.

Taxable Values – 5 Year Comparison

Calendar Tax Year	Net New Construction	Final Gross Taxable Value	Increase/Decrease from Prior Year	Operating Millage Rate
2024-Certified	\$ 596,586,866	\$ 58,986,083,589	8.59%	4.1193
2023-Final	\$ 1,131,962,110	\$ 54,319,031,027	11.30%	4.1193
2022-Final	\$ 1,679,235,780	\$ 48,804,360,453	12.95%	4.1193
2021-Final	\$ 1,141,870,340	\$ 43,209,678,707	5.74%	4.1193
2020-Final	\$ 686,582,000	\$ 40,865,741,282	5.43%	4.1193

Per the Florida Chamber of Commerce, the population of Florida has increased by more than two million net new residents since 2018, representing the second highest growth rate in the country. However, in recent years net domestic migration has slowed as more people are leaving the state. In 2023, for example, nearly 511,000 people left Florida, which is the largest outflow the state has ever seen. South Florida’s population trends mirror those of the overall state, with domestic migration slowing but being offset by increased international immigration. According to the Bureau of Labor Statistics, the greater Fort Lauderdale metropolitan area civilian labor force was 1,094,845 as of September 2024, amounting to a 0.4% increase from the prior year of 1,090,217. The unemployment rate increased to 3.2% as compared to 3.1% in the prior year.

### Long-term Financial Planning

Financial planning stimulates discussion about the long- term impact of decisions made today and how the City can position itself strategically to deliver a stable level of essential services to our neighbors into the future. The City’s ability to generate sufficient revenue to provide core municipal services, make appropriate investment in economic and community development, and build “rainy day” reserves requires deliberate examination. On an annual basis, the City completes a ten-year financial sustainability analysis for the General Fund and other proprietary funds within the City. This financial forecast model is populated with data from every facet of the organization to create an informed, interactive, financial forecast model to prepare long-term financial plans and ensure structural balance in our budget. Fort Lauderdale continues to be proactive in our actions to ensure long-term financial sustainability, as well as investment in our capital infrastructure to protect and preserve Fort Lauderdale's outstanding quality of life.

FY2024 is the seventeenth consecutive year that the City Commission maintained an operating millage rate of 4.1193. The chart below represents the adopted operating and debt service millage rates for the last ten years.

### Millage Rate History

Source: City of Fort Lauderdale Fiscal Year 2024 Annual Comprehensive Financial Report.

Over 68.3% of the General Fund budget for operating expenditures is dedicated to public safety through police, fire-rescue, and code enforcement. Another 11.4% is allocated to cultural and recreational quality of life programs.

## Financial Policies

The City Commission has adopted financial integrity principles to set forth the basic framework for the overall fiscal management of the City. They contain four high-level principles to govern the City’s financial management:

- **Sound Budgeting Practices** - The City of Fort Lauderdale shall be committed to maintaining a structurally balanced budget to support high quality service to our neighbors, while maintaining a relatively low millage rate and reserves consistent with the needs of the City.
- **Prudent Fiscal Management** - The City of Fort Lauderdale shall be committed to best practices in revenue collection, expenditure disbursements, asset maintenance, and record keeping for ensuring the optimal performance and integrity of public funds and resources.
- **Cost Effective Operations** - The City of Fort Lauderdale shall be accountable to stakeholders through transparent and fiscally responsible decisions in order to deliver high quality services in the most efficient and effective manner possible.
- **Long-term Financial Planning** - The City of Fort Lauderdale shall be dedicated to investing in the future and enhancing the quality of life through public-private partnerships, cooperative decision-making, community engagement and smart strategic investments, while using debt in a responsible manner and striving for the highest level of government bond ratings available.

The City continues to exceed its policy to maintain the unrestricted fund balance for the General Fund equivalent to two (2) months of operating expenditures and required transfers. During FY2024 the General Fund unrestricted balance increased from \$141.9 million to \$157.1 million. At 37.9%, this amount exceeds the minimum unrestricted requirement for the General Fund by \$88.1 million. The chart below presents a ten-year history of General Fund balances.

The City maintains an investment policy that strives to protect capital above all else while seeking investment earnings and providing for daily cash needs. The City's portfolio as of September 30, 2024 was \$1.5 billion, excluding investments of the permanent and fiduciary funds. The City's master and payroll accounts are swept regularly to maximize interest earnings.

The City of Fort Lauderdale has a combination of insurance policies and self-insured programs to mitigate the City's risk as a municipality. The City is self-insured for automobile, general liability, police professional liability, workers' compensation and employment practices claims and certain medical benefits. Insurance policies have been purchased to cover damage to City property, including windstorm and terrorism coverage, losses due to fraud or criminal actions of City officials, major employment practices liability, workers' compensation, medical claims, and cyber liability insurance. Independent actuaries assist in assessing the City's liabilities and establishing appropriate claim reserves.

### **Major Initiatives of FY2024**

The FY2024 Adopted Budget served as a financial plan that advanced the organizational mission of providing optimum government services to our neighbors while investing in social capital to enhance the overall health of the City of Fort Lauderdale.

The City Commission Top Priorities and associated projects for FY2024 included:

- Community Redevelopment Agency funding for incentive programs to attract new businesses and encourage economic development.
- Homelessness and Housing Opportunities including outreach, Community Court, support services, and homelessness prevention.
- Infrastructure and Resilience including seawalls, sidewalks, stormwater infrastructure, water and wastewater infrastructure, and the water treatment plant.
- Public Places including maintenance of City-owned facilities, maintenance of parks, public areas, and streetscape improvements.
- Transportation and Traffic including the Las Olas Mobility Vision Plan, traffic flow improvements, and one-way pairing of streets downtown.
- Community Response and Safety including code enforcement services, Police headquarters, and vacation rental regulation.
- Economic Diversification including advocating for State and Federal funding, and attracting new businesses and industries to the City.
- Historic Preservation including evaluating the City's historic preservation staffing and resource levels, and recognizing and retaining the City's built history.
- Smart Growth including 3D development mapping.
- Waterway Quality including the continuation of water quality testing, guaranteeing waterways are clean and safe, pump out stations, and waterway dredging.
- Workforce Training and Education including developing workforce training opportunities.

## Major Initiatives of FY2025

The FY2025 adopted operating budget includes over \$17.5 million in funding enhancements and new strategic initiatives. Each funding enhancement recommendation was made in an effort to enhance the City’s capacity to meet the needs of the Community.

The FY2025 Community Investment Plan (CIP) is born out of our commitment to adapt to the future. The City will continue to address a wide variety of infrastructure-related projects and funding issues to protect our valued quality of life. The CIP acts as a roadmap, demonstrating how we plan to reach our potential, support our aging infrastructure, and plan our investment strategies to adequately strengthen our community.

The Community Investment Plan addresses the identified priorities through specific projects funded in FY2025 such as:

Parks Bond Projects	\$ 60,000,000
Stormwater Improvements	41,185,034
Water and Sewer – General Capital Projects	30,937,479
Parking System Infrastructure	11,900,000
Bridge Replacement and Improvements	8,391,600
Annual Asphalt/Concrete Resurfacing	3,000,000
Facility Assessments	2,000,000
Annual Sidewalk Gap Construction	870,000
Parker Playhouse Renovation	700,000
Streetlight Improvements	500,000
Seawall Replacement and Improvements	484,100

## Accreditations and Certifications

The City of Fort Lauderdale has earned the prestigious All-America City Award for its exemplary community-based problem solving and civic engagement efforts and was inducted into their Hall of Fame in 2023.

The City of Fort Lauderdale has achieved Silver What Works City Certification which recognizes the most advanced cities’ implementation of data and evidence-based practices and policies.

The City of Fort Lauderdale Parks and Recreation Department has earned national accreditation from the Commission for Accreditation of Park and Recreation Agencies (CAPRA). The City of Fort Lauderdale Parks and Recreation Department is only one of a few agencies in the country to receive national accreditation, which confirms an agency’s commitment to quality and efficiency.

In May 1996, the Commission for Florida Law Enforcement Accreditation, Inc. (CFA) selected the Fort Lauderdale Police Department as one of ten pilot agencies in the State of Florida to undergo the accreditation process. The Fort Lauderdale Police Department was reaccredited most recently in 2022 and holds the Excelsior Recognition.

Public Works Water and Wastewater Treatment Division provides our neighbors with safe and efficient water treatment, water production, and wastewater treatment and disposal. Additionally, the City’s laboratory, which is accredited (ISO 17025) and certified (National Environmental Laboratory Accreditation Certification), provides sampling and testing services to the City 365 days a year.

Fort Lauderdale has achieved the Gold certification from the Florida Green Building Coalition (FGBC). Among other certifications, the FGBC Green Local Government Standard designates Green Cities and Green Counties for outstanding environmental stewardship through evaluation

of many aspects of government operations, including their energy and water usage, air quality, land use, recycling and waste disposal, maintenance policies, educational programs, purchasing practices, and regulatory policies. The City received its first FGBC Green Local Government certification in 2013 and was recertified at the Gold Level in 2024.

Fort Lauderdale Fire Rescue (FLFR) maintained their accredited status through the Center for Public Safety Excellence (CPSE) acknowledging our commitment to provide our citizens with the best possible service available.

Fort Lauderdale Fire Rescue is rated a "Class 1" department by the Insurance Services Office (ISO). This certification notifies insurance companies of the exceptional level of service we provide our residents. FLFR continues to be part of the elite ranks of less than 1% of all Fire Departments across the country that hold a Class-1 designation.

Fort Lauderdale Fire Rescue earned accreditation from the Commission on Accreditation of Ambulance Services (CAAS), acknowledging our outstanding emergency medical care. CAAS accreditation is designed to help EMS agencies increase organizational performance and efficiency, increase clinical quality, and decrease risk and liability, thus, improving the overall performance of the agency.

Fort Lauderdale's Emergency Management Office is accredited through the Emergency Management Accreditation Program (EMAP).

### Recognition and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended September 30, 2023. This was the 47th consecutive year that the City has received this award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current report continues to meet the program's requirements, and we are submitting it to the GFOA to determine its eligibility for another award. Additionally, the City has received the GFOA Distinguished Budget Presentation Award each fiscal year since 1985 and for the tenth year the City received the Award for Outstanding Achievement in Popular Annual Financial Reporting (PAFR).

This report could not have been prepared without the dedicated service of all employees in the Finance Department and the support of the other City departments. Sincere appreciation is expressed to all for their efforts.

## Independent Auditor's Report

Honorable Mayor, Members of the City Commission and the City Manager  
City of Fort Lauderdale, Florida

### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the discretely presented component unit and remaining fund information of the City of Fort Lauderdale, Florida (the City), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the discretely presented component unit and remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Police and Firefighters' Retirement System and the General Employees' Retirement System which represents 69%, 74% and 49%, respectively, of the total assets, fund balance/net position and revenues/additions of the discretely presented component unit and remaining fund information as of September 30, 2024. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the entities listed above, is based solely on the reports of the other auditors.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, and other post-employment benefits and pension schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Combining Financial Statements and Budgetary Comparison Schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying Combining Financial Statements and Budgetary Comparison Schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Information**

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated August 21, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

---

The Management's Discussion and Analysis section is intended to provide readers of this report with a general overview of the financial activities of the City of Fort Lauderdale (City) during fiscal year (FY) 2024. We encourage readers to consider the information presented here in conjunction with the transmittal letter at the beginning of this report, as well as the financial statements and notes to financial statements, which follow.

### Financial Highlights

- The City's total assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at September 30, 2024 by \$1.60 billion (net position). Of this amount, \$492.1 million was from governmental activities and \$1.1 billion was from business-type activities.
- The City's revenues for governmental activities, excluding transfers, totaled \$604.6 million, a 6.3% or \$35.6 million increase from FY2023. Interest income increased by \$17.6 million, property taxes increased by \$22.2 million and charges for services decreased by \$8.6 million. Program revenue for grants and contributions decreased by \$9.7 million, with franchise fees and utility service taxes growing by \$1.5 million and \$6.2 million, respectively. Expenses for governmental activities increased by \$89.5 million or 18.0% to \$586.9 million, driven by a \$52.9 million change in net pension liabilities, as well as increased personnel costs. Public safety increased by \$49.7 million, economic environment increased by \$33.8 million, culture/recreation increased by \$5.9 million, and general government decreased by \$1.9 million. Interest on long term debt decreased by approximately \$68,000.
- Revenues related to business-type activities increased by \$81.6 million to \$387.7 million and expenses, excluding transfers, increased by \$37.3 million to \$276.7 million.
- The General Fund's fund balance increased by \$15.2 million to \$157.2 million. Unassigned fund balance increased from \$137.2 million in FY2023 to \$151.2 million in FY2024.
- The City's long-term debt increased by \$447.2 million net of retirements to \$1.4 billion: this primarily resulted from the issuance of \$511.2 million of Water and Sewer Revenue Bonds, which were partially offset through annual debt payments.
- The City has a AAA/Stable outlook rating from Standards & Poor's for the General Obligation Bonds (GOB), Special Obligation Bonds (SOB) and Special Assessment Bonds (SAB). Additionally, Moody's Investors Service gave the City a Aa1/positive outlook rating for the SOB and the GOB, and a Aa2/positive outlook rating for the SAB.

### Overview of Financial Statements

The basic financial statements are comprised of government-wide statements that offer a broad overview of financial activity, and more specific fund statements that present more detailed information.

## CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

---

**Government-wide Statements** include the statement of net position and statement of activities. They provide a broad overview of the City as a whole similar to private sector financial statements. The *statement of net position* shows the total assets and deferred outflows and liabilities and deferred inflows for the City with the difference being net position. The *statement of activities* provides a breakdown of revenues and expenses by function. Functions generally supported by taxes and intergovernmental revenues such as police, fire-rescue, parks and recreation, and public works are considered governmental activities. Those functions that are primarily funded through user fees and charges are identified as business-type activities. In Fort Lauderdale, these activities include water and sewer, sanitation, cemetery, stormwater, the parking system, and the Fort Lauderdale Executive Airport (FXE).

The government-wide statements include two component units. The financial information of the City's Community Redevelopment Agency (CRA) is blended within the primary government. The Sunrise Key Safe Neighborhood District (SK) is discretely presented on the *statement of activities* and *statement of net position*. Refer to the Summary of Significant Accounting Policies for additional information on individual component units. Fiduciary funds, which include pension and custodial funds, are not included as part of the primary government because those resources are not available for use on City activities. Details of the fiduciary funds are provided in the fund statements.

**Fund Financial Statements** the City uses fund accounting to track the sources and uses of resources for specific purposes. The City categorizes funds into three basic fund types: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide statements. However, unlike the previous statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Since the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This comparison highlights the long-term impact of the City's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances offer a reconciliation to assist with this comparison.

The City maintains 27 individual governmental funds. Of this number, the General Fund and the General Obligation Bonds, Series 2020B funds are considered a major funds and thus is reflected separately in the fund financial statements. All the other governmental funds are combined for presentation purposes as nonmajor funds.

Proprietary Funds are comprised of two different categories. Enterprise funds include business-type activities such as water and sewer, sanitation, cemetery, stormwater, the parking system, and the executive airport. Internal service funds include project management, vehicle rental, central services (information technology, telecommunications, and printing services), and insurance services. The latter functions provide support to internal City departments rather than services to the public. Enterprise funds are also reported as either major or nonmajor funds depending upon the significance of their financial activity.

Fiduciary Funds which are not included in the government-wide statements are presented in this section and include the General Employees' Retirement System, the Police and Firefighters' Retirement System, the Post-Retirement Pay Steps Plan and the Other Post-Employment Benefits Fund.

# CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

**Notes to Financial Statements** are integral to a complete understanding of both the government-wide and fund financial statements. They provide additional explanation of the amounts shown in the various statements.

## Other Information

This report also includes required supplementary information related to employee pension liability, other post-employment benefits, and the budgetary comparison schedules for major governmental funds. The combining statements and other financial information, in connection with nonmajor governmental and enterprise funds, internal service funds, and fiduciary funds are presented following the required supplementary information.

Additional statistical information is presented to give report users a better historical perspective and assist in assessing current financial status and trends of the governmental unit. Economic data is presented to allow a broader understanding of the economic and social environment in which the City government operates.

## Government-wide Financial Analysis

The table below summarizes the City's net position as of September 30, 2024 and 2023.

### City of Fort Lauderdale Net Position (in thousands of \$)

The City's investment in capital assets (land, buildings, improvements, infrastructure, and equipment) net of the related debt outstanding used to acquire those assets of \$1.14 billion represents 71.1% of its net position. These capital assets are used to provide services to City of Fort Lauderdale neighbors and are not available for future spending. The resources needed to repay the debt incurred to acquire these assets will come from future revenues.

# CITY OF FORT LAUDERDALE, FLORIDA

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) September 30, 2024

An additional portion of net position (19.0%) represents resources subject to external restrictions (\$304.8 million). The unrestricted balance decreased by \$27.3 million or 14.8%, as compared to the end of FY2023 and the reasons for the overall increases and decreases are discussed in the Financial Analysis of the Government's Funds section. At the end of the current fiscal year, the City is able to report positive balances in all reported categories of net position, both for the government as a whole, as well as for its business-type activities. Governmental activities had a negative unrestricted net position.

In FY2024, the total net position increased by \$128.9 million. The following table summarizes changes in net position for governmental and business-type activities for the past two fiscal years.

### City of Fort Lauderdale Changes in Net Position (in thousands of \$)

The governmental activities net position showed an increase of \$8.8 million. Total revenues from governmental activities increased by \$35.6 million compared to FY2023. Although the property tax levy millage rate remained constant for the seventeenth consecutive year, there was a \$22.2 million increase in property tax revenues resulting from an increase in property values. In FY2024, other taxes, and capital grants and contributions reported an increase of \$7.8 million, and \$2.8 million, respectively. Other revenue reported an increase of \$23.9 million, driven by an increase of \$17.6 million in investment gains due to favorable investment returns. Operating grants and contributions, and charges for services reported a decrease of \$12.5 million and \$8.6 million, respectively.

# CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

---

As the following chart of revenues from governmental activities (by source) shows, property and other taxes provided 53.7% of the revenues used to fund governmental functions. Charges for services, such as parks and recreation programs and fire suppression special assessment comprised 26.0% of total revenues.

Expenses for governmental activities increased by 18.0% or \$89.5 million. Public safety reported an increase of \$49.7 million in FY2024. Economic environment, culture/recreation, and transportation reported an increase of \$33.8 million, \$5.9 million, and \$1.9 million respectively. General government decreased by \$1.9 million. Interest on long-term debt reported a decrease of approximately \$68,000.

Expenses for governmental activities (by function) are provided in the following chart. Public safety, comprised of police, fire-rescue, and code enforcement services, had the highest allocation, accounting for 62.2% of all resources used. Economic environment, general government, and culture/recreation expenses accounted for 11.8%, 10.8%, and 10.5%, respectively.

**CITY OF FORT LAUDERDALE, FLORIDA**

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

The following table and chart show the components of program and general revenues as percentage of total for governmental activities:

**Expenses and Program Revenues – Governmental Activities**

Functions/Programs	Expenses	% of Total	Program Revenues	% of Total	Net (Expense)
General Government	\$ 63,569,534	10.8%	\$ 38,514,369	19.3%	\$ (25,055,165)

	<b>\$ 586,925,009</b>	<b>100%</b>	<b>\$ 200,079,374</b>	<b>100%</b>	<b>\$ (386,845,635)</b>

# CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

For the business-type activities, net position showed an increase of \$120.1 million. Total revenues for these activities increased by \$81.6 million. In FY2024, charges for services increased by \$40.3 million, driven by Water and Sewer, which increased \$33.9 million. Additionally, Sanitation, Stormwater, Parking and Airport reported increases of \$2.6 million, \$2.2 million, \$1.0 million, and \$923,462, respectively. The Cemetery system reported a decrease of \$275,473. Interest income increased by \$21.0 million, as a result of favorable investment returns.

## Operating Revenues by Function - Business-type Activities

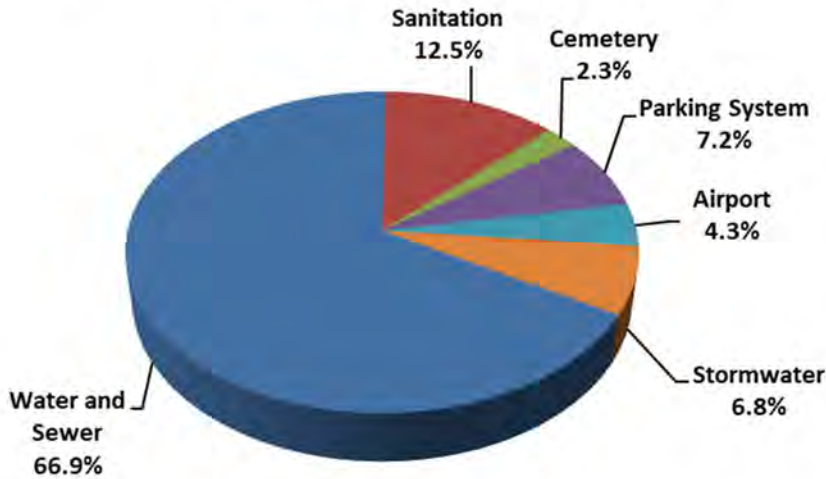

**CITY OF FORT LAUDERDALE, FLORIDA**

MANAGEMENT’S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

The total expenses for business-type activities increased by \$37.3 million or 15.6%. Physical environment related expenses increased by \$38.9 million or 18.9% and transportation related expenses decreased by \$1.6 million or 4.9%.

**Expenses by Program - Business-type Activities**

The following table and chart show the components of program revenues as a percentage of the total for business-type activities:

**Expenses and Program Revenues – Business-type Activities**

Functions/Programs	Expenses	% of Total	Program Revenues	% of Total	Net (Expense) Revenue
Water and Sewer	\$ 185,173,137	66.9%	\$ 219,598,743	63.1%	\$ 34,425,606
Sanitation	34,478,979	12.5%	24,556,333	7.1%	(9,922,646)

# CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

## Financial Analysis of the Government's Funds

The fund financial statements for *governmental funds* provide information on the near-term outflows, inflows, and balances of spendable resources. Such information is useful in assessing the City of Fort Lauderdale's financing requirements. In particular, the unassigned fund balance is a useful indicator of the City's net resources available for spending at the end of the fiscal year.

The General Fund balance at September 30, 2024 was \$157.2 million, an increase of 10.7% or \$15.2 million from the prior year balance. Approximately 96.2% of the FY2024 fund balance or \$151.2 million represents the unassigned fund balance, which is available for spending at the government's discretion.

General Fund revenues for FY2024 totaled \$482.2 million, a \$40.3 million or 9.1% increase from FY2023. Tax revenues increased by \$30.0 million in FY2024, of which property taxes levied for operations increased by \$22.2 million and other taxes increased by \$7.8 million due to higher franchise fees and utility service taxes. Miscellaneous revenue increased by \$7.8 million, with favorable investment returns being the primary driver. Intergovernmental revenues increased by \$2.8 million, while charges for services, licenses and permits revenues, and fines and forfeitures decreased by \$246,908, combined.

Total General Fund expenditures increased by \$37.9 million from \$367.1 million in FY2023 to \$404.9 million in FY2024. Public safety reported an increase of \$23.2 million or 9.3%, which was driven by increased salary and fringe benefit expenses, as well as higher fuel and supply costs. Culture and recreation increased by \$3.4 million due to higher salary and benefits expenses. General government increased by \$2.5 million due to a change in net pension liabilities. Transportation reported an increase of \$1.4 million, while economic environment reported a decrease of \$785,178.

## CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

---

The governmental funds ended the year with \$526.5 million in fund balance, which is a decrease of \$64.0 million or 10.8% from FY2023. The combined fund balances of the nonmajor governmental funds decreased by \$80.0 million or 17.8% to \$368.5 million. This decrease was mainly due to the accounting change associated with a non-major fund becoming a major fund.

General Capital Projects Fund balance increased by \$18.2 million. The Community Redevelopment Agency Capital Projects fund balance increased by \$723,794. The Central Beach Redevelopment Area was due to sunset on September 30, 2021, however in agreement with Broward County the term was extended to September 30, 2025 in order to complete public improvement projects in progress. No taxing authority shall have any tax increment financing obligation to this area after December 31, 2020. The Building fund balance increased by \$4.3 million, driven by higher license and permit revenues. The Cemetery Trust fund balance increased by \$6.0 million to \$36.6 million in FY2024 mostly due to investment gains.

The City's *proprietary funds* are presented in more detail in the proprietary fund statements but represent the same activities reflected in the business-type activities. Proprietary funds include both the enterprise and internal service funds. The total enterprise funds net position increased by \$120.1 million to \$1.1 billion in FY2024. Total enterprise funds operating income increased by \$34.5 million from \$51.9 million in FY2023, to \$86.4 million in FY2024, a 66.4% increase. The Water and Sewer Fund net position increased by \$55.2 million to \$740.9 million. Water and Sewer fund operating income was \$74.7 million in FY2024, an increase of \$31.7 million compared to FY2023. Water and Sewer fund charges for services increased by \$33.9 million mostly due to the additional 22.5% water rate increase dedicated to costs associated with the new water treatment plant, but were offset by higher personal services of \$7.5 million and materials expenses reductions of \$5.0 million.

The Stormwater fund net position increased by \$39.7 million to \$132.7 million. Stormwater operating income was \$17.0 million, an increase of \$1.8 million from the prior year and is mainly attributable to an increases in charges for services. The Stormwater assets increase is due primarily to capital grants due from other governments and construction in progress.

In FY2024, the sanitation fund reported an operating loss of \$10.2 million, which is an increase of \$1.4 million from the prior year. Sanitation charges for services increased by \$2.6 million, however operating expenses increase by \$3.9 million mostly due to solid waste collection expenses. Similarly, the cemetery and airport funds reported operating losses of \$2.0 million, and \$597,592, respectively. The reduction in operating income is mostly attributable to increases in personnel, pension, materials and services expenses. Parking fund reported an operating gain of \$7.5 million.

At September 30, 2024, the City's internal service funds reported a combined net position of \$62.4 million. The Vehicle Rental fund ended the year with a net position of \$53.1 million, which is an increase of \$8.0 million from FY2023. The City Insurance fund's deficit net position decreased by \$1.4 million from \$5.9 million in FY2023 to \$4.5 million in FY2024. City Insurance fund reported an operating gain of \$4.4 million, which is an increase of \$4.9 million from FY2023, mostly due to an increase in charges for services. The Project Management fund reported a deficit in net position of \$981,765 in FY2024. The Central Services fund's net position balance of \$15.2 million represents a decrease of \$1.8 million or 10.5% from \$16.9 million in FY2023. Central Services operating loss of \$1.3 million is a decrease of \$3.5 million from FY2023. The Vehicle Rental fund reported a net operating income of \$5.2 million, mostly due to an increase in charges for services, while the Project Management and Unified Customer Service funds reported a net operating loss of \$1.3 million and \$280,082, respectively.

# CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

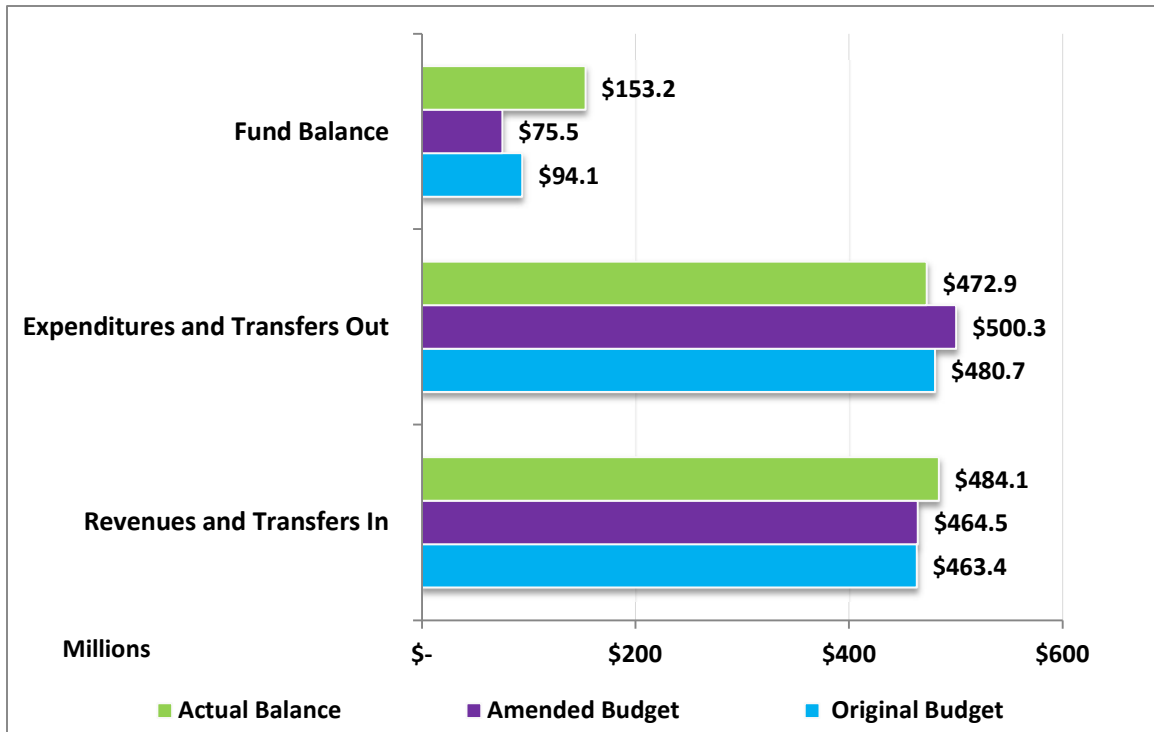

## General Fund Budgetary Highlights

The City's Revenue Estimating Committee helps to ensure that the General Fund revenues are estimated each year using a comprehensive process involving multiple stakeholders, to yield the most reasonable and accurate revenue estimates. It includes an in-depth review of past, current, and projected financial conditions. The forecast is an integral part of the annual budget process and allows for informed decision-making, with the goal of maintaining financial integrity while delivering essential quality community services to the City's neighbors.

Actual General Fund revenues for FY2024 were higher than the final FY2024 budget by approximately \$19.6 million. The majority of FY2024 positive variances were accounted for in taxes, charges for services, licenses and permits, intergovernmental revenues and investment gains in the amount of \$17.7 million. An overestimation of fines and forfeitures resulted in a \$53,520 negative variance.

Total expenditures of \$401.2 million (including encumbrances of \$4.0 million) were \$27.2 million lower than the final FY2024 budget.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

### Capital Assets

The City's investment in capital assets, net of accumulated depreciation, for governmental and business-type activities is shown in the following table. Capital asset balances for governmental activities increased by \$96.0 million in FY2024, which includes right-to-use lease assets of \$29.1 million. Capital asset balances of the business-type activities increased by \$356.6 million, of that amount \$858,258 is attributed to right-to-use lease assets. Additional information about the City's capital assets can be found in Note 5 to these financial statements.

### Debt Administration

At the end of the current fiscal year, the City of Fort Lauderdale had a total bonded debt outstanding of \$1.4 billion, which comprises general obligation bonds, special obligation bonds, stormwater special assessment revenue bonds, and water and sewer revenue bonds. Of this amount, \$228.1 million is backed by the full faith and credit of the government, \$136.9 million is pension related debt for which the City has pledged non-ad valorem revenues, \$86.6 million is secured by stormwater assessment revenues, and \$899.0 million is secured by the water and sewer net operating revenues. The remainder of the City's long-term obligations is comprised of notes and loans secured by the water and sewer net operating revenues, loans secured by non-ad valorem revenues, a tax increment note issued by the Community Redevelopment Agency (CRA), a special assessment bond for utilities undergrounding, and capital lease obligations.

## CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

The City's total debt increased by \$447.2 million, or 45.3%, during the current fiscal year. This primarily resulted from the reduction of current debt of \$66.3 million through annual debt payments and an increase of \$511.2 million from the issuance of Water and Sewer Revenue Bonds. Principal retirements for governmental activities and business type activities totaled \$37.5 million and \$28.8 million, respectively. More information about the City's long-term debt can be found in Note 7 to these financial statements.

### Economic Factors and Next Year's Budget and Rates

The State of Florida, by its Constitution, does not have a state personal income tax and therefore operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties and school boards) rely on property and a limited array of permitted other taxes (sales, gasoline, and utilities) and fees (franchise, business tax receipts) for their governmental activities. For the business-type and certain governmental activities (construction services and recreational programs), the user pays a related fee or charge associated with the service.

The FY2025 total adopted operating budget for all funds is \$1.19 billion including balances and transfers. This is approximately \$121.3 million more than the FY2024 adopted budget of \$1.07 billion or an 11.3% increase. The FY2025 adopted General Fund operating budget, including balances and transfers, is \$487.9 million. The General Fund budget represents a \$24.5 million or 5.3% increase from the FY2024 adopted budget of \$463.4 million. The FY2025 Adopted Budget allows the City to fund its General Fund commitments including wages, insurances, and investments in infrastructure. The Adopted Budget invests in the City's priorities and lays the foundation for a financially sustainable future. In FY2025 the operating millage rate of 4.1193 remains unchanged for the eighteenth consecutive year.

## **CITY OF FORT LAUDERDALE, FLORIDA**

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
September 30, 2024

---

The City regularly responds to ever-changing challenges faced by our community. The organization's effectiveness, flexibility, and resiliency are testaments to the City Commission's vision and leadership. It is with a commitment to our neighbors, our businesses, our staff, and the City's future that we strive to do the very best we can with the resources and tools available to us. The FY2025 Adopted Budget demonstrates the City's highest priorities to ensure that we live, work, and play in the best city possible, while remaining financially responsible.

### **Requests for Information**

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

**RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION  
September 30, 2024**

**Total fund balances of governmental funds** **\$ 526,485,010**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. **561,849,667**

Right to use leased assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. **9,395,081**

Other long-term assets are not available to pay for current period expenditures and, therefore are deferred in the funds. **27,529,873**

The internal service fund is used by management to charge the costs of City insurance, communications, printing and central services and for the operation of a maintenance facility for City vehicles. The net position of the internal service funds are included in governmental activities in the statement of net position. **50,628,966**

Deferred outflows of resources related to pensions are not recognized in the governmental funds and are recorded in the statement of net position. **158,457,790**

Deferred outflows of resources related to OPEB are not recognized in the governmental funds and are recorded in the statement of net position. **5,192,013**

Deferred inflows of resources related to pension are not recognized in the governmental funds and are recorded in the statement of net position. **(56,589,302)**

Deferred inflows of resources related to OPEB are not recognized in the governmental funds and are recorded in the statement of net position. **(11,294,527)**

Unearned revenues related to Special Assessment revenues and long-term receivables not recognized in the governmental funds and are recorded in the statement of net position. **(7,560,000)**

Deferred loss on refunding amounts are expended in the fund level financial but are deferred and amortized over the life of the bonds in the government-wide financial statements. **8,456,425**

Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities.

Bonds Payable	\$	(372,560,000)	
Notes Payable		(9,838,000)

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
For The Year Ended September 30, 2024**

**Net change in fund balances of governmental funds** **\$ (63,971,271)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets are depreciated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital purchases exceed depreciation in the current year.

Capital Outlay	\$ 109,927,823	
Depreciation Expense	<u>(20,832,823)</u>	<b>89,095,000</b>
 Amortization Expense for Intangible Assets		 <u><b>(2,520,709)</b></u>

Some revenues reported in the statement of activities are not considered current financial resources and, therefore, are not reported as revenues in governmental funds. **2,050,507**

The change in the deferred refunding amounts has no effect on the current financial resource and, therefore, is not reported in the governmental funds. **(2,120,125)**

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts (except for issuance costs) are capitalized and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal Repayments:		
Bonds Payable	\$ 28,520,000	
Notes Payable	7,842,000	
Financing Lease Obligation	286,577	
Leases	<u>2,279,605</u>	<b>38,928,182</b>

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest Payable	\$ 957,571	
Amortization of Bond Discounts and Premiums	2,019,200	
Pension expense	(57,840,561)	
Other Post-Employment Benefits	680,891	
Compensated Absences Payable and Longevity Pay	<u>(4,349,277)</u>	<b>(58,532,176)</b>

The internal service fund is used by management to charge the costs of City insurance, communications, printing and central services and for the operation of a maintenance facility for City vehicles. The net revenue (expense) of certain activities of the internal service funds is reported with governmental activities. **5,844,084**

**Change in net position of governmental activities** **\$ 8,773,492**

*The notes to the financial statements are an integral part of the financial statements.*

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Fort Lauderdale, Florida (City) have been prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America applicable to governmental units. The following is a summary of the more significant accounting policies of the City:

(A) The Financial Reporting Entity

The City was incorporated in the State of Florida in 1911 and covers an area of approximately 36 square miles. The City is governed by an elected five-member commission composed of a Mayor and four District Commissioners and provides services to its approximately 186,000 residents in many areas, including public safety, public places, infrastructure, business development and neighborhood enhancement. As required by GAAP, these financial statements present the City of Fort Lauderdale (the primary government) and its component units. The component units discussed in note 1(B) below are included in the City's reporting entity because of the significance of their operational and financial relationships with the City.

(B) Individual Component Unit Disclosure

The criteria for including component units consist of the identification of legally separate organizations for which the elected officials of the City are financially accountable. This criteria also includes identification of organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Blended component units, although legally separate entities, are in substance, part of the government's operations and so data from these units are combined with data of the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the government.

A five-member board appointed by the City Commission (currently composed of the City Commission, itself) governs the Fort Lauderdale Community Redevelopment Agency (CRA). Although it is legally separate from the City, the CRA is reported as part of the primary government since the City has the financial benefit/burden relationship and operational responsibility for the CRA. Its sole purpose is to finance and redevelop the City's designated redevelopment areas. The operations of the CRA are reported within the special revenue fund type, the debt is accounted for in the debt service fund, and the capital expenditures are accounted for in a capital projects fund type using the blended method. Separate financial information can be obtained from the CRA.

A seven-member board appointed by the City Commission governs the Sunrise Key Safe Neighborhood Improvement District (SK). While legally separate from the City, it is reported as part of the reporting entity under the discretely presented method because the City's elected officials are financially accountable for SK. The City Commission has the power to approve, disapprove or modify the budget and millage rates or assessments submitted by the board. Separate financial information can be obtained from on the City's website.

(C) Related Organizations

The City's officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not significantly extend beyond making the appointments. The City Commission appoints the governing board of the City of Fort Lauderdale Downtown Development Authority (DDA), one member of the governing board of the Lauderdale Isles Water Control District (LIWCD), and the Mayor appoints the governing board of the Housing Authority of the City of Fort Lauderdale (HACFL). The City is not financially accountable for the DDA, LIWCD, or HACFL.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

(D) Joint Ventures

The City has agreements with the Performing Arts Center Authority (PACA) and the Downtown Development Authority (DDA) for the operation of a 950 space-parking garage in the Arts and Science District of the City. The City, as operating agent, has full and exclusive responsibility for operation and maintenance of the garage, which is being accounted for as a joint venture in the Parking System Fund using the equity method of accounting.

The City collects all revenues and pays all operating expenses for the garage and determines the allocation to each of the participants monthly. The increase in net position for the year of \$1,750,503 was derived exclusively from operations, which have been distributed to the participants. The equity interests of the City, the PACA and the DDA totaled \$320,303, \$416,649, and \$243,462 respectively at September 30, 2024. Separate financial statements for the joint venture are available from the City's Finance Department.

(E) Government-wide and Fund Financial Statements

The government-wide financial statements, including the statement of net position and the statement of activities, report information on all of the non-fiduciary activities of the City. As part of the consolidation process, inter-fund activities are eliminated to avoid distorted financial results. Governmental activities, which are primarily supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely extensively on fees and charges for support. Likewise, the City's primary government is reported separately from its legally separate component units for which the City is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other than for depreciation, indirect expenses are not allocated to specific functions. All revenues other than program revenues are considered to be general revenues and are shown in the bottom section of the statement of activities. They include all taxes, unrestricted intergovernmental revenues, unrestricted investment earnings and other miscellaneous non-program revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and enterprise funds are reported as separate columns in the fund financial statements.

(F) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recorded as revenues in the year for which they are levied, grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become susceptible to accrual; that is measurable and available to finance the City's operations. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 90 days of the end of the current fiscal year. Expenditures are recognized in the accounting period in which the related fund liabilities are incurred, if measurable, except for interest on long-term debt and the long-term portion of accumulated compensated absences and longevity pay, pension obligations, OPEB obligations, claims and judgments, leases, and SBITAs which are recognized when due.

Property taxes are recorded as revenues in the fiscal year levied, provided they are collected in the current period or within 60 days thereafter. Those remaining uncollected are recorded as deferred inflow of resources in the governmental fund financial statements. The utility and franchise taxes from major sources are recorded as revenues when earned. Licenses and permits, fines and forfeitures, charges for services, and other revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment income is recorded as revenue when earned. Special assessments are recorded as revenues only to the extent that individual installments are considered available.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures incurred. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if susceptible to accrual.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in a separate fund. The General Obligation Construction 2020B Fund accounts for the construction of public safety facilities financed by General Obligation Bonds.

The City reports the following major proprietary funds:

The Water and Sewer Fund accounts for the provision of water and sewer services to the residents of the City and surrounding areas. The Stormwater Fund accounts for the development and operation of the City's stormwater management program.

Additionally, the City reports the following fund types:

Internal service funds account for the financing of goods and services provided to departments within the City in the following five areas: 1) costs of insuring the City in the areas of general liability, auto liability, workers' compensation, police professional liability, employee relations and medical benefits; 2) information technology systems, communications, and print center operations; 3) operation of a maintenance facility for City vehicles; 4) project management services; and 5) unified customer service.

Pension and OPEB trust funds account for the activities of the OPEB Trust, Post-Retirement Pay Steps Plan, General Employees' Retirement System and the Police and Firefighters' Retirement System, which accumulate resources for pension and benefit payments to qualifying City employees.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's enterprise funds and the General Fund as well as cost reimbursement transactions between the enterprise funds and various other functions of City government. Elimination of these charges would distort the direct costs and program revenues reported for those sectors.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer, stormwater, nonmajor enterprise funds, and all the internal service funds are charged to customers for sales and services. The Insurance Fund bills the other funds to cover insurance premiums and claims. Operating expenses for the enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

The preparation of the basic financial statements in conformity with GAAP requires management to make use of estimates that affect reported amounts in the basic financial statements. Actual results could differ from those estimates.

(G) Derivatives and Hedging Activities

Derivatives have a fair value, require little or no initial net investment, and may be net settled. The City follows GASB Statement No. 53 (GASB 53), "*Accounting and Financial Reporting for Derivative Instruments*". Under GASB 53, derivatives are either categorized as hedging derivative instruments or investment derivatives. Hedging derivative instruments are associated with specific hedging transactions wherein the intent is to significantly reduce risks. Changes in fair value of hedges are reported as either deferred inflows of resources or deferred outflows of resources in the statement of net position. For accounting purposes, in order to qualify as a hedge, the relationship between the derivative and the underlying item must result in a hedge that is "effective" in mitigating risk. If the hedge transaction is considered "ineffective" the valuation of the instrument is considered investment income or loss in the flows of resources statements. GASB 53 outlines five methods for evaluating hedge effectiveness if the hedged item is an existing or expected commodity transaction:

- Consistent Critical Terms
- Synthetic Instrument
- Dollar Offset
- Regression Analysis
- Other Quantitative Methods

For purposes of performing hedge effectiveness testing, the City can use any or all of the valuation methods and is not limited to using the same method from period to period. Therefore, if the result of any one prescribed evaluation method indicates the hedge is ineffective, the City may apply another method to verify effectiveness. In addition, the calculations for effectiveness may be based on either a life-to-date period or be limited to the immediately preceding annual accounting period.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

The City has adopted GASB 53 to account for petroleum future contracts to hedge variability in future cash flows resulting from volatility in gasoline and diesel fuel prices. Fair value is determined based on quoted prices in active markets for the derivative instrument. Because the fuel hedge is an effective hedge as defined by GASB 53, the unrealized gain (loss) on the fuel hedge is reported as deferred inflow/outflow of resources on the statement of net position. The hedging instruments affected are monthly future contracts with a notional amount of 42,000 gallons each with an index of Reformulated Gasoline Blendstock for Oxygen Blending (RBOB Gas) and New York Harbor Ultra Low Sulfur Diesel (NYHRBRULSD) as listed on the NYMEX. As of September 30, 2024, the City had thirty-six (36) future contracts. The contracts were purchased at various times throughout the past year. On average, it costs the City \$64 to acquire a fuel hedge contract. The aggregate fuel hedge contracts cover a rolling 18-month forward period. The fuel hedge contracts are recorded as an asset at fair value with the accumulated change in fair value reported as a deferred outflow. The deferred outflow and the instrument itself, as of September 30, 2024 are valued at \$236,821.

*Basis risk.* The City is exposed to basis risk on its fuel hedge contracts because the future fuel purchases are based on a pricing point different from the pricing point at which the future contracts are expected to settle (New York Harbor Ultra Low Sulfur Diesel and Gasoline). There is no termination or interest rate risk.

(H) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

(1) Cash and Cash Equivalents

The City considers cash on hand, cash with fiscal agents, demand deposits, and bank repurchase agreements as cash and cash equivalents. Cash equivalents are short-term highly liquid securities, with maturities when acquired of three months or less. Each fund's equity in the City's investment pool has been treated as a cash equivalent since cash may be deposited or withdrawn from the pool at any time without prior notice or penalty.

(2) Investments

Investments are stated at fair value, except for Money Market Funds which are reported at amortized cost. Income, from investments held by the individual funds, is recorded in the respective fund as it is earned. All other investments owned by the City are accounted for in the City's investment pool. Income earned from this pool is allocated to the respective funds based upon average monthly equity balances.

(3) Receivables and Payables

Activity between funds that are representative of lending or borrowing arrangements outstanding at the end of the fiscal year of a short-term nature and any other outstanding balances between funds are reported as due to and due from other funds. The long-term portion of any borrowings between funds is reported as advances to and from other funds.

Long-term advances of the governmental funds are recorded by the advancing fund as a receivable and nonspendable fund balance. Any residual outstanding balances between the governmental activities and business-type activities at year-end are reported in the government-wide financial statements as internal balances. All accounts and notes receivable are reported net of any allowances for uncollectibles.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

(4) Inventories

Inventories in the governmental funds are composed of land held for redevelopment or resale and are stated at lower of cost or market. Inventories of materials and supplies in the enterprise funds are based on year-end physical counts priced at weighted average cost. Inventories are recognized as expenditures or expenses when consumed.

(5) Prepaid Items

Prepaid items represent payments made to vendors for services that will benefit the period beyond September 30, 2024. These services are recorded as expenditures/expenses when consumed.

(6) Restricted Assets

Certain proceeds of the City's long-term bonds, as well as certain resources set aside for their repayment are classified as restricted assets on the Statement of Net Position. These restrictions are imposed by debt covenants or local agreements. Restrictions for debt service are used to segregate resources accumulated for debt payments. Capital improvements restrictions are for future projects of the City's wastewater system. Renewal and replacement funds are used for resources set aside to meet unexpected contingencies or to fund asset renewals and replacements.

(7) Capital Assets

Capital assets, including land, buildings, improvements other than buildings, infrastructure (that is, roads, bridges, street lighting and other similar items) and equipment, are reported in the applicable governmental and business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. Such assets are stated at cost or estimated historical cost. Contributions or donations of capital assets received from federal, state, or local sources are recorded as contributions when received and are stated at acquisition value. Additions, improvements, and expenditures that significantly extend the useful life of an asset are capitalized.

Depreciation of capital assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	40-50 years
Improvements	20-50 years
Infrastructure	15-50 years
Machinery, Equipment and Vehicles	3-15 years
Right of Use Assets	5-20 years

The City follows the requirements of GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries" regarding potential impairment of capital assets.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

(8) Compensated Absences and Longevity

City employees are granted sick, vacation, and longevity pay in varying amounts based on length of service, date of hire, and employee group. Compensatory time is granted to employees in lieu of overtime pay at the employees' request. Sick leave payments to terminated employees are based on length of service and usage on a last in, first out basis or for employees hired on or after October 1, 2013, at twenty eight percent (28%) of the unused accrued sick leave hours at the employees' final rate of pay. Unused vacation pay and compensatory time are paid upon an employee's termination. Longevity pay is paid to eligible employees annually based on length of service. Accumulated compensated absences and longevity are recorded as expenses in the government-wide and proprietary fund financial statements when earned. Expenditures for accumulated compensated absences and longevity have been recorded in the governmental funds only for amounts payable to employees who have terminated as of the end of the fiscal year.

(9) Estimated Claims Payable

The City is self-insured for general liability, automobile liability, police professional liability, workers' compensation, employee relations and certain death benefits and medical plans. The operating funds are charged premiums by the Insurance internal service fund. The accrued liability for estimated claims represents an estimate of the eventual loss on claims arising prior to year-end, including claims incurred and not yet reported.

(10) Landfill Post-Closure Costs

Landfill post-closure care costs represent an estimate of the City's remaining costs to monitor the City's former landfill site. These costs are accounted for in the Sanitation Fund, a nonmajor enterprise fund.

The Wingate landfill and incinerator was an active disposal site from 1954 to 1978. In 1990, the site was designated by the United States Environmental Protection Agency (USEPA) as a superfund site requiring the City to take remedial action. Based on the results of a 1994 Remedial Investigation and Feasibility Study, the USEPA agreed to various remedies including a single layer cap in 1996 in a final Record of Decision at an estimated remediation cost of \$20,500,000, which was recognized as a liability in the Sanitation Fund. In 1998, the City entered into an agreement with the Potentially Responsible Parties (PRPs), known as the Wingate Superfund Group, to oversee compliance with a 1998 Consent Decree between the City, the USEPA and the PRP's. As a result of the agreement, the City reduced its estimated remediation liability to \$10,000,000.

The consent decree provided for payment of expenses associated with the remediation, promoted cost effective response actions, allocated management and financial responsibilities and resolved claims for cost recovery between the parties. The consent decree was validated on December 28, 1999, allowing site remediation to commence. The agreement with the Wingate Superfund Group created a trust fund for collection and disbursement of funds for the remediation and limited the City's share of remediation costs to \$8,325,000, excluding ancillary costs. The Second Five-Year Review Report was issued by the USEPA in July 2011. Monitoring data suggest that cleanup levels are being achieved and O&M procedures are currently maintaining the effectiveness of the remedy. The remedy currently protects human health and the environment in the short term because the landfill cap construction is complete and the required institutional controls (groundwater and land use restrictions) are in place. Based upon a favorable USEPA report reducing the amount of required monitoring the liability was reduced by \$2,368,781. As of September 30, 2024, the liability is \$441,400 to provide for estimated post closure care costs.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

(11) Other Long-term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the applicable governmental and business-type activities and proprietary fund financial statements. Bond premiums and discounts are recorded as direct additions to or deductions from the related debt and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable premiums and discounts.

In the governmental fund financial statements, bond premiums and discounts are recognized during the current period. The face amount of debt issued and any premiums received are reported as other financing sources while discounts are reported as other financing uses.

(12) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred loss on refunding, change in pension assumptions and loss on pension and OPEB investments. The deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Changes in pension plan and OPEB assumptions are deferred and amortized over the average of the expected remaining service lives of employees that are provided with benefits through OPEB and the pension plan. Difference between projected and actual earnings on pension and OPEB investments are deferred and amortized over five years.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This represents an acquisition of net assets that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that period. The governmental fund balance sheet reports deferred inflows of resources of unavailable revenues. The City reports accumulated decrease in fair value of derivative instruments, certain amounts related to pensions, leases and OPEB that must be deferred. Differences between expected and actual experience and change in pension and OPEB assumptions are deferred and amortized over the average of the expected remaining service lives of all employees that are provided with benefits through the OPEB and pension plan.

The City reports deferred inflows related to leases in the government-wide statement of net position and in the general fund in the proprietary funds statement of net position. Deferred inflows of resources related to leases are recognized at the commencement date based on the initial measurement of the lease receivable, plus any payments received from the lessee at or before the commencement of the lease term that relate to future periods, at or before the commencement of the lease term. The deferred inflows related to leases are recognized as lease revenue in a systematic and rational manner over the lease term.

Lessee

The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) for a noncancellable lease in the government-wide and proprietary funds financial statements. At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Key estimates and judgements related to leases include how the City determines 1) the discount rate it uses to discount the expected lease payments to present value, 2) lease term, and 3) lease payments.

The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option priced that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the least asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor

The City recognizes a lease receivable and a deferred inflow of resources in the governmentwide, governmental and proprietary fund financial statements. At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgements include how the City determines 1) the discount rate it uses to discount the expected lease receipts to present value, 2) lease term, and 3) lease receipts. If specified, the City uses the interest rate identified in the contract as the discount rate. If no interest rate is specified, the City uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the least receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Subscription Based Technology Agreements

The City has entered into certain subscription based agreements (SBITAs) to use vendor provided information technology. A SBITA is defined as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology software, alone or in combination with tangible capital assets (the underlying information technology assets) as specified in the contract for a period in an exchange or exchange like transaction.

The City recognizes a subscription obligation (liability) and an intangible right-to-use lease asset (asset) for contracts that meet the definition of a SBITA in the government-wide and proprietary funds financial statements. At the commencement of a SBITA, the City initially measures the subscription obligation at the present value of payments expected to be made during the subscription obligation term. Subsequently, the subscription obligation is reduced by the principal portion of payments made. The SBITA asset is initially measured as the initial amount of the subscription obligation, adjusted for subscription payments made at or before the lease commencement date, plus certain initial implementation costs. Subsequently, the SBITA asset is amortized on a straight-line basis over the shorter of the subscription term or the useful life of the underlying information technology asset.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Key estimates and judgements related to SBITAs include how the City determines 1) the discount rate it uses to discount the expected SBITA payments to present value and 2) the contract term.

The City uses the interest rate charged by the SBITA vendor as the discount rate. When the interest rate charged by the SBITA vendor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate. The subscription obligation term includes the non-cancelable period of the contract. SBITA payments included in the measurement of the subscription obligation are composed of fixed payments and purchase option priced that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its SBITA obligations and will remeasure the SBITA asset and obligation if certain changes occur that are expected to significantly affect the amount of the SBITA obligation. SBITA assets are reported with other capital assets and SBITA liabilities are reported with long-term debt on the statement of net position

(13) Fund Balance and Net Position

In accordance with the requirements of GASB Statement No. 54, “*Fund Balance Reporting and Governmental Fund Type Definitions*”, the City classifies governmental fund balances as follows:

- (A) Nonspendable – includes fund balance amounts that cannot be spent because they are either not in spendable form or legal or contractually required to be maintained intact.
- (B) Restricted – includes fund balance amounts that are constrained to be spent only for specific purposes which are externally imposed by creditors, grantors, contributors or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.
- (C) Committed – includes unrestricted fund balance amounts that can only be used for specific purposes pursuant to internal constraints imposed by the City’s Code of Ordinances which can only be established, modified or rescinded through the passage of ordinances by the City Commission, the City’s highest level of decision making authority.
- (D) Assigned – includes unrestricted fund balance amounts that are constrained by the City’s intent to be used for specific purposes but are neither restricted nor committed. Either the City Commission or the City Manager has the authority to assign amounts to a specific purpose. On September 17, 2013, City Commission by Resolution 13-179 authorized the City Manager to assign resources and ending fund balance.
- (E) Unassigned – includes the residual fund balance of the General Fund not included in the above nonspendable, restricted, committed or assigned categories. It may also include negative fund balances of other governmental funds resulting from expenditures for specific purposes, which exceeded restricted, committed or assigned amounts available for those purposes.

It is the City’s policy to use restricted fund balances before unrestricted funds when both are available for a specific purpose unless contractual requirements, such as for a specific grant that requires dollar for dollar spending, prohibit doing so. In addition, the order of use for unrestricted fund balances available for a specific purpose is committed, assigned, and then unassigned amounts.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

---

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

In the governmental funds, fund balances are reported as nonspendable if they are not in spendable form or are legally or contractually required to be maintained intact. In addition, fund balances are reported as restricted, committed or assigned to specific purposes based upon the extent to which the City is bound to honor constraints placed on those funds. Unassigned fund balance is the residual fund balance classification of the General Fund. Encumbrance accounting, under which purchase orders and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbered amounts for specific purposes are reported within the applicable restricted, committed or assigned fund balance classifications.

Net position of the government-wide and proprietary funds is categorized as net investment in capital assets; restricted or unrestricted. Net investment in capital assets consists of capital assets reduced by the outstanding debt issued to acquire, construct or improve those assets, less any unspent debt proceeds. Restricted net position has regulatory or third party limitations on its use. When both restricted and unrestricted resources are available, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

At September 30, 2024, the following funds of the City had a deficit balance:

Special Revenue Funds:		
State Housing Initiative Partnership	\$	(35,464)
Intergovernmental Revenue		(28,366,538)
Capital Project Fund:		
Special Assessment Construction 2021		(521,753)
Internal Service Funds:		
Project Management		(981,765)
City Insurance		(4,548,131)
Unified Customer Service		(274,376)

The deficit in the State Housing Initiative Partnership and Intergovernmental Revenue funds are expected to be eliminated by future grant revenues. The Special Assessment Construction 2021 deficit will be eliminated via future budget amendment. The Project Management deficit will be eliminated with charges from projects. The City Insurance deficit will be eliminated by increasing future department contributions to the insurance fund. The Unified Customer Service fund deficit will be eliminated by an increase in interfund service charges.

(14) Pensions Obligations

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the General Employees' Retirement System (GERS), the Police and Firefighters' Retirement System (PFRS), the Post-Retirement Pay Steps Plan (PPS) and the Florida Retirement System (FRS) and additions to/deductions from GERS, PFRS, PPS and FRS fiduciary net position have been determined on the same basis as they are reported by GERS, PFRS, PPS and FRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the governmental activities, business-type activities, and proprietary funds Statement of Net Position, pension liabilities are recognized for the City's proportionate share of each pension plan's net pension liability over the period of service of employees. For purposes of measuring the net pension liability, deferred outflows of resources related to pensions, deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System Pension Plan (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan, and additions to and deductions from the FRS and the HIS's fiduciary net position, have been determined on the same basis as they are reported by the FRS and HIS plans.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Changes in the net pension liability during the period are recorded as pension expense, deferred outflows of resources, or deferred inflows of resources, depending on the nature of the change. Those changes in the net pension liability that are recorded as deferred outflows of resources or deferred inflows of resources that arise from changes in actuarial assumptions or other inputs, changes in the proportionate share of the net pension liability, and differences between expected or actual experience, are amortized over the average expected remaining service lives of all employees that are provided with pensions through the pension plans, and recorded as a component of pension expense beginning with the period in which they arose. Differences between projected and actual investment earnings are reported as deferred outflows of resources or deferred inflows of resources and are amortized as a component of pension expense using a systematic and rational method over a five-year period beginning with the period in which a difference arose.

(15) Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Other Post-Employment Benefits Trust and additions to/deductions from OPEB fiduciary net position have been determined on the same basis as they are reported by OPEB plan. Investments are reported at fair value, except for money market investments.

(16) Accounting Change – Change in Reporting Entity

Governmental Accounting Standards Board Statement No. 100, Accounting Changes and Error Corrections – Amendment of GASB Statement No. 62, was implemented during fiscal year 2024. The new standard requires that changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period. The General Obligation Construction 2020B Fund was presented as nonmajor in fiscal year 2023 and major in fiscal year 2024.

**2. DEPOSITS AND INVESTMENTS**

The City maintains a pooled cash and investment fund for the City's operating and capital funds. In addition, cash and investments are separately held for the City's special revenue, debt service, capital projects, permanent, and enterprise funds. In accordance with Section 218.415, Florida Statutes, the City's investment holdings, Surplus Funds Pooled Investments, Community Redevelopment Agency Portfolio, and Capital Improvements Projects Portfolio are governed by the City's Investment Policy (the Policy). The remaining portfolios, the Cemetery Perpetual Care Fund, the OPEB Trust Fund, the Police and Firefighters' Retirement System Fund, the General Employees' Retirement System Fund, and the Post-Retirement Pay Steps Trust Fund are controlled by their respective policies.

The Policy was adopted on September 4, 2001 and subsequently amended on July 9, 2019, and September 19, 2023.

All of the City's deposits are held in qualified public depositories pursuant to State of Florida Statutes, Chapter 280, Florida Security for Public Deposits Act. Any potential losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

Types of Investments

Permitted investments, asset allocation limits, issuer limits, credit rating requirements and maturity limits are detailed in the Policy in order to protect the City's cash and investments. The Policy allows for the purchase of the following investments: U.S. Government Securities, U.S. Government Agency Securities, Federal Instrumentalities, interest-bearing time deposits or saving accounts, repurchase agreements, commercial paper, corporate notes, bankers' acceptances, state or local government taxable or tax-exempt debt, registered investment companies (money market mutual funds), and intergovernmental investment pools.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

The City participates in three pooled investment funds, one of which behaves as SEC-regulated money market funds under SEC Rule 2a7. Therefore, in accordance with GASB Statement No. 79, "*Certain External Investment Pools and Pool Participants*", which established criteria for an external investment pool for making the selection to qualify to measure its investments at amortized cost, this pool is exempt from the GASB Statement No.72 (GASB 72), "*Fair Value Measurement and Application*" hierarchy disclosures and is reported at amortized cost. Detailed information for the pooled investment funds are detailed below by named pool.

**FLCLASS**

The Florida Cooperative Liquid Assets Securities System Trust (FLCLASS) is a common law trust established, created, and authorized by an Interlocal Agreement by and among participating Florida public agencies. FLCLASS is an authorized investment pool under Section 218.415(16)(a), Florida Statutes, and was established for participating Florida agencies on April 1, 2015 under the Interlocal Agreement and commenced operations on July 15, 2015 (inception). FLCLASS is available for investment by any unit of local government within the State of Florida. The purpose of FLCLASS is to enable such units to cooperate in the investment of their available funds. FLCLASS operates like a money market mutual fund with each share valued at \$1.00.

The pool is supervised by an appointed Board of Trustees comprised of eligible participants of the program. The Board acts as the liaison between the participants, the custodian, and the program administrator. The fund is an Standards & Poor's (S&P) AAAM rated money market product offering a fiscally conservative diversification option for Florida local governments. The objective of the fund is to provide investors with liquidity, stable share price and as high a level of current income as is consistent with preservation of principal and liquidity. As of September 30, 2024, the City held \$206,779,998 in this type of investment with an weighted average maturity is 194 days. Separate financial statements for FLCLASS can be obtained from [www.FLCLASS.com](http://www.FLCLASS.com).

**FL PALM**

Florida Public Assets for Liquidity Management Fund (FL PALM) is a common law trust organized under the authority of the Florida Interlocal Cooperation Act of 1969, as amended (Section 163.01 of the Florida Statutes) and Section 218.415 of the Florida Statutes. FL PALM was created on October 22, 2010 by contract among its participating governmental units and is governed by its trustees.

The Trust Agreement for FL PALM permits and provides for the creation of several specialized asset portfolios. The City participates in two of these portfolios known as the FL PALM Portfolio and the FL PALM Term Portfolio. The FL PALM Portfolio seeks to maintain a stable \$1.00 net asset value and reports at amortized cost. The FL PALM Term Portfolio seeks to assure the return of principal on the planned maturity date and there is a penalty for early withdrawal. The FL PALM Term Portfolio is reported at net asset value.

FL PALM is a common law trust organized under the laws of The State of Florida and is designed to meet the cash management and short-term investment needs of school districts, political subdivisions of the State or instrumentalities of political subdivisions of the State. FL PALM is directed by a Board of Trustees, which is made up of experienced school board members, superintendents, public agency officials, and an Advisory Committee of senior finance officers from member Districts and public agencies. The fund is an S&P AAAM rated money market product offering a fiscally conservative diversification option for Florida local governments and school districts. The objective of the fund is to provide investors with liquidity, stable share price and as high a level of current income as is consistent with preservation of principal and liquidity. As of September 30, 2024, the City held \$179,757,794 in this type of investment with an weighted average maturity is 35 days. Separate financial statements for FL PALM can be obtained from [www.fl-palm.com](http://www.fl-palm.com).

**FMIvT**

The Florida Municipal Investment Trust (FMIvT) was created under the laws of the State of Florida to provide eligible units of local government with an investment vehicle to pool their surplus funds and to reinvest such funds in one or more investment portfolios under the direction and daily supervision of an investment advisor. The Florida League of Cities serves as the administrator, investment manager and secretary-treasurer of the Trust. Separate financial statements for FMIvT can be obtained from [www.floridaleagueofcities.com](http://www.floridaleagueofcities.com).

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

The City participates in one pooled investment fund administered by the Florida League of Cities which does not meet the criteria required to be exempted from fair value leveling. This fund is the FMIvT 0-2 Year High Quality Bond Fund. This fund has a rating of AAAf/S1 by Fitch. As of September 30, 2024, the City held \$5,338,777 in this type of investment.

As of September 30, 2024, cash and investments of the primary government funds (excluding GERS and PFRS) consisted of the following:

Investments	Carrying Value	Credit Rating <sup>(1)</sup>	Average Maturity (in Years)	Percent of Portfolio
<b>Cash and Cash Equivalents</b>

(1) Rated by Standard & Poor's and Moody's, respectively as of September 30, 2024

Interest Rate Risk

Interest rate risk is the possibility that interest rates will rise and reduce the fair value of an investment. The City manages its portfolios' exposures to declines in fair value due to rising interest rates by limiting individual investments to maturities of five and a half (5.50) years or less from the date of purchase. Also, the overall "weighted average maturity" for the portfolio shall be less than three (3) years.

Fair Value Measurement

In February 2015, GASB issued Statement No.72 (GASB 72), "Fair Value Measurement and Application", addressing the accounting and financial reporting issues related to fair value measurements. GASB 72 defines fair value as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are based on other significant observable inputs such as indices for fixed income bonds and quoted prices similar to assets in markets that are not active; Level 3 inputs are significant unobservable inputs.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Since investing is not a core part of the City’s mission, the City determines that the disclosures related to its investment portfolios only need to be disaggregated by major type. Therefore, the City chooses a hybrid narrative format for the fair value disclosure of its investment portfolios.

The following table summarizes the assets for the primary government and fiduciary funds (excluding GERS and PFRS) in accordance to GASB 72 as of September 30, 2024.

	<b>Fair Value Measurements Using</b>			
	<b>9/30/2024</b>	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>

## CITY OF FORT LAUDERDALE, FLORIDA

### BASIC FINANCIAL STATEMENTS

---

#### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

Equity securities traded on national or international exchanges are valued at the last reported sales price or current exchange rates (Level 1). This includes common stock and American depository receipts, and mutual fund equities.

Debt securities are valued using pricing inputs that reflect the assumptions market participants would use to price an asset or liability and are developed based on market data obtained from sources independent of the reporting entity (Level 2). This includes U.S. Treasury bonds and notes, inflation-indexed bonds, U.S. federal agencies, mortgage backed and collateralized securities, municipal bonds, mutual bond funds and corporate obligations, including asset backed, foreign bonds and notes.

Commingled Funds – consists of a variety of index, growth, mid-cap and value index funds and are designed to match the return of their respective benchmark indices. The objective of these funds is to match the returns of the domestic and international stock indices. These funds are valued at the net asset value held at the end of the period based upon the fair value of the underlying investments and are open for withdrawal daily and provide for redemptions daily.

Real estate - The Vanguard Real Estate Index Fund Admiral Shares is a real-estate fund designed to provide high income and moderate long-term capital growth by investing in stocks issued by commercial real estate investment trusts (REITs). It employs a full replication process to hold all stocks in the same capitalization weighting as the MSCI US Investable Market Real Estate 25/50 Index and does not have a redemption period, allowing for flexible investment and withdrawal options.

Mutual Funds Corporate Bonds – The Vanguard Total Bond Market Index Fund Admiral Shares is a bond fund designed to provide broad exposure to U.S. investment-grade bonds. The fund employs an indexing investment approach to track the performance of the Bloomberg U.S. Aggregate Float Adjusted Index, which includes U.S. Treasuries, mortgage-backed securities, and investment-grade corporate bonds across various maturities. The strategy focuses on broad diversification, maintaining low costs, and providing a stable income stream through interest payments from the bonds in the portfolio. Requests for redemptions of units in the fund may be made at any time, with proceeds generally available within one business day after the trade date. For large transactions, Vanguard may delay the delivery of redemption proceeds up to seven days.

#### Credit Risk

GASB Statement No. 40 (GASB 40), "Deposit and Investment Risk Disclosures", requires that governments provide information about the credit risk associated with their investments by disclosing the credit quality ratings of investments in debt securities as described by nationally recognized statistical rating organizations. Unless there is information to the contrary, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality.

The City's investment policy allows investment in corporate obligations issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum "Aa" by Moody's Investor Service and a minimum "AA" by S&P. Although the City's investment policy states no rating requirement for Federal Instrumentalities, all investments of this type were rated AAA by S&P and Moody's. Municipal Obligations, including both taxable and tax-exempt, issued or guaranteed by any State, territory or possession of the United States, political subdivision, public corporation, authority, agency board, instrumentality or other unit of local government at the time of purchase must have a minimum Moody's rating of AA3.

Cemetery Perpetual Care Fund - This portfolio's investment policy requires investments in corporate bonds or notes to be rated A or better by a nationally recognized rating service. All of these investments met the policies requirement at September 30, 2024.

Police and Firefighters' Retirement System Fund - The Plan's investment policy requires that investments in fixed income type securities to be rated in the fifth major rating category by all recognized rating services. The overall portfolio quality of the active bond portfolios shall be maintained at A or higher. At September 30, 2024, all of the Plan's investments met this requirement.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

General Employees' Retirement System Fund - This portfolio's investment policy requires investments in corporate bonds or notes to be rated A or better by a nationally recognized rating service. All of these investments met this requirement at September 30, 2024.

#### Custodial Credit Risk – Investments

The City's investment policy requires that all securities, with the exception of certificates of deposit, be held with a third-party custodian. Security transactions between a broker/dealer and the custodian involving the purchase or sale of securities by transfer of money or securities are made on a "delivery vs. payment" basis to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction. As of September 30, 2024, the City's investment portfolio was held with a third-party custodian.

#### Concentration of Credit Risk

GASB 40, requires disclosure of investments in any one issuer that represent five percent or more of total investments, excluding investments issued or explicitly guaranteed by the U.S. government, investments in mutual funds. As of September 30, 2024, there were no investments that represented five percent or more of total investments with one issuer. In addition, the City's investment policy establishes limits on portfolio composition, both by investment type and by issuer. The City's investments did not exceed these limits during the year ended September 30, 2024.

#### Foreign Currency Risk

GASB 40 requires governments to disclose deposits or investments exposed to foreign currency risk. None of the portfolios have exposure to foreign currency risk. All investments are in US dollars.

The General Employee's Retirement System and the Police and Firefighter's Retirement System each issue stand-alone financial statements. Investment disclosures relating to each Plan's interest rate risk, credit risk, concentration of credit risk and related fair value measurement disclosures required by GASB are included in the separate stand-alone plans financial statements. The information can be found or requested to the Board of Trustees and Plan Administrators as follows:

### 3. PROPERTY TAXES

The City's property tax is levied, becomes a lien on real and personal property located in the City and is recorded as a receivable on November 1 of each year based upon the assessed value listed as of the prior January 1. The Broward County Property Appraiser establishes assessed values. The assessed value at January 1, 2023, upon which the fiscal year 2024 levy was based, was approximately \$54.8 billion.

The City is permitted by state law to levy taxes up to 10 mills of assessed valuation for General Fund operations exclusively voted debt levies. Taxes levied for the General Fund for the fiscal year 2024 were 4.1193 mills for operations and 0.2737 for debt service.

All taxes are due from property holders on March 31, become delinquent on April 1 and become subject to the issuance of tax sale certificates on June 1. Current tax collections for the year ended September 30, 2024 were approximately 99.1% of the total tax levy.

**6. RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Insurance Fund is used to account for and finance both uninsured and insured risks of loss. Coverage is provided for workers' compensation, property, employment practices, public officials' liability, active shooter, crime, cyber liability, general liability, automobile liability, watercraft liability, airport liability, police professional liability, and certain medical benefits.

The City has obtained insurance coverage for the following areas:

- Workers' compensation claims in excess of \$1.0 million for general employees and \$1.5 million for first responder employees with statutory limits.
- Property policy with standard peril deductible of \$50,000 per loss, a named windstorm deductible of \$5.0 million per loss on each of the utility and non-utility programs, a \$25.0 million limit per loss on utility and non-utility, and a flood deductible of either \$5,000 or \$50,000 per location.
- Active shooter policy with a deductible of \$10,000 and limit of \$5.0 million per loss.
- Crime and fidelity policy with a deductible of \$100,000 and a \$1.5 million limit per loss.
- Watercraft liability policy with a \$2,500 deductible and limit of \$1.0 million per loss.
- Airport liability policy with no deductible and limit of \$20.0 million limit per loss.
- Medical benefits stop-loss policy in excess of \$400,000 per claim.

Settlements have rarely exceeded the retention on these policies for the past fiscal years. All operating funds of the City participate in the program and make payments to the fund based on estimates of the amounts needed to pay prior and current claims and to provide fund equity for catastrophic losses. The estimated insurance claims payable at September 30, 2024 of \$47,340,000 (discounted at 4.4%) is based on the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues" as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that claims liabilities be based upon the estimated ultimate costs of settling the claims. The liability also includes incurred but not reported claims developed through actuarial analyses of loss history and non-incremental claims adjustment expenses. Changes in the balance of estimated insurance claims payable for the fiscal years ended September 30, 2023 and 2024 follow:

	<b>Medical Benefits</b>	<b>Other</b>	<b>Total</b>

*BASIC FINANCIAL STATEMENTS*

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

**7. LONG-TERM DEBT**

Debt outstanding at September 30, 2024 matures in varying amounts during succeeding fiscal years through 2053. Interest rates on fixed rate debt follow: 2.13% to 5.0% on general obligation bonds, 2.98% on special obligation loans, 0.95 to 1.95% on special obligation bonds, 1.43% to 5.0% on water and sewer revenue bonds, 4.00% to 5.00% on special assessment bonds and 1.10% to 1.50% on state revolving fund loans.

The bond resolutions of the various revenue bond issues require that sufficient funds be available to meet the largest debt service requirement in any ensuing fiscal year. At September 30, 2024, funds available met the debt service requirements for revenue bonds.

**Governmental Activities Debt:**

General obligation bonds are secured by the full faith and credit of the City. The special obligation loans are secured by a pledge of non-ad valorem tax revenues and a covenant to budget and appropriate. The special obligation bonds are secured by a pledge of designated non-ad valorem tax revenues, consisting of communications services tax, public services tax, guaranteed entitlement, and business tax, and a covenant to budget and appropriate.

Periodically, the City will issue conduit debt to fulfill a public need or purpose. These obligations are not reported as liabilities in the City's financial statements and the City is not obligated in any manner for repayment of the debt. As of September 30, 2024, the City had no conduit debt outstanding.

The City's outstanding debt from direct borrowings and direct placements related to governmental activities of \$11,630,761 contain the provision that in an event of default, outstanding amounts become immediately due if the City is unable to make the payment. Additionally, the Special Obligation Loans, the Tax Increment Revenue Improvement and Refunding Note have the following provisions in the event of default: (1) performance of any covenant, condition, agreement or provision (2) material misrepresentations or warranty contained in the agreement or (3) the dissolution or liquidation of the City, or filing of bankruptcy or any similar act, the Lender may proceed to protect and enforce its rights under the laws of the State of Florida and under the agreement.

The Special Obligation Loans contain a subjective acceleration clause that allows the lender to accelerate payment of the entire principal amount to be immediately due and payable, and upon such declaration, the same shall be immediately due and payable. The Tax Increment Revenue Improvement and Refunding Note contains a subjective clause that upon occurrence of any event of default, the Note will bear interest at the lesser of 3.11% or the maximum rate permitted by law and shall continue until such time the event of default has been cured.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

In May 23, 2023, the City entered into a Non-Revolving Line of Credit Note in the amount of \$45,500,000 with Regions Capital Advantage to provide interim financing for project costs related to the City’s police and public safety headquarters building. The Line of Credit Note has the following provisions in an event of default in connection: (1) failure to make payment of the principal of or interest when due and payable or (2) performance of any covenant, condition, agreement or provision; or (3) material misrepresentations or warranty contained in the agreement; or (4) the City admits in writing its inability to pay its debt generally as they become due, or files a petition in bankruptcy or makes an assignment for the benefit of its creditors or consents to the appointment of a receiver or trustee for itself or for the whole or any part of its property or a receiver or trustee for such purpose is appointed without the consent of the City; or (5) the dissolution or liquidation of the City, or filing of bankruptcy or any similar act, the Lender may proceed to protect and enforce its rights under the laws of the State of Florida and under the agreement. Upon an event of default, the Non-Revolving Line of Credit Note will bear interest at the default rate plus 6.0% per annum or maximum allowable by law, whichever is less. The default rate shall be applied per diem and continue until such time as the event of default has been cured. As of September 30, 2024, the Non-Revolving Line of Credit Note had an undrawn balance of \$45,400,000.

**Business-type Activities Debt:**

All the outstanding bonds of the Water and Sewer Fund are secured by the water and sewer net operating revenues. In order to take advantage of low interest rates, the City is participating in the State of Florida revolving loan program to finance sewer system capital improvements. Loan agreements three, four and five were still outstanding as of September 30, 2024. The loan program operates on a reimbursement basis. When proceeds are issued, the loan accrues interest based upon the rate approved by the State at the date of closing. The liability due to the State is the original loan amount plus accrued interest until the date repayments commence, which is approximately three years from date of issue.

The City's outstanding debt from direct borrowings related to business-type activities totaled \$44,820,254. The State Revolving loan agreements have the following provisions in the event of default: (1) Failure to make any monthly loan deposit when it is due; (2) Except as provided in certain subsections, failure to comply with the provisions of the agreement or failure in the performance or observance of any of the covenants or actions required by the agreement; (3) Any warranty, representation or other statement by, or on behalf of, the local borrower contained in the agreement or in any document, certificate or information furnished in compliance with, or in reference to, the agreement, which is false or misleading; (4) An order or decree entered, with the acquiescence of the local borrower, appointing a receiver of any part of the Water or Sewer System or gross revenues; (5) Any proceeding instituted, with the acquiescence of the local borrower, for the purpose of effecting a composition between the local borrower and its creditors or for the purpose of adjusting the claims of such creditors; (6) Any bankruptcy, insolvency or other similar proceeding instituted by, or against, the local borrower under federal or state bankruptcy or insolvency law; (7) Failure of the local borrower to give immediate written notice of default to the Department.

## CITY OF FORT LAUDERDALE, FLORIDA

### BASIC FINANCIAL STATEMENTS

---

#### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

On October 19, 2023, the City issued \$167,345,000 in Water and Sewer Revenue Bonds, Series 2023A to finance certain enabling works necessary to facilitate the integration of the new Prospect Lake Water Treatment Plant into the City's Water system and pay costs of issuance related to the 2023A Bonds. The 2023A Bonds provide for annual principal payments and semi-annual interest payments with interest ranging from 5.0% to 5.5% and final maturity in September 2053. As of September 30, 2024, the City's liability for this bond totaled \$164,310,000.

On October 19, 2023, the City issued \$343,820,000 in Water and Sewer Revenue Bonds, Series 2023B to finance a portion of the costs for the Prospect Lake Water Treatment Plant and pay costs of issuance related to the 2023B Bonds. The 2023B Bonds provide for annual principal payments and semi-annual interest payments with interest ranging from 5.0% to 5.5% and final maturity in September 2053. As of September 30, 2024, the City's liability for this bond totaled \$337,590,000.

The following events shall each constitute an event of default under the Bond Resolution and the Series 2023A and Series 2023B (Series) Bonds: (a) payment of the principal and of the redemption premium, if any, of any of the Bonds shall not be made when the same shall become due and payable; or (b) payment of any installment of interest on any of the Bonds shall not be made when the same shall become due and payable; or (c) the City shall for any reason be rendered incapable of fulfilling its obligations hereunder; or (d) final judgment for the payment of money shall be rendered against the City as a result of the ownership, control or operation of the Water and Sewer System; or (e) the City admits in writing its inability to pay its debts generally as they become due, or files a petition in bankruptcy; or (f) the City is adjudged insolvent by a court of competent jurisdiction; or (g) the City shall file a petition or answer seeking reorganization or any arrangement under the Federal bankruptcy; or (h) under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the City.

On October 19, 2023, the city secured a Water Infrastructure Finance and Innovation Act (WIFIA) loan for \$119,994,028 through United States Environmental Protection Agency (EPA). The proceeds of the loan will be used to finance the costs of improvements to the City's Stormwater Utility System. The loan provides for principal payments annually on January 1 commencing January 1, 2031, through final maturity on July 1, 2060. Upon the City drawing on the loan, interest payments will be payable semi-annually with an interest rate of 5.10%. As of September 30, 2024 the City has not drawn on the loan.

The following events shall each constitute an event of default under the WIFIA loan agreement: payment default, occurrence of a bankruptcy, acceleration of indebtedness, invalidity of WIFIA loan documents, or covenant default.

---

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

**8. LEASES**

In FY2022, the City adopted GASB Statement No. 87, "Leases". The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

Leases Payable

The City entered into sixteen (16) leases that include the right to use land, buildings, and infrastructure. The leases expire at various dates through 2029. The interest rate on these leases ranges from 0.2980% to 3.4500%.

Future minimum lease payments under lease agreements for Governmental Activities are as follows:

Fiscal Year	Governmental Activities		
	Principal Payments	Interest Payments	Total Payments
2025	\$ 2,775,930	\$ 190,693	\$ 2,966,623
2026	2,418,575	138,668	2,557,243
2027	2,276,617	85,101	2,361,718
2028	2,116,775	29,279	2,146,054
2029	165,656	950	166,606
	<u>\$ 9,753,553</u>	<u>\$ 444,691</u>	<u>\$ 10,198,244</u>

Future minimum lease payments under lease agreements for Business-Type Activities are as follows:

Fiscal Year	Business-Type Activities		
	Principal Payments	Interest Payments	Total Payments
2025	\$ 94,000	\$ 3,532	\$ 97,532
2026	116,459	2,643	119,102
2027	127,326	1,564	128,890
2028	110,024	443	110,467
	<u>\$ 447,809</u>	<u>\$ 8,182</u>	<u>\$ 455,991</u>

Lease arrangements assets are amortized over the life of the associated contract. Lease Assets by Major Classes of Underlying Asset as of September 30, 2024:

Lease Assets by Major Classes of Underlying Asset		
Asset Class	Lease Asset	Accumulated
Buildings	\$ 14,971,027	\$ 5,239,962
Infrastructure	23,203	9,601
Land	184,769	94,922
Total Leases by Asset Class	<u>\$ 15,178,999</u>	<u>\$ 5,344,485</u>

**CITY OF FORT LAUDERDALE, FLORIDA**

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Leases Receivable

The City entered into fourteen (14) leases that include the right to use land, buildings, and infrastructure. The leases expire at various dates through 2073. The interest rate on these leases ranges from 0.2280% to 2.5670%. The City recognized \$3,089,566 in lease revenue during the current fiscal year. As of September 30, 2024, the City's deferred inflow of resources from leases was \$97,133,838.

Principal and Interest expected to Maturity for Governmental Activities are as follows:

Fiscal Year	Governmental Activities		
	Principal Payments	Interest Payments	Total Payments
2025	\$ 550,771	\$ 1,264,696	\$ 1,815,467
2026	551,614	1,254,491	1,806,105

Regulated Leases

The City has various aviation leases which are accounted for in the Airport Fund. The cost and carrying amount of the property at inception of the leases were \$2,677,713. Minimum future rentals on these leases as of September 30, 2024 follow:

<b>Fiscal Year Ending in:</b>	<b>Aviation Leases</b>	<b>Land Leases</b>	<b>Total</b>
2025	\$ 5,987,288	\$ 3,279,497	\$ 9,266,785
2026	5,987,288	3,279,497	9,266,785
2027	5,987,288	3,194,497	9,181,785
2028	5,745,625	2,939,497	8,685,122
2029	5,547,335	2,939,497	8,486,832
Later Years	56,592,758	93,695,321	150,288,079
	<b>\$ 85,847,582</b>	<b>\$ 109,327,806</b>	<b>\$ 195,175,388</b>

Financing Purchases

On January 5, 2017, the City entered into a tax-exempt lease purchase agreement in the amount of \$2,055,750 with Banc of America Public Capital Corp. to finance the City’s energy savings performance project. The proceeds of the financing were placed into an escrow deposit account with the escrow agent. The lease agreement carries an interest rate of 1.978% and has a 12 year term with annual debt service payments and expires on January 5, 2029. As of September 30, 2024, the City’s liability for this lease totaled \$994,009.

In an event of default in connection with (i) failure to make payment of the principal of or interest when due and payable or (ii) performance of any covenant, condition, agreement or provision (iii) material misrepresentations or warranty contained in the agreement or (iv) the dissolution or liquidation of the City, or filing of bankruptcy or any similar act, the Lender may proceed to protect and enforce its rights under the laws of the State of Florida and under the agreement. Upon the occurrence of an event of default, and as long as such event of default is continuing, Lessor may, at its option, exercise any one or more of the following remedies: (i) by written notice to Lessee, declare all amounts then due under the Lease, and all remaining lease payments due during the fiscal year in effect when the default occurs to be immediately due and payable, whereupon the same shall become immediately due and payable; (ii) request by written notice that Lessee promptly deliver the equipment to Lessor or its Assignee; and (iii) exercise any other right, remedy or privilege which may be available under applicable laws, to recover damages for the breach of this Lease or to rescind this Lease as to any or all of the equipment.

In June 2023, the City entered into a seven-year lease agreement with Flex Financial, a division of Stryker Sales, LLC for the purchase of LifePak equipment and Lucas batteries with related accessories and services coverage in the amount of \$2,042,743. This is an interest free lease with annual principal payments. As of September 30, 2024, the City’s liability for this lease totaled \$1,452,286.

The Stryker lease agreement has the following provisions in the event of default: (i) Lessee fails to make any lease payment as it becomes due in accordance with the terms of the lease within ten (10) days after it is due, (ii) Lessee Breaches any other term of any schedule, or (iii) Lessee makes any misrepresentations to owner or (iv) Lessee fails to pay any other material obligation owed to the owner or (v) Lessee shall consent to the appointment of a receiver trustee or liquidator of itself or a substantial part of its assets, or (vi) there shall be filed by or against lessee a petition in bankruptcy, or (vii) Lessee’s articles of incorporation or other formation documents shall be amended to change lessee’s name and lessee fails to give owner written notice of such change, or (viii) Lessee’s legal existence in its state of incorporation or formation shall have lapsed or terminated, or (ix) Lessee shall dissolve, sell, transfer or otherwise dispose of all or substantially all of its assets, without owner’s prior written consent, which consent shall not be unreasonably withheld, or (x) without prior written consent of owner, which consent shall not be unreasonably withheld, lessee merges or consolidates with any other entity and lessee is not the survivor of such merger or consolidation.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Upon the occurrence of an event of default, the owner may (1) recover from the lessee the sum of (A) any and all payments, late charges and other amounts then due, (B) accelerate and collect the unpaid balance of the remaining payments scheduled together with the owner’s anticipated residual interest in any or all equipment subject to them, both discounted to present value at a rate of 3% per annum, and (C) Owner’s related reasonable attorneys’ fees, collection costs and expenses; (2) enter upon the lessee’s premises and take possession of any or all of such equipment; (3) terminate any or all schedules and/or (4) utilize any other right or remedy provided by applicable law. Lessee shall also pay to owner interest on all unpaid amounts due under a schedule from the due date of such amounts until paid in full, at a rate per annum equal to the lower of 1 ½% per month or the highest of interest permitted by applicable lay (the Default Interest Rate).

The future (minimum) lease obligations and the net present value of financing lease obligations as of September 30, 2024 are as follows:

<b>Year Ending September 30</b>	<b>Governmental Activities</b>	<b>Business Type Activities</b>	<b>Total</b>
2025	\$ 360,781	\$ 134,985	\$ 495,766
2026	362,767	138,798	501,565
2027	364,811	142,721	507,532

Present Value of Lease Payments	<u>\$ 1,792,761</u>	<u>\$ 653,533</u>	<u>\$ 2,446,294</u>

**9. PENSION OBLIGATIONS**

The City of Fort Lauderdale sponsors two defined benefit plans – General Employees’ Retirement System (GERS) and Police and Firefighters’ Retirement System (PFRS). The GERS and the PFRS each issue a publicly available audited GAAP financial report that includes financial statements and required supplementary information. The information reported below is a brief summary of information reported in more detail in the independently published financial statements for each pension plan. In addition, the City created a Post-Retirement Pay Steps Plan (PPS) for the Police and Firefighters’ Retirement System member retirees.

All of the City’s eligible employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost-sharing, multiple-employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the Pension Plan and the Retiree Health Insurance Subsidy (HIS Plan).

The City’s pension plans are presented in accordance with GASB Statement No. 67, “Financial Reporting for Pension Plans” and GASB Statement No. 68, “Accounting and Financial Reporting for Pensions”. GASB 68 enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI).

		<b>\$ 377,144,643</b>	<b>\$ 188,056,913</b>	<b>\$ 58,358,436</b>	<b>\$ 115,448,715</b>

**1) Defined Benefit Plans – Plan Descriptions and Funding Policies**

**1. General Employees' Retirement System (GERS)**

GERS is a single-employer defined benefit plan administered by an eight-member board of trustees, which covers City employees, except police officers and firefighters. Through collective bargaining with the general, supervisory and professional City employees, a new single-employer defined contribution pension plan was established for Teamster Union employees hired on or after October 1, 2007, Supervisory Union employees hired on or after November 7, 2007, and all other Non-Union employees hired on or after February 20, 2008. The GERS was then closed to new entrants.

Benefits are based on the final average earnings and years of service to determine the amount of the monthly retirement benefit. The final average earnings are determined by averaging the highest two (2) years of earnings over the last five (5) years of employment. Earnings include base pay, longevity pay and under certain circumstances assignment pay. Years of service are converted to a service accrual factor equal to three percent (3%) multiplied by the first twenty-five (25) years of service plus two and one half percent (2.5%) multiplied by years of service beyond twenty-five (25) years. Service is credited for each day you are employed. The maximum accrual factor is ninety percent (90%). Years of service are accrued from the pension date of hire until employment terminates. Members who reach the ninety percent (90%) accrual factor maximum, which coincides with thirty-one (31) years of service, are no longer required to contribute to the Plan.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

---

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Under the vesting provisions of the plan, employees are entitled to 100% of normal retirement benefits after 5 years of service. Members who terminate prior to vesting are entitled to a refund of employee contributions plus interest at 3% per year. Employees are eligible to retire after 30 years of service, regardless of age, or at age 55 with 5 years of service. Members who continue in employment past normal retirement may either accrue larger pensions or freeze their accrued benefit and enter the Deferred Retirement Option Plan (DROP). Each participant in the DROP has an account credited with benefits not received plus interest. Participation in the DROP must end no later than 36 months after normal retirement. Certain employees hired on or after October 1, 1983 electing reduced benefits are entitled to 100% of normal retirement benefits after 10 years of service beginning at age 65. These benefit provisions and all other requirements are established by City ordinance.

Employees contribute from 4% to 6% of their earnings to the plan. The City is required to contribute the remaining amounts necessary to fund the plan, based on an amount determined by the plan's actuaries as of September 30 each year. For the current year, the City's contribution rate as a percentage of annual covered payroll was 21.73% or \$6,783,091.

**Net Pension Liability**

The City's actuarial valuation date is October 1, 2022 rolled forward to September 30, 2023 and net pension liability was measured as of September 30, 2023. Disclosures for the plan as required by GASB Statement No. 67 have been incorporated with a measurement date of September 30, 2024.

The components of the net pension liability of the City were as follows:

<b>Measurement Date:</b>	<b>9/30/2023</b>	<b>9/30/2024</b>
Total Pension Liability	\$ 747,448,524	\$ 756,521,234
Plan Fiduciary Net Position	(688,821,700)	(750,864,375)
City's Net Pension Liability	<u>\$ 58,626,824</u>	<u>\$ 5,656,859</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	92.16%	99.25%

**Actuarial Assumptions**

The total pension liability was determined by an actuarial valuation using the following actuarial assumptions:

<b>Actuarial Valuation Date:</b>	<b>October 1, 2022</b>	<b>October 1, 2023</b>
<b>Measurement Date:</b>	<b>September 30, 2023</b>	<b>September 30, 2024</b>
Inflation	2.25%	2.25%
Salary Increases	3.25% to 4.5% depending on service	3.25% to 4.5% depending on service
Discount Rate	6.75%	6.75%
Investment Rate of Return	6.75%	6.75%

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

---

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Mortality rates are the same as used by the Florida Retirement System (FRS) for Regular Class (non-Teacher) members in their July 1, 2022 actuarial valuation. These rates were taken from the PUB-2010 Headcount-Weighted Mortality Tables and adjusted to reflect FRS' experience. Mortality improvements to all future years after 2010 are generationally projected using Scale MP-2018. Adjustments to the published mortality tables were developed in a statewide experience study conducted for the FRS covering the period 2013 through 2018. F.S. 112.63(1)(f) requires the mortality assumption for funding to be the same as used in either of the two most recently published actuarial valuation reports of the Florida Retirement System. For more information regarding these rates, refer to the July 1, 2022 actuarial valuation report of the FRS Pension Plan.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the targets asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2023 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long Term Expected Real Rate of Return</b>
Domestic Equity	40.0%	8.5%
International Equity	15.0%	5.5%
Emerging Equity	12.0%	7.6%
Private Equity	5.0%	13.3%
Real Estate & Timber	10.0%	9.7%
Fixed Income	15.0%	0.3%
Cash	3.0%	-1.5%
Total	100.00%	

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2024 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long Term Expected Real Rate of Return</b>
Domestic Equity	40.0%	9.8%
International Equity	15.0%	6.0%
Emerging Equity	12.0%	7.9%
Private Equity	5.0%	13.2%
Real Estate & Timber	10.0%	9.5%
Fixed Income	15.0%	1.0%
Cash	3.0%	-1.0%
Total	100.00%	

The Plan's annual money-weighted rate of return, net of investment expense, for FY2024 was 15.62%.

**CITY OF FORT LAUDERDALE, FLORIDA**

**BASIC FINANCIAL STATEMENTS**

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

A single discount rate of 6.75% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 6.75%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments (6.75%) was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate remained unchanged at 6.75%.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

---

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Pension expense and deferred outflows/inflows of resources related to pensions. For the year ended September 30, 2024, the City recognized a pension expense of \$24,854,476. At September 30, 2024, the City reported deferred outflows and deferred inflows of resources related to pension from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Difference Between Expected and Actual Experience	\$ 1,014,136	\$ -
Net Difference Between Projected and Actual Earnings on Pension Investments	31,270,597	-
Employer contribution subsequent to the measurement date	6,783,091	-
Total	<u>\$ 39,067,824</u>	<u>\$ -</u>

\$6,783,091 reported as deferred outflows of resources resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2025. Other amounts reported as deferred outflows of resources related to pension will be recognized in pension expense as follows:

<b>Year ending September 30,</b>	<b>Net Deferred Outflows of Resources</b>
2025	\$ 5,202,875
2026	3,809,350
2027	26,728,693
2028	(3,456,185)
2029	-
Thereafter	-
Total	<u>\$ 32,284,733</u>

Historical trend information is presented in required supplementary information schedules following these notes to show the changes in the net pension liability and the contributions to the plan.

The Plan issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained online at [www.citypension.com](http://www.citypension.com) or by writing the Board of Trustees:

Board of Trustees of the City of Fort Lauderdale General Employees' Retirement System  
316 NE Fourth Street, Suite 2  
Fort Lauderdale, FL 33301

**2. Police and Firefighters' Retirement System (PFRS)**

The PFRS is a single-employer defined benefit plan administered by a seven-member board of trustees, which covers all police and firefighters.

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Under the vesting provisions of the plan, employees are entitled to 100% of normal retirement benefits after 10 years of service. Members who terminate prior to vesting are entitled to a refund of employee contributions plus interest at 3% per year. Employees are eligible to retire after 20 years of service, regardless of age, or at age 55 with 10 years of service. Members who continue in employment after completion of 20 years of service may either accrue larger pensions or freeze their accrued benefit and enter the Deferred Retirement Option Plan (DROP). Each participant in the DROP has an account credited with benefits not received plus interest. Participation in the DROP must end no later than 60, 72, 84 or 96 months after normal retirement depending on years of service. These benefit provisions and all other requirements are established by City ordinance.

The plan provides for a permissible DROP extension for members who were participating in the DROP with a DROP period of less than ninety-six (96) months. The applicable extension would be for an additional twelve (12) or twenty-four (24) months of DROP participation, such that the total DROP participation would not exceed ninety-six (96) months. Tier 1 members participating in DROP shall contribute 1.75% of salary. This requirement was effective October 1, for firefighters and October 1, 2017 for police officers. It is our understanding that no DROP participants will receive a refund of contributions made while in DROP, regardless of length of participation. Tier 2 members participating in DROP shall contribute 10% of salary for the first five (5) years of DROP participation, and 1.50% of salary for each year thereafter. It is our understanding that no DROP participants will receive a refund of contributions made while in DROP, regardless of length of participation.

Effective October 1, 2017, for all Police Officer members, and October 1, 2018 for all Firefighter members, the member contribution rate was increased to 10% of their pensionable wages. In addition, effective October 1, 2017 for Tier 1 Police Officer members and October 1, 2018 for all Tier 1 Firefighter members, defined as entering the Deferred Retirement Option Program (DROP) on or before April 10, 2010, and current DROP members, are required to contribute 1.75% of their pensionable wages. Tier 2 members, defined as members hired after April 10, 2010, will be required to contribute 10% of their pensionable wages for the first 60 months of the member's 96 month DROP period. Thereafter, DROP Police Officer and Firefighter members will be required to contribute 1.5% of their pensionable wages. In addition, contributions in the amount of \$4,750,365 were received from the State of Florida from fire and casualty insurance premium taxes. These on-behalf payments were also recognized as tax revenues and public safety expenditures in the General Fund. The City is required to contribute the remaining amounts necessary to fund the plan, based on an amount determined by the plan's actuaries as of October 1 each year.

For the current year, the City and State of Florida contribution rates as percentages of annual covered payroll were 22.04% (\$20,350,843) and 7.66% (\$7,072,490), respectively.

Police and Firefighters hired on or before April 1, 2014 will receive a monthly pension benefit equal to 3.38% of the Average Monthly Earnings, defined as the highest two years preceding retirement, for all years of service. Firefighters who were employed before December 11, 1993 will receive an additional 2.0% bonus at retirement. Certain firefighters hired prior to December 11, 1993 may have elected to remain in the old plan. Police hired after April 1, 2014 and Firefighters hired after October 1, 2014 will receive a monthly pension benefit equal to 3.0% of the Average Monthly Earnings, defined as the highest five years preceding retirement, for all years of service to a maximum accrual of 75% of Final Average Monthly Earnings. Early retirement, disability, death and other benefits are also provided.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

---

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

**Net Pension Liability**

The City's actuarial valuation date is October 1, 2022 rolled forward to September 30, 2023 and net pension liability was measured as of September 30, 2023. Disclosures for the plan as required by GASB Statement No. 67 have been incorporated with a measurement date of September 30, 2024.

The components of the net pension liability of the City were as follows:

<b>Measurement Date:</b>	<b>9/30/2023</b>	<b>9/30/2024</b>
Total Pension Liability	\$ 1,266,436,108	\$ 1,312,421,447
Plan Fiduciary Net Position	(1,080,069,680)	(1,222,065,487)
City's Net Pension Liability	<u>\$ 186,366,428</u>	<u>\$ 90,355,960</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	85.28%	93.12%

**Actuarial Assumptions**

The total pension liability was determined by an actuarial valuation using the following actuarial assumptions:

<b>Actuarial Valuation Date:</b>	<b>October 1, 2022</b>	<b>October 1, 2023</b>
<b>Measurement Date:</b>	<b>September 30, 2023</b>	<b>September 30, 2024</b>
Inflation	2.50%	2.50%
Salary Increases	Service based	Service based
Discount Rate	7.10%	7.10%
Investment Rate of Return	7.10%	7.10%

PUB 2010 mortality tables are being utilized with mortality improvement projected using Scale MP-2018. This assumption sufficiently accommodates future mortality improvements. The previously described mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the Florida Retirement System (FRS). The above rates are those outlined in Milliman's July 1, 2021 FRS valuation report for special risk employees, with appropriate adjustments made based on plan demographics, 90% of active Firefighter deaths, and 75% of active Police Officer deaths are assumed to be service-incurred. The most recent actuarial experience study used to review the other significant assumptions was dated June 8, 2020.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. For fiscal year 2023, the inflation rate assumption of the investment advisor was 2.30%. These ranges are combined to produce the long-term expected rate by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

---

**NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2023 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long Term Expected Real Rate of Return</b>
Domestic Equity	30.00%	7.42%
International Equity	15.00%	6.25%
Domestic Bonds	20.00%	4.38%
Real Estate	15.00%	6.02%
Other	20.00%	7.25%
Total	<u>100.00%</u>	

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2024 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long Term Expected Real Rate of Return</b>
Domestic Equity	30.00%	8.70%
International Equity	15.00%	6.10%
Domestic Bonds	20.00%	4.36%
Real Estate	15.00%	6.70%
Other	20.00%	6.50%
Total	<u>100.00%</u>	

The Plan's annual money-weighted rate of return, net of investment expense, for FY2024 was 16.04%.

**Discount Rate**

For the September 30, 2023 measurement date, the discount rate used to measure the total pension liability was 7.15%, a decrease of 0.05 from the prior measurement date. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current rate and that sponsor contribution will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. For the Plan's September 30, 2024 measurement date, the discount rate was 7.10%, a decrease from the previous discount rate of 7.15%

Employer and State contribution subsequent to the measurement date	27,423,333	-
Total	<u>\$107,034,144</u>	<u>\$ 14,203,625</u>

\$27,423,333 reported as deferred outflows of resources resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2025. Other amounts reported as deferred outflows of resources related to pension will be recognized in pension expense as follows:

<b>Year ending September 30,</b>	<b>Net Deferred Outflows of Resources</b>
2025	\$ 19,399,144
2026	16,376,128
2027	33,276,192
2028	(3,644,278)
2029	-
Thereafter	-
Total	<u>\$ 65,407,186</u>

Historical trend information is presented in required supplementary information schedules following these notes to show the changes in the net pension liability and the contributions to the plan.

The Plan issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained online at [www.ftlaudpfpension.com](http://www.ftlaudpfpension.com) or by writing the Board of Trustees:

Board of Trustees of the City of Fort Lauderdale Police and Firefighters' Retirement System  
888 S. Andrews Avenue, Suite 202  
Fort Lauderdale, Florida 33316

**3. Florida Retirement System (FRS)**

Under Resolution 20-183, the City of Fort Lauderdale joined the Florida Retirement System (FRS) for City employees other than police officers and firefighters, including employees of the GERS and PFRS effective January 1, 2021.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the Pension Plan and the Retiree Health Insurance Subsidy (HIS Plan). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (Investment Plan) alternative to the Pension Plan, which is administered by the State Board of Administration (SBA). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Florida Legislature establishes and may amend the contribution requirements and benefit terms of all FRS plans.

#### a. Pension Plan

##### Plan Description

The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership for the City are as follows:

- Regular Class - Members of the FRS who do not qualify for membership in the other classes.
- Elected Officers' Class (EOC) - Members who hold specified elected offices of local government
- Special Risk Class – Members in certain categories of law enforcement, firefighting, criminal detention and emergency medical care.

Employees enrolled in the Pension Plan prior to July 1, 2011, vest after six years of creditable service, and employees enrolled in the Pension Plan on or after July 1, 2011, vest after eight years of creditable service. Regular Class and EOC members initially enrolled in the Pension Plan before July 1, 2011, once vested, are eligible for normal retirement benefits at age 62 or at any age after 30 years of creditable service. Members in these classes initially enrolled in the Pension Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Early retirement may be taken any time after vesting within 20 years of normal retirement age, however, there is a 5.0% benefit reduction for each year prior to the normal retirement age.

DROP is available under the Pension Plan when the member first reaches eligibility for normal retirement. The DROP allows a member to retire while continuing employment for up to 60 months. While in the DROP, the member's retirement benefits accumulate in the FRS Trust Fund increased by a cost-of-living adjustment each July, and earn monthly interest equivalent to an annual rate of 4.00% on the preceding months DROP accumulation until DROP participation ends.

##### Benefits Provided

Benefits under the Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

The benefits received by retirees and beneficiaries are increased by a cost-of-living adjustment (COLA) each July. If the member was initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before that time, the annual COLA is 3.0% per year. The annual COLA for retirees with an effective retirement date or DROP date beginning on or after August 1, 2011, who were initially enrolled before July 1, 2011, is a proportion of 3.0% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3.0%. Pension Plan members initially enrolled on or after July 1, 2011, will not have a COLA after retirement.

#### Contributions

Effective July 1, 2011, all enrolled members of the Pension Plan, other than DROP participants, are required to contribute 3.0% of their salary to the Pension Plan. In addition to member contributions, governmental employers are required to make contributions to the Pension Plan based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from July 1, 2023 through June 30, 2024 and from July 1, 2024 through September 30, 2024, respectively, were as follows: Regular 13.57% and 13.63%; Elected Officers' remained at 58.68%; and DROP participants remained at 21.13%. For the fiscal year ending September 30, 2024, City contributions to the FRS plan totaled \$4,946,333.

#### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2024, the City reported a liability of \$33,791,241 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City's proportionate share of the net pension liability was based on the City's FY2024 contributions relative to the FY2024 fiscal year contributions of all participating members. At June 30, 2024 the City's proportionate share was 0.087350394%, an increase from the FY2023 proportionate share of 0.083576824%.

Pension expense and deferred outflows/inflows of resources related to pensions: For the year ended September 30, 2024, the City recognized a pension expense of \$9,733,554. At September 30, 2024 the City reported deferred outflows of resources related to pension from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Difference Between Expected and Actual Experience	\$ 3,413,822	\$ -
Changes in Assumptions	4,631,398	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	2,245,942
Changes in Proportion and Differences Between Employer Contribution and Proportionate Share of Contributions	11,083,066	-
Employer contribution subsequent to the Measurement Date	1,304,761	-
<b>Total</b>	<b>\$ 20,433,047</b>	<b>\$ 2,245,942</b>

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

\$1,304,761 reported as deferred outflows of resources resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2025. Other amounts reported as deferred outflows of resources related to pension will be recognized in pension expense as follows:

Year ending September 30,	Net Deferred Outflows of Resources
2025	\$ (1,495,435)
2026	16,245,671
2027	1,184,287
2028	56,015
2029	891,807
Thereafter	-
Total	<u>\$ 16,882,344</u>

### Actuarial Assumptions

The total pension liability was determined by an actuarial valuation using the following actuarial assumptions:

Inflation	2.40%
Salary Increases	3.50 including inflation Investment
Rate of Return	6.7%

Mortality rates were based on the PUB-2010 base table which varies by member category and sex, projected generationally with scale MP-2021. The actuarial assumptions that determined the total pension liability as of June 30, 2024 were based on the results of an actuarial experience study for the July 1, 2018 - June 30, 2023 experience observation period.

The long-term expected rate of return assumption of 6.70% used in GASB discount rate calculations consists of two building block components: 1) a long-term average annual inflation assumption of 2.40% as adopted in October 2024 by the FRS Actuarial Assumption Conference; and 2) an inferred real (in excess of inflation) return of 4.20%. Geometrically combining those building blocks generates an expected nominal return of 6.70%. In the opinion of the FRS consulting actuary, both building block components and the overall 6.70% return assumption were determined to be reasonable and appropriate per Actuarial Standards of Practice. The 6.70% reported investment return assumption is the same as the investment return assumption chosen by the 2023 FRS Actuarial Assumption Conference for funding policy purposes.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation <sup>1</sup>	Annual Arithmetic Return	Compound Annual (Geometric) Return	Annual Standard Deviation
Cash Equivalent	1.0%	3.3%	3.3%	1.1%
Fixed Income	29.0%	5.7%	5.6%	3.9%
Global Equity	45.0%	8.6%	7.0%	18.2%
Real Estate	12.0%	8.1%	6.8%	16.6%
Private Equity	11.0%	12.4%	8.8%	28.4%
Strategic Investments	2.0%	6.6%	6.2%	8.7%
Total	100.0%			
Assumed Inflation - Mean			2.4%	1.5%

<sup>1</sup> As outlined in the FRS Pension Plan's investment policy available from Funds We Manage on the SBA's website at [www.sbafla.com](http://www.sbafla.com).

### Discount Rate

The discount rate used to measure the total pension liability was 6.70%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions will be made at the statutorily required rates. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the valuations of the defined benefit pension plans pursuant to Section 216.136(10), Florida Statutes. The 6.70% rate of return assumption used in the June 30, 2024 calculations was determined by the Plan's consulting actuary to be reasonable and appropriate per Actuarial Standard of Practice No. 27 (ASOP 27) for accounting purposes which differs from the rate used for funding purposes which is used to establish the contribution rates for the Pension Plan.

### Sensitivity of the Proportionate Share of the Net Position Liability to Changes in the Discount Rate

The following represents the City's proportionate share of the net pension liability calculated using the discount rate of 6.70%, as well as what the proportionate shares of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate (dollars in thousands):

	Current Single Discount		
	1% Decrease 5.70%	Rate Assumption 6.70%	1% Increase 7.70%
City's Proportionate Share of the Net Pension Liability	\$ 59,437,609	\$ 33,791,241	\$ 12,306,967

Payables to the FRS Pension Plan - At September 30, 2024, the City reported payables in the amounts of \$403,163 for outstanding contributions to the Pension Plan.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

#### Pension Plan Fiduciary Net Position

Detailed information regarding the FRS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

#### b. Health Insurance Subsidy Plan (HIS)

##### Plan Description

The HIS Plan is a non-qualified, cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

##### Benefits Provided

For the fiscal year ended June 30, 2024, retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$7.50. The payments are at least \$45 but not more than \$225 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

##### Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. The employer contributions are a percentage of gross compensation for all active FRS members. The employer contribution rates for the period from July 1, 2023 through June 30, 2024 and for the July 1, 2024 through June 30, 2025 period were 2.00%. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

For the fiscal year ending September 30, 2024, contributions to the HIS Plan for the City totaled \$1,230,005.

#### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2024, the City reported a liability of \$21,793,804 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. At June 30, 2024, the City's proportionate share was 0.145282562%, an increase from FY2023 proportionate share of 0.132266261%.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

For the fiscal year ended September 30, 2023, the City recognized pension expense of \$3,572,357. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to the HIS Plan from the following sources (in thousands):

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Difference Between Expected and Actual Experience	\$ 210,434	\$ 41,847
Changes in Assumptions	385,699	2,580,107
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	7,882
Changes in Proportion and Differences Between Employer Contribution and Proportionate Share of Contributions	9,523,794	-
Employer contribution subsequent to the Measurement Date	312,813	-
<b>Total</b>	<b>\$ 10,432,740</b>	<b>\$ 2,629,836</b>

\$312,813 reported as deferred outflows of resources resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2025. Other amounts reported as deferred outflows of resources related to pension will be recognized in pension expense as follows:

<b>Year ending September 30,</b>	<b>Net Deferred Outflows of Resources</b>
2025	\$ 1,215,148
2026	1,499,317
2027	2,184,115
2028	1,527,088
2029	832,060
Thereafter	232,362
<b>Total</b>	<b>\$ 7,490,091</b>

### Actuarial Assumptions

The total pension liability in the July 1, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases	3.50% including inflation
Investment Rate of Return	3.93%

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2021. The actuarial assumptions that determined the total pension liability as of June 30, 2024, were based on certain results of an actuarial experience study of the FRS for the period July 1, 2018 - June 30, 2023.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

#### Discount Rate

The discount rate used to measure the total pension liability at June 30, 2024 was 3.93%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The change between the two measurement dates is due to the changes in the applicable municipal bond index between the dates. The discount rate assumption changed from 3.65% to 3.93% since the prior measurement date.

#### Sensitivity of the City's Proportionate Share of the Net Position Liability to Changes in the Discount Rate

The following represents the City's proportionate share of the net pension liability calculated using the discount rate of 3.93%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (2.93%) or one percentage point higher (4.93%) than the current rate:

	Current Single Discount		
	1% Decrease	Rate Assumption	1% Increase
	2.93%	3.93%	4.93%
City's Proportionate Share of the Net Pension Liability	\$ 24,809,444	\$ 21,793,804	\$ 19,290,334

#### Pension Plan Fiduciary Net Position

Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

#### Payables to the Pension Plan

At September 30, 2024, the City reported a payable in the amount of \$14,569 for outstanding contributions required to the HIS Plan.

#### c. Investment Plan

The State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report. As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the defined benefit pension plan. City employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida State Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of plan members. Effective July 1, 2012, allocations to the investment member's accounts, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular Class 8.30%, Senior Management Service Class 9.67%, Special Risk Class 16.0%, and Elected Officers' Class 11.38%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2025, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the City.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Investment Plan pension expense for the City totaled \$310,731 for the fiscal year ended September 30, 2024.

Additional audited financial information supporting the Schedules of Employer Allocations and the Schedules of Pension Amounts by Employer is located in the Florida Retirement System Pension Plan and Other State Administered Systems AFR for the fiscal year ended June 30, 2023.

The system's AFR and the actuarial valuation reports referenced herein are available online or by contacting the Division of Retirement at: [http://www.dms.myflorida.com/workforce\\_operations/retirement/publications](http://www.dms.myflorida.com/workforce_operations/retirement/publications).

#### **4. Post-Retirement Pay Steps Plan (PPS)**

The Post-Retirement Pay Steps Plan (PPS) for the Police and Firefighters' Retirement System (PFRS) was created to offer post-retirement payments to member retirees who were employed by the City as police officers on or after October 1, 2017, and for firefighters on or after October 1, 2018. The PPS Plan Trust is a single-employer defined benefit plan and administered by the City of Fort Lauderdale Commission as the Board of Trustees with a Trust Administrator responsible for the day-to-day administration and is contained within the OPEB Trust as a separate plan. For more information see Note 10.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

Disclosures for the Plan related to GASB Statement No. 67 have been incorporated as of September 30, 2024. Plan membership as of September 30, 2024:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	61
Inactive Plan Members Entitled to but Not Yet Receiving Benefits	106
Active Plan Members	944
Total	<u>1,111</u>

The Plan provides for five post-retirement pay steps. The steps shall be payable annually and each step shall take effect every third year until five steps have been achieved. To be eligible for a PPS, the member must have retired (including the end of DROP) and separated from the City for a period of three years. The value of any individual PPS shall be based on the normal retirement benefit of the member, exclusive of any amount paid from the DROP. The initial PPS shall be equal to three percent (3%) of the individual's base retirement benefit and each subsequent PPS shall be three percent (3%) of the preceding step by multiplying the preceding amount by 1.03.

#### Contribution

Benefit provisions and City contribution requirements are established and may be amended by the City Commission. The PPS may be altered or eliminated for members covered by a collective bargaining agreement through future negotiations and adoption of an ordinance. Contributions to the plan totaled \$2,354,992 for the year ending September 30, 2024.

#### Net Pension Liability

The City's actuarial valuation date is October 1, 2022 rolled forward to September 30, 2023 and net pension liability was measured as of September 30, 2023. Disclosures for the plan as required by GASB Statement No. 67 have been incorporated with a measurement date of September 30, 2024.

The components of the net pension liability of the City were as follows:

<u>Measurement Date:</u>	<u>9/30/2023</u>	<u>9/30/2024</u>
Total Pension Liability	\$ 82,268,901	\$ 103,585,461
Plan Fiduciary Net Position	(5,702,555)	(9,512,279)
City's Net Pension Liability	<u>\$ 76,566,346</u>	<u>\$ 94,073,182</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	6.93%	9.18%

#### Actuarial Assumptions

The total pension liability was determined by an actuarial valuation using the following actuarial assumptions:

<u>Actuarial Valuation Date:</u>	<u>October 1, 2022</u>	<u>October 1, 2023</u>
<u>Measurement Date:</u>	<u>September 30, 2023</u>	<u>September 30, 2024</u>
Inflation	2.50%	2.50%
Salary Increases	Service based	Service based
Discount Rate	5.03%	4.27%
Investment Rate of Return	7.00%	7.00%

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

**NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2024**

Mortality rates were based on the Generational PUB 2010 and Improvement Scale MP-2018. The previously described mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the Florida Retirement System (FRS). The above rates are those outlined in Milliman’s July 1, 2021 FRS valuation report for special risk employees, with appropriate adjustments made based on plan demographics. The most recent actuarial experience study used to review the other significant assumptions was performed for the City of Fort Lauderdale Police and Firefighters’ Retirement System dated June 8, 2020.

The long-term expected rate of return on pension plan investments can be determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. For FY2024 the inflation rate assumption of the investment advisor was 2.50%. These ranges are combined to produce the Long-Term Expected Rate of Return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The Plan did not hold investments in any one organization that represents 5 percent or more of the Pension Plan’s Fiduciary Net Position. In FY2024, the annual money-weighted rate of return that expresses investment performance, net of investment expense, adjusted for changes in the amount invested was 24.60%.

Best estimates of geometric real rates of return for each major asset class included in the Pension Plan’s target asset allocation as of September 30, 2023, are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long Term Expected Real Rate of Return</b>
Domestic Equity	40.00%	5.50%
International Equity	17.00%	5.10%
Fixed Income	40.00%	2.70%
Real Estate	3.00%	5.00%
	<u>100.00%</u>	

Best estimates of geometric real rates of return for each major asset class included in the Pension Plan’s target asset allocation as of September 30, 2024, are summarized in the following table:

<b>Asset Class</b>	<b>Target</b>	<b>Long Term Expected</b>
Domestic Equity	40.00%	4.75%
International Equity	17.00%	4.55%
Fixed Income	40.00%	2.48%
Real Estate	3.00%	4.50%
	<u>100.00%</u>	

**Discount Rate**

The projection of cash flows used to determine the Discount Rate assumed that the City shall contribute an amount equal to the average of the last four years’ of contributions. Based on those assumptions, the Pension Plan’s Fiduciary Net Position was projected to provide future benefit payments for 17 years. Therefore, benefit payments for 17 years were discounted using a discount rate equal to the Long-Term Rate of Return of 7.00%. Future benefits payments beyond 17 years were discounted using a high-quality municipal bond rate of 4.06%. The high-quality municipal bond rate was based on the daily rate closest to, but not later than the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index. The single equivalent discount rate changed from 5.03% to 4.27% from previous measurement date.

## BASIC FINANCIAL STATEMENTS

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

Pension expense and deferred outflows/inflows of resources related to pensions: For the year ended September 30, 2024, the City recognized a pension expense of \$3,388,697. At September 30, 2024 the City reported deferred outflows of resources related to pension from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Difference Between Expected and Actual Experience	\$ 8,172,573	\$ 671,880
Changes in Assumptions	158,560	38,607,153
Net Difference Between Projected and Actual Earnings		
on Pension Investments	403,033	-
Employer contribution subsequent to the Measurement Date	2,354,992	-
Total	<u>\$ 11,089,158</u>	<u>\$ 39,279,033</u>

\$2,354,992 reported as deferred outflows of resources resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2025. Amounts reported as deferred outflows of resources related to pension will be recognized in pension expense as follows:

<b>Year ending September 30,</b>	<b>Net Deferred Inflows of Resources</b>
2025	\$ (3,644,626)
2026	(3,644,709)
2027	(3,562,918)
2028	(3,821,234)
2029	(3,769,130)
Thereafter	(12,102,250)
Total	<u>\$ (30,544,867)</u>

The PPS Plan does not issue a separate financial report. Historical trend information is presented in required supplementary information schedules following these notes to show the changes in the net pension liability and the contributions to the plan.

#### **B) Defined Contribution Plans**

The City maintains three separate single-employer defined contribution plans administered by ICMA Retirement Corporation (ICMA-RC). The General Employees Defined Contribution (GEDC) Plan, the General Employees Special Class (GESC) Plan, and the Non-classified Employees Retirement (NCER) Plan which cover all City employees hired on or after October 1, 2007 and before January 1, 2021, except police and fire.

The City's contribution to the GEDC, GESC, and NCER is paid on a biweekly basis based on earnings of participants at the rate of 9.00%, 20.62%, and 19.89%, respectively that amounted to \$3,124,047. Employee contributions are neither required nor permitted under the plans. Employees become fully vested in the plans upon entry. These benefit provisions and all other requirements are established by City ordinance.

**CITY OF FORT LAUDERDALE, FLORIDA**

*BASIC FINANCIAL STATEMENTS*

---

**NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2024**

All plans closed to new entrants after December 31, 2020. The City's current year payroll for employees covered by the plans was approximately \$33,369,808. The total City payroll for the year was approximately \$278,101,825.

**10. POST-EMPLOYMENT BENEFITS**

**Plan Description**

The City provides a single employer defined benefit post-employment health insurance benefit to its general employees, sworn police officers and certified firefighters. Employees are paid from \$100 to \$400 per month upon normal retirement for the purchase of health insurance. Non-Union Management and Confidential employees hired on or after October 1, 2012 are not eligible for this benefit. Employees hired under the Fraternal Order of Police and the Federation of Public Employees on or after April 1, 2014, are no longer eligible for this contribution. Teamsters' employees hired on or after December 17, 2014 and employees hired under the International Association of Firefighters hired on or after June 16, 2015, are not eligible.

**Benefits Provided**

The benefit continues until age 65 and is funded on a pay-as-you-go basis. In addition, pursuant to Section 112.0801, Florida Statutes, general employees and certified firefighters who retire from the City may continue their participation in a City sponsored health and/or dental insurance plan at the same premiums applicable to active employees. Since retiree claims are expected to result in higher costs to the plans, on average, than those for active employees on an actuarial basis, there is an implicit subsidy included in the premiums for the retirees. Benefit expense totaled \$2,516,547 for the year, of which retiree implicit subsidies amounted to \$834,473.

**Contributions**

Benefit provisions and City contribution requirements are established and may be amended by the City Commission. Contributions totaled \$1,845,793 for the year ended September 30, 2024.

The Other Post-Employment Benefits (OPEB) Trust is administered by the City of Fort Lauderdale Commission as the Board of Trustees with a Trust Administrator responsible for the day-to-day administration. The Trust was established on September 16, 2014 and covers former City employees who are eligible for certain post-employment benefits. As of September 30, 2024, \$45,846,212 was invested in the OPEB Trust fund. The OPEB Trust does not issue a separate financial report.

Disclosures for the Plan related to GASB Statement No. 74, "Financial Reporting For Postemployment Benefit Plans Other Than Pension Plans" have been incorporated as of September 30, 2024.

Plan membership as of September 30, 2024:

Active Plan Members	2,025
Inactive plan members receiving benefit payments	342
Total	<u>2,367</u>

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

#### Net OPEB Liability

The City's actuarial valuation date was October 1, 2022. Net OPEB liability was measured as of September 30, 2023 and September 30, 2024 for the City and the Plan, respectively. Disclosures for the plan as required by GASB Statement No. 74 have been incorporated with a measurement date of September 30, 2024.

The components of the net OPEB liability of the City were as follows:

Measurement Date:	9/30/2023	9/30/2024
Total OPEB Liability	\$ 46,021,707	\$ 45,301,987
Plan Fiduciary Net Position	(38,406,645)	(45,887,120)
City's Net OPEB Liability (Asset)	<u>\$ 7,615,062</u>	<u>\$ (585,133)</u>
Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	83.45%	101.29%

#### Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation using following actuarial assumptions:

Actuarial Valuation Date:	October 1, 2022	October 1, 2022
Measurement Date:	September 30, 2023	September 30, 2024
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Inflation	2.50%	2.50%
Salary Increases	3.00%	3.00%
Discount Rate	6.30%	6.30%
Investment Rate of Return	6.30%	6.30%
Mortality	SOA PUB-2010, with MP-2021	SOA PUB-2010, with MP-2021
Healthcare Trend Rate	8.00%	7.50%

#### Investments

Investment policy: The OPEB investment policy applies to the investment activities of the Other Post-Employment Benefits Trust ("OPEB Trust") for employees of the City of Fort Lauderdale. The City Commission serves as the OPEB Board of Directors ("Board") and has delegated the responsibility for conducting investment transactions with the Trust Administrator ("TA"). The purpose of this policy is to provide the TA with guidance for the administration of the Trust.

The long-term expected rate of return on the plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The long-term investment objective of the OPEB Trust is to provide for participant benefit needs. The goal of the OPEB Trust is to use a passive management strategy to invest in low-cost funds. The TA shall review and monitor the actuarial assumptions to provide for participant benefits' needs and make changes as necessary upon receipt of the actuarial report.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

In FY2024, the annual money-weighted rate of return that expresses investment performance, net of investment expense, adjusted for changes in the amount invested was 6.37%.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as of September 30, 2023 in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Rate of Return</b>
Domestic Equity	40.0%	5.1%
International Equity	17.0%	4.7%
Fixed Income	40.0%	2.2%
Real Estate	3.0%	4.5%
Total	<u>100.00%</u>	

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as of September 30, 2024 in the following table:

<b>Asset Class</b>	<b>Allocation</b>	<b>Rate of Return</b>
Domestic Equity	40.00%	5.1%
International Equity	17.00%	4.7%
Fixed Income	40.00%	2.2%
Real Estate	3.00%	4.5%
Total	<u>100.00%</u>	

### Discount Rate

The discount rate used to measure the total OPEB liability remained at 6.30% for 2023 and 2024 measurement dates, respectively. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability for fiscal years 2023 and 2024.

## BASIC FINANCIAL STATEMENTS

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

#### 11. DEFERRED COMPENSATION PLAN

The City offers a deferred compensation plan to its employees in addition to the pension plans. GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32, was issued June 2020.

The primary objectives of this Statement are to: (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. Accordingly, the assets and liabilities of the plan are not reported within the City's financial statements.

#### 12. INTER-FUND RECEIVABLES, PAYABLES AND TRANSFERS

Individual inter-fund receivable and payable balances at September 30, 2024 follow:

	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
<u>Governmental Funds</u>		
General Fund	\$ 26,914,615	\$ 1,015,843
General Obligation Construction 2020B	-	394,834
Nonmajor Governmental Funds		
Intergovernmental Revenue Fund	-	19,856,472
General Obligation Construction 2020A	-	731,905
Perpetual Care Trust Fund	-	1,574
Total Governmental Funds	<u>\$ 26,914,615</u>	<u>\$ 22,000,628</u>
<u>Fiduciary Funds</u>		
General Employees' Pension Fund	-	2,776,522
Police and Firefighters' Pension Fund	1,015,843	3,141,147
Post-Retirement Pay Steps Plan	-	12,161
Total Fiduciary Funds	<u>1,015,843</u>	<u>5,929,830</u>
	<u>\$ 27,930,458</u>	<u>\$ 27,930,458</u>

The payables of \$1,015,843 are due to the pension trust funds for reimbursements of payments to employees and the \$1,690 is due to the Central Services fund. The \$19,856,472 in the Intergovernmental Revenue Fund represents short-term borrowings that will be repaid using grant receipts. The Perpetual Care Trust Fund payables of \$1,574 payable to the General Fund for operational costs of the City's cemeteries that will be repaid by the Cemetery Trust. The payables to the General Fund from the pension trust funds totaling \$5,929,830 were for operating expenses of the funds paid by the City.

	-	5,021,385	285,000	-	5,306,385
	\$ 1,931,265	\$ 84,508,987	\$ 964,000	\$ 14,364,855	\$ 101,769,107

The City transfers funds from the General Fund into: the special revenue fund for the tax increment revenues derived from appreciation of the tax bases in the redevelopment areas of the CRA; the debt service funds to meet debt service requirements; the capital projects funds to fund non-debt financed governmental projects; the internal service funds to purchase capital assets that are not covered through normal user fees; nonmajor enterprise funds included \$12,287,009 in private collectors fees to the Sanitation fund and \$1,342,735 to the Airport fund to pay for the final installment towards the purchase of 64 acres of land based on an agreement with the Federal Aviation Administration to remove restrictive covenants. Transfers from the Water and Sewer fund into the Nonmajor Governmental funds are to cover debt service payments.

### 13. FUND BALANCES

The Commission adopted a Fund Balance Policy by Resolution No.13-179 which is a financial standard to maintain the unrestricted fund balance for the General Fund at a level that is equivalent to two (2) months of operating expenditures and required transfers. Should the projected or actual unrestricted fund balance fall below this minimum, a plan will be submitted for consideration to achieve the minimum level within a three-year period. This plan will include a combination of cost reductions, revenue enhancements, and/or service reductions and should be submitted within 30 days of recognition of the fund shortfall.

Use of fund balance below the recommended threshold is permitted only in case of an emergency, or in the case of an unanticipated economic downturn, which causes a material loss of revenues. Non-recurring revenues shall not be used to balance the annual budget for recurring expenditures.

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

#### 14. COMMITMENTS AND CONTINGENT LIABILITIES

The City has outstanding encumbrances in the governmental funds as well as other significant commitments in the various enterprise funds. The following is a summary of these commitments at September 30, 2024:

General Fund	\$ 2,870,686
GO Bond 2020B Construction	2,688,509
Nonmajor Governmental Funds	18,842,301
Internal Service Funds	6,237,820
Water and Sewer	353,430,066
Nonmajor Enterprise Funds	11,358,575
Total Commitments and Contingent Liabilities	<u>\$ 395,427,957</u>

Various lawsuits have been filed against the City including personal injury claims, liability claims related to police activities and general liability claims. The estimated liabilities related to the various claims have been accrued in the City's insurance internal service funds. In the opinion of City management, the expected liability for these claims would not materially exceed the amounts recorded in the financial statements.

#### 15. TAX ABATEMENTS

The Fort Lauderdale Community Redevelopment Agency (CRA) comprises of three distinct CRAs areas: Central Beach, Northwest-Progresso-Flagler Heights and Central City. The CRAs were established in 1989, 1995, and 2012, respectively, and are charged with eliminating and/or reversing blighting conditions within its three project areas.

The CRA has established incentive programs designed to promote development and redevelopment within the City to eliminate slum and blight, remove deterioration, update existing buildings, and encourage new investment/development with an emphasis on enhancing the overall CRA, improving the quality of existing buildings, and attracting new construction. The CRA's economic development agreements are authorized under the State of Florida Statutes, Chapter 13.

Eligible Area: All properties within the CRA that are owned by an organization that fully contributes to the tax increment income are eligible.

Eligible Properties: All commercial, multifamily, or mixed-use buildings in the CRA with uses permitted by applicable land use codes or approved conditional uses that have had substantial capital improvements or new construction.

Eligible Project Costs: The benefits of this program are based on capital improvements on existing properties or the development cost of new buildings that result in a substantial increase of Ad Valorem Tax (Property Tax).

Basis/Limits of Benefits: Property Tax Reimbursement (PTR) are disbursed upon verification that property taxes for the year have been paid. On February 18, 2020, the PTR award was amended. The modification prescribed that it would run for a maximum of five (4 ) years and the limits are as follows:

Year 1 – 95% of real property Ad Valorem taxes returned to the CRA as tax increment revenue

Year 2 – 95% of real property Ad Valorem taxes returned to the CRA as tax increment revenue

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

Year 3 – 95% of real property Ad Valorem taxes returned to the CRA as tax increment revenue

Year 4 – 95% of real property Ad Valorem taxes returned to the CRA as tax increment revenue

On December 16, 2016, the CRA entered into a Property Tax Reimbursement Agreement with 315 Flagler LP (Developer) to develop an eighteen (18) story Tier 1 Flag Hotel. The total increment payments to the Developer shall not exceed \$1,711,020. Reimbursements under this incentive program will only commence following completion of the project and once all the conditions of the agreement have been met. For the fiscal year ended September 30, 2024, payments made under the tax abatement program totaled \$280,866.

### 16. NEW ACCOUNTING PRONOUNCEMENTS

Implemented

In April 2022, GASB issued Statement No. 99, “*Omnibus 2022*”. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

The requirements of this Statement that are effective as follows:

- The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

In June 2022, GASB issued Statement No. 100, “*Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62*”. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This Statement also addresses corrections of errors in previously issued financial statements. The provisions of this Statement are effective for the City’s financial year September 30, 2024.

Not Yet Implemented

In June 2022, GASB issued Statement No. 101, “*Compensated Absences*”. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. The provisions of this Statement are effective for the City’s financial year September 30, 2025.

In December 2023, GASB issued Statement No. 102, “*Certain Risk Disclosures*”. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government’s vulnerabilities due to certain concentrations or constraints. This Statement

# CITY OF FORT LAUDERDALE, FLORIDA

## BASIC FINANCIAL STATEMENTS

---

### NOTES TO THE FINANCIAL STATEMENTS

September 30, 2024

requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The provisions of this Statement are effective for the City's financial year September 30, 2025.

In April 2024, GASB issued Statement No. 103, "*Financial Reporting Model Improvements*". The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues.

GASB 103 focuses on improvements in the following areas:

- Management's discussion and analysis (MD&A)
- Unusual or infrequent items
- Presentation of proprietary fund statement of revenues, expenses and changes in fund net position
- Major component unit information
- Budgetary comparison information
- Financial trends information in the statistical section

The provisions of this Statement are effective for the City's financial year September 30, 2026.

In September 2024, GASB issued Statement No. 104, "*Disclosure of Certain Capital Assets*". Management has not determined what impact these GASB statements might have on its financial statements. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class.

This Statement also requires additional disclosures for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date. Governments should consider relevant factors to evaluate the likelihood of the capital asset being sold within the established time frame. This Statement requires that capital assets held for sale be evaluated each reporting period. Governments should disclose (1) the ending balance of capital assets held for sale, with separate disclosure for historical cost and accumulated depreciation by major class of asset, and (2) the carrying amount of debt for which the capital assets held for sale are pledged as collateral for each major class of asset.

### 17. SUBSEQUENT EVENTS

On November 20, 2024, the City issued \$46,735,000 in Water and Sewer Revenue Bonds, Series 2024A and \$81,630,00 in Water and Sewer Revenue Refunding Bonds, Series 2024B (collectively, the "Series 2024 Bonds"). The proceeds from the sale of the 2024A Bonds are being used to finance the acquisition, installation, and equipping of advanced metering infrastructure ("AMI") improvements to be owned and operated by the City as part of the Water and Sewer System (collectively, the "Series 2024A Project"). The proceeds from the sale of the 2024B bonds are being used to refund on a current basis and defease all of

### **NOTES TO THE FINANCIAL STATEMENTS**

**September 30, 2024**

the City's outstanding Water and Sewer Revenue Refunding Bonds, Series 2014. The 2024 Bonds provide for annual principal payments and semi-annual interest payments with an interest rate of 5.00%. The final maturity date for the Series 2024A Bonds is September 1, 2044 and the final maturity date for the Series 2024B Bonds is September 1, 2035.

Presidential Executive Orders: In January 2025, several executive orders were signed by President Trump that could impact federal financial assistance. Federal agencies have been tasked with reviewing their federal programs to ensure they align with the President's policy priorities. The City receives various federal grants that could be subject to the above-mentioned executive orders. The City does not believe any loss of funding would be material to its financial statements; however, the implication of these executive orders is not fully known at the date these financial statements were issued. Total federal funding for the City as of September 30, 2024, was approximately \$41.9 million. As of September 30, 2024, accounts receivable related to federal grants totaled approximately \$27.7 million. The outstanding balance of the accounts receivable to date is \$23.9 million and management determined that all amounts are deemed collectible.

---

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION:**

**Budgetary Data**

The City Commission follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Prior to August 1, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing on October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted.
- 3) Prior to October 1, the budget is legally enacted.
- 4) The level of control (level at which expenditures may not exceed budget) resides with the department. The City Manager is authorized to transfer budgeted amounts within departments of any fund. The City Commission must approve any revisions that alter the total expenditures of any department.
- 5) Annual budgets are adopted for all governmental and proprietary funds except for the Intergovernmental Revenue, State Housing Initiative Partnership, American Rescue Plan Act, Affordable Housing Trust, and capital project funds. The original and final budgets, as presented, include re-appropriated encumbrances of the prior year. The budgets have been adopted on a basis consistent with GAAP with the following exceptions: Budgetary expenditures include GAAP expenditures adjusted for encumbrances at September 30, 2024 and principal on the long-term debt of proprietary funds. Unencumbered balances of appropriations lapse at year- end.

The reported budgetary data represents the final approved budget after amendments adopted by the City Commission with one exception. Budgets for grants and shared revenues from other governmental units which do not lapse at year-end are only reported to the extent of revenues recognized and expenditures incurred for the current year. Individual amendments were not material in relation to the original adopted budget.

**Notes to Schedule:**

Valuation Date: 9/30/2022

Actuarially determined contribution rates are calculated as of September 30, which is two year(s) prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Entry Age Normal  
 Amortization Method: Level Dollar, Closed  
 Remaining Amortization Period: 20 Years  
 Asset Valuation Method: 5-year smoothed market  
 Inflation: 2.25%  
 Salary Increases: 3.25% to 4.5% depending on years of service, including inflation  
 Investment Rate of Return: 6.75%  
 Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition.  
 Mortality: Mortality rates are the same as used by the Florida Retirement System (FRS) for Regular Class (non-Teacher) members in their July 1, 2022 actuarial valuation. These rates were taken from the PUB-2010 Headcount-Weighted Mortality Tables and adjusted to reflect FRS' experience. Mortality improvements to all future years after 2010 are generationally projected using Scale MP-2018. Adjustments to the published mortality tables were developed in a statewide experience study conducted for the FRS covering the period 2013 through 2018. F.S. 112.63(1)(f) requires the mortality assumption to be the same as used in either of the two most recently published actuarial valuation reports of the Florida Retirement System. For more information regarding these rates, refer to the July 1, 2022 actuarial valuation report of the FRS Pension Plan.

## CITY OF FORT LAUDERDALE, FLORIDA

### REQUIRED SUPPLEMENTARY INFORMATION

---

#### Notes to Schedule of Changes in Net Pension Liability and Related Ratios:

##### Change in Assumptions:

For measurement date 09/30/2024, amounts reported as changes of assumptions resulted from lowering the investment rate of return assumption from 7.15% to 7.10% per year compounded annually, net of investment related expenses.

For measurement date 09/30/2023, amounts reported as changes of assumptions resulted from lowering the investment rate of return assumption from 7.20% to 7.15% per year compounded annually, net of investment related expenses.

For measurement date 09/30/2022, amounts reported as changes of assumptions resulted from lowering the investment rate of return assumption from 7.25% to 7.20% per year compounded annually, net of investment related expenses.

For measurement date 09/30/2021, amounts reported as changes of assumptions resulted from lowering the investment rate of return assumption from 7.30% to 7.25% per year compounded annually, net of investment related expenses.

For measurement date 9/30/2020, as mandated by Chapter 2015-157, Laws of Florida. The following assumption changes were made as of June 8, 2020 experience study performed for the City; the assumed salary increase rates were changed, resulting in increased rates prior to completion of seven years of service and decreased rates from seven to ten years of service; The assumed retirement rates were changed, resulting in generally lower rates prior to 25 years of service, and 100% upon reaching 25 years of service; The assumed withdrawal rates were changed, generally resulting in more withdrawals for Police Officers and less withdrawals for Firefighters; The assumed disability rates were changed by reducing the rates by 50% for Police Officers and 20% for Firefighters; and The inflation rate assumption was lowered from 2.75% to 2.25% per year.

For measurement date 09/30/2019, amounts reported as changes of assumptions resulted from lowering the investment return assumption from 7.35% to 7.30% per year, net of investment related expenses.

For measurement date 09/30/2018, amounts reported as changes of assumptions resulted from lowering the investment return assumption from 7.40% to 7.35% per year, net of investment related expenses.

For measurement date 09/30/2017, as required by Chapter 2015-157, Laws of Florida, the assumed rates of mortality have been changed from those in the July 1, 2015 FRS valuation report to those used in the July 1, 2016 FRS valuation report. Additionally, the investment rate of return was lowered from 7.50% to 7.40%, net of investment related expenses. Finally, the inflation rate assumption has been updated from 2.30% to 2.75% to match the long-term inflation rate assumption of the valuation report.

For measurement date 09/30/2016, as a result of Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the assumptions used by the Florida Retirement System for special risk employees. The inflation assumption rate was lowered from 3.00% to 2.30%, matching the long-term inflation assumption utilized by Plan's investment consultant.

For measurement date 09/30/2015, amounts reported as assumption changes were resulted from an actuarial experience study dated July 10, 2015 the Board approved numerous changes to the actuarial assumptions and methods in conjunction with the 10/01/2015 Valuation. The below assumptions/methods have been changed, and the specifics of the approved assumptions are displayed in the actuarial assumptions and methods section of the 10/01/2015 Valuation.

- 1) Asset Valuation Method (with a "Fresh Start")
- 2) Retirement Rates
- 3) Withdrawal Rates
- 4) Disability Rates (Police only)

**Notes to Schedule:**

Valuation Date: 10/1/2022

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported. Methods and assumptions used to determine contribution rates can be found in the October 1, 2022 Actuarial Valuation for the City of Fort Lauderdale Police and Firefighters' Retirement System prepared by Foster & Foster Actuaries and Consultants.

Funding Method: Entry Age Normal Actuarial Cost Method  
 Amortization Method: Level Percentage of Pay, Closed  
 Remaining Amortization Period: 17 Years  
 Mortality: RP-2000 Table projected by Scale BB  
 Disability Rates: RP-2000 Disable, no projection scale  
 Interest Rate: 7.15%  
 Inflation Rate: 2.50%

Retirement Rates:	Service	Probability of Retirement	Probability of Retirement
		(Police)	(Fire)
	10-19	5.0%	4.0%
	20	30.0%	25.0%
	21	30.0%	25.0%
	22	20.0%	37.5%
	23	33.3%	37.5%
	24	66.7%	50.0%
	25+	100.0%	100.0%

No members are expected to take early retirement.

Salary Increases:	Annual % Increase
Service <7	5.11%
7-10	1.46%
11-25	0.97%
26+	0.49%

Cost of Living: None  
 Payroll Increase: 1.53% per year  
 Marital Status: All employed members and all retired members are assumed to be married, Females are assumed to be 3 years younger than males.

Actuarial Value of Assets: All assets are valued at fair value with an adjustment to uniformly spread investment gains and losses (as measured by actual fair value investment return against expected fair value investment return) over a five-year period.

\*Note: The covered payroll figures are in compliance with GASB 82, "Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73".

<sup>1</sup> Actual contributions does not include State Share Plan amounts.

Notes to Schedule:

Plan became effective as of December 4, 2018.

Prior Period Adjustment: The 2021 GASB results were restated due to a change in discount rate. The discount rate was lowered from 7.0% to 2.91%.

Changes in Assumptions: For purposes of determining the GASB discount rate at the 09/30/2022 measurement date, a depletion date projection as of that date have been performed. The results of this projection showed a single discount rate of 5.04%. The discount rate was increased from 2.91% to 5.04%.

\*Note: This is a 10-year schedule. However, the information in this schedule is not required to be presented retroactively. Years will be added to this schedule in future fiscal years until 10 years of information is available.

**Notes to Schedule:**

Valuation Date: 10/1/2022

Methods and assumptions used to determine contribution rates:

Mortality:

PubS.H-2010 Combined Healthy Participant Mortality Table for males and females. All rates are projected generationally with Mortality Improvement Scale MP-2018. The mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the Florida Retirement System (FRS). The above rates are those outline in Milliman's July 1, 2021 FRS valuation report for special risk employees, with appropriate adjustments made based on plan demographics.

Amortization Method: Entry age normal actuarial cost method

Asset Valuation Method: 5-year smoothed market

Inflation: 2.50%

Salary Increases: 0.5% to 3.0% Expected increase in annual salary in addition to 2.75% inflationary component

Investment Rate of Return: 7.00% per year compounded annually, net of investment related expenses

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition

Other Information: See Summary of Valuation Results from the September 30, 2016 Actuarial Valuation Report. Effective in the September 30, 2016 Actuarial Valuation Report dated March 1, 2017.

Notes to the Schedule:

Benefit Changes: None

Changes in Assumption: Trend rates were advanced and the current year rate was adjusted to reflect actual experience. Mortality assumption changed from SOA RP-2014 Total Dataset Mortality with Scale MP-2014 to SOA RP-2014 Total Dataset Mortality with Scale MP-2018. Healthcare cost trend rates changed from 8.0% in FY2018 to 4.75% in FY 2019. No changes in assumptions in 2020.

\*Note: This is a 10-year schedule. However, the information in this schedule is not required to be presented retroactively.

Years will be added to this schedule in future fiscal years until 10 years of information is available.

**Notes to Schedule**

Valuation date: October 1, 2022  
 Methods and assumptions used to determine contribution rates:  
 Actuarial cost method: Entry Age Normal  
 Amortization method: N/A  
 Amortization period: N/A  
 Asset valuation method: Fair value of assets  
 Inflation: 2.50%  
 Healthcare cost trend rates: 8.0% in year 1, decreasing to an ultimate rate of 4.5%  
 Salary increases: 3.00%  
 Investment rate of return: 6.30%  
 Retirement age: Ranges from age 55 or 20 years  
 Mortality: SOA Pub-2010 using Scale MP-2021  
 Changes in Assumption: Trend rates were advanced and the current year rate was adjusted to reflect actual experience. Mortality assumption changed SOA RP-2014 Total Dataset Mortality with Scale MP-2018 to SOA Pub-2010 with MP-2021.

### COMBINING FINANCIAL STATEMENTS

---

#### Nonmajor Governmental Funds

##### Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than debt service or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

**Law Enforcement Confiscated Property Fund** – to account for the proceeds from court awarded forfeitures of currency and personal property that are restricted to expenditure for law enforcement purposes.

**Community Redevelopment Agency Fund** – to account for the operation of the agency overseeing the financing and redevelopment of the designated redevelopment areas.

**Community Redevelopment Agency Fund – Business Incentive Debt** - to account for programs including small business development.

**American Rescue Plan Act** - to account for revenues from the Federal government to provide an infusion of resources to help address the cascading economic impact of the pandemic on local governments.

**State Housing Initiative Partnership Fund** – to account for revenues from the State Housing Initiative Partnership restricted to expenditure for low-income housing.

**Intergovernmental Revenue Fund** – to account for revenues from Federal, State and local governments restricted to expenditure for specific current operating purposes or the acquisition of capital assets.

**Beach Business Improvement District Fund** – to account for the services and improvements to a portion of the beach area funded through assessments imposed on the businesses within that area.

**Building Fund** – to account for revenues derived from building permit fees restricted to expenditures associated with the enforcement of the Florida Building Code.

**School Crossing Guards Fund** – to account for revenues derived from parking citation surcharges restricted to expenditures related to the school crossing guard program.

**Nuisance Abatement Fund** – to account for fines collected due to public nuisance violations.

**Affordable Housing Trust Fund** – to account for funds to create incentives to encourage and stimulate a mixture of affordable housing units in the City.

##### Debt Service Funds

Debt Service funds are used to account for resources that are restricted, committed or assigned to payment of principal, interest and other expenditures on general long-term debt, other than bonds payable from the operations of the enterprise funds.

**Special Assessment Bonds Fund** – to finance the cost of undergrounding overhead utilities for benefiting neighborhoods.

**General Obligation Bonds Fund** – to accumulate monies for payment of the Series 2011 General Obligation Bonds with remaining principal and interest due in varying amounts until maturity in 2041.

## CITY OF FORT LAUDERDALE, FLORIDA

### COMBINING FINANCIAL STATEMENTS

---

**Special Obligation Bonds Fund** – to accumulate monies for payment of the Special Obligation Bonds with remaining principal and interest due in varying amounts until maturity in 2032.

**Special Obligation Loans Fund** – to accumulate monies for payment of the Special Obligation Loans with remaining principal and interest due in varying amounts until maturity in 2026.

**Tax Increment Revenue Notes Fund** – to accumulate monies for payment of the Tax Increment Revenue Notes with remaining principal and interest due in varying amounts until maturity in 2025.

### Capital Projects Funds

Capital projects funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations.

**General Capital Projects Fund** – to account for the acquisition or construction of, or improvements to, major capital facilities.

**General Obligation Construction Fund 2011A Fund** – to account for the construction of, or improvements to fire rescue facilities financed through the issuance of long-term debt.

**Community Redevelopment Agency Projects Fund** – to account for the construction of, or improvements to infrastructure within the designated redevelopment areas of the Community Redevelopment Agency.

**Gas Tax Fund** – to account for the construction of, or improvements to, streets and highways financed by county-shared gas tax revenues.

**Parks Impact Fee Projects Fund** – to account for the construction of, or improvements to, parks facilities financed by impact fees.

**General Obligation Construction 2020A Fund** – to account for the construction of parks and recreation projects financed by General Obligation Bonds.

**Special Assessment Construction 2021 Fund** – to account for the undergrounding overhead utilities for benefiting neighborhoods.

**Transportation Surtax Fund** – to account for transportation improvement projects.

### Permanent Fund

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

**Perpetual Care Fund** – to account for a portion of the lot sale proceeds of the City's cemeteries to be used for maintenance of the cemetery grounds and lots.

**CITY OF FORT LAUDERDALE, FLORIDA**

**COMBINING FINANCIAL STATEMENTS**

---

**Nonmajor Enterprise Funds and Internal Service Funds**

**Nonmajor Enterprise Funds**

Each of the enterprise funds accounts for all activities necessary to provide the respective services of the fund, including but not limited to, administration, operations, maintenance, financing and related debt service.

**Sanitation Fund** – to account for the provision of solid waste disposal services to City residents, including collection and disposal of solid waste, curbside recycling, street sweeping, lot clearing and canal cleaning.

**Cemetery System Fund** - to account for the operations of the cemetery system.

**Parking System Fund** - to account for the operations of various parking facilities throughout the City.

**Airport Fund** - to account for the operation of the Fort Lauderdale Executive Airport.

**Internal Service Funds**

Internal service funds are used to account for the financing of goods or services provided by one department or fund to the other departments or funds of the City on a cost reimbursement basis.

**Projects Management Fund** - to account for funding for project management services and to allocate cost to projects.

**City Insurance Fund** - to account for the costs of insuring the City in the areas of general liability, auto liability, workers' compensation, police professional liability, employment practices and medical benefits. The City is primarily self-insured in these areas. Other funds are billed to cover actual costs of premiums and claims and to maintain an adequate balance in fund equity.

**Central Services Fund** - to account for the costs of providing communications and printing services to other departments. The other departments are billed at actual cost.

**Unified Customer Service Fund** - to account for the cost of operating a centralized customer call center to reduce service response time and enhance customer satisfaction.

**Fleet Services Fund** - to account for the costs of operating a maintenance facility for City vehicles. Departments are billed to cover operating costs and to provide for future replacement of the vehicles. Funding for the initial purchase of vehicles is provided by the user departments.

***COMBINING FINANCIAL STATEMENTS***

---

**Fiduciary Funds**

**Trust Funds**

The trust funds are used to account for assets held by the government in a trustee capacity. They are accounted for in essentially the same manner as enterprise funds since capital maintenance is critical.

**Pension Trust Funds**

**General Employees' Fund** - is used to account for the accumulation of resources to be used for retirement benefit payments to City employees, except police and fire. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by annual actuarial valuations.

**Police and Firefighters' Fund** - is used to account for the accumulation of resources to be used for retirement benefit payments to police and fire employees. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by annual actuarial valuations.

**Post-Retirement Pay Steps Fund** - is used to account for the accumulation of resources to be used for post-retirement payments for retired police officers and firefighters. Resources by the City are contractually determined.

**Other Trust Plans**

**Other Post-Employment Benefits Trust Fund** - is used to account for the future liability of costs for medical/prescription/dental coverage, extended life insurance coverage and benefits under the Employee Assistance Program available to retirees and their dependents.

**CITY OF FORT LAUDERDALE**

**STATISTICAL SECTION**  
**FISCAL YEAR ENDED SEPTEMBER 30, 2024**

This part of the City of Fort Lauderdale's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<b>CONTENTS:</b>	<u>Page</u>
<b>Financial Trends</b>	
The information presented in this section is intended to assist users in understanding and assessing how a government's financial position has changed over time.	177 - 182
<b>Revenue Capacity</b>	
This section is intended to assist users in understanding and assessing the factors affecting a government's ability to generate its own-source revenue.	183 - 185
<b>Debt Capacity</b>	
The information presented in this section is intended to assist users in understanding and assessing a government's debt burden and its ability to issue additional debt.	186 - 191
<b>Demographic and Economic Information</b>	
This section is intended (1) to assist users in understanding the socioeconomic environment within which a government operates and (2) to provide information that facilitates comparisons of financial statement information over time and among governments.	192 - 193
<b>Operating Information</b>	
This section is intended to provide contextual information about a government's operations and resources to assist readers in using financial statement information to understand and assess a government's economic condition.	194 - 196

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB 34 in 2002; schedules presenting government-wide information include information beginning in that year.

\* State law requires all counties to assess at 100% valuation and limits millage for operating purposes to ten mills.

\*\* Overlapping rates are those of local and county governments that apply to property owners within the City. Not all Overlapping rates apply to all City property owners (e.g. the rates for special districts apply only to the proportion of the City's property owners whose property is located within the geographic boundaries of the special districts).

Total Direct and Overlapping Debt			<u><u>\$ 577,052,902</u></u>

**Direct and Overlapping Debt**

(1) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using gross taxable property values. Applicable percentages were estimated by dividing the City's gross taxable property values (\$43,610,039,386 by the County's gross taxable property values (\$221,522,571,655).

\* Debt outstanding as of June 30, 2024

Legal Debt Margin: The amount of debt the City of Fort Lauderdale can issue is not limited by either the City of Fort Lauderdale charter or code, nor the Florida State Statutes.

Sources: Assessed value data used to estimate applicable percentages was provided by the Broward County Property Appraiser. Debt outstanding data was provided by each governmental unit.
