(5.4) If offsetting fouls occur during a down, that down shall be repeated. Exception: If each team fouls during a down in which there is a change of team possession, the team last gaining possession may retain the ball, provided its foul was not prior to the final change of possession and it declines all penalties for its opponent's fouls, other than unsportsmanlike.

C. After a valid fair catch signal by any member of the receiving team, no receiver may advance the ball. When receiving a protected kick the receiver may call for a fair catch. The player must signal intention by extending one arm above his/her head and waving laterally from side to side more than once.

D. An invalid fair catch signal is any signal by a receiver before the kick is caught or recovered that does not meet the requirements of a valid signal or after the kick has touched a receiver or the ground.

E. The player on the receiving team must catch the ball cleanly. If the ball touches the player or if the player fumbles the ball and it hits the ground the ball will be dead at the spot the ball touches the ground.

Section 7 - SNAPPING, HANDLING, PASSING, RECEIVING, RUNNING THE BALL

- B. A runner may pass the ball backward or lose player possession by a fumble at anytime except if intentionally thrown out-of-bounds to conserve time or to avoid being deflagged/tagged.

- C. A backward pass or fumble which touches the ground between the goal lines is dead at the spot where it touches the ground and belongs to the last team in possession unless lost on downs.

- D. A backward pass or fumble that goes out-of -bounds between the goal lines belongs to the team last in possession at the out-of -bounds spot. If out-of bounds behind a goal line, it is a touchback or safety.

- E. If an offensive player fumbles the ball prior to reaching the end zone and the ball lands in the end zone, the offensive team shall retain possession at the spot of the fumble.

1. If one foot first lands in-bounds and the receiver has possession and control of the ball, it is a catch or interception although a subsequent step or fall takes the receiver out-of-bounds.
2. A loss of ball simultaneously with returning to the ground is not a catch or interception.

J. A player may, while jumping in the air to attempt a catch, tip the ball forward provided he/she has not touched the ground yet.

(7.4) Pass Interference - Contact that interferes with an eligible receiver who is beyond the line of scrimmage is pass interference unless it occurs when 2 or more eligible receivers make a simultaneous and bona fide attempt to reach, catch, or bat a pass. It is also pass interference if an eligible receiver is deflagged/tagged prior to touching the ball on a pass thrown beyond the line of scrimmage.

A. Offensive Pass Interference - after the ball is snapped, and until a receiver has touched it, there shall be no offensive pass interference beyond the line of scrimmage.

Penalty: Offensive Pass Interference, 10 yards from previous spot, loss of down

Section 8 - Running and Flag Belt Removal

(8.1) Flag Belt Removal - When the flag belt is clearly taken from the runner in possession of the ball, the down shall end and the ball is declared dead. A player who removes the flag belt from the runner should immediately hold the flag belt above his/her head to assist the official in locating the spot where the capture occurred. The spot of the ball is determined by the location of the ball by the player that was deflagged.

A. Players must have possession of the ball before they can legally be deflagged.

B. When a runner loses his/her flag belt, accidentally, inadvertently (not removed by grabbing or pulling), or on purpose, play continues. The deflagging reverts to a one-hand tag of the runner between the shoulders and knees.

C. In circumstances where a flag belt is removed illegally, play should continue with the option of the penalty or the play.

D. A defensive player intentionally pulling a flag belt from an offensive player without the ball is illegal. The official shall warn the team, any further penalty will result in an unsportsmanlike conduct.

E. Tampering with the flag belt in any way to gain an advantage including tying, using foreign materials, or other such acts is illegal.

F. A player may leave his/her feet when trying to remove the flag.

(8.2) Contact - In an attempt to remove the flag belt from a runner, defensive players may contact the body and shoulders, but not the face, neck or any part of the head of an opponent with their hands.

A defensive player may not hold, push, or knock the runner down in an attempt to remove the flag belt. **Penalty: Defensive Holding, 10 yards from spot**

(8.3) Flag Guarding - A runner shall not flag guard by using their hands, arms, or the ball to deny the opportunity for an opponent to pull or remove the flag belt. A player may use a spin move, however; must keep their arms away from their flag to avoid flag guarding. **Penalty: Flag guarding, 10 yards from the spot of the penalty.**

(8.4) Face Guarding - A defensive player may not use their arms and hands to intentionally obstruct the receiver's view of the ball. **Penalty: Face guarding, 10 yards, automatic first down.**

Any use of the hands, arms, elbows, legs, or body to initiate contact during an offensive block is illegal. **Penalty: Personal Foul, 10 yards from the spot of the penalty**

(9.2) Interlock Blocking - Teammates of a runner or passer may interfere for him/her by screen blocking, but shall not use interlocked interference by grasping or encircling one another in any manner.

(9.3) Defensive Rush and Use of Hands - Defensive players must attempt to go around the offensive blocker. Defensive players must not use any part of his/her arms, hands, elbows, or any part of the body to contact the offensive player. **Penalty: Personal Foul, 10 yards from previous spot**

(9.4) Defensive Line of Scrimmage – is five (5) yards off the offensive line of scrimmage unless the distance to an offensive first down or touchdown is within five (5) yards. In that case the defensive line will have a short rush situation and will be able to line up on the first down line or the goal line.

Section 10 - SCORING PLAYS AND TOUCHBACKS

(10.1) Mercy Rule

- A. If a team is 19 or more points ahead with 2 minutes to go in the second half, the game shall be officially called.

- B. If a team scores during the last 2 minutes of the second half and that score creates a point differential of 19 or more the game shall end at that point.

- C. The teams can still play if they want. (Service to participate)

(10.2) All touchdowns are 6 points. If a female player scores a touchdown, the point value is 9.

(10.3) A touchdown shall be scored when a legal forward pass is completed or a fumble or backward pass is caught behind the opponent's goal line or when a player is legally in possession of the ball and penetrates the vertical plane of the opponent's goal line.

Section 11 - Extra Point Try = 1, 2, or 3

Points

(11.1) An opportunity to score one (1) point from the three (3) yard line or two (2) points from the ten (10) yard line, or three (3) points from the twenty (20) yard line shall be granted to the team scoring a touchdown. While time is out there shall be one scrimmage play, unless changed by penalty.

(11.2) The Referee must speak to the field captain, asking him/her whether the try shall be from the three (3), ten (10) or twenty (20) yard line. Once the scoring team makes the choice, he/she may change the decision only by taking a charged team time out.

(11.3) If a double foul occurs during the down, the down shall be replayed. When a distance penalty is incurred by the offense during a successful try, the down will be repeated, if accepted. However, if the offense penalty carries a loss of down, the try has ended and will not be repeated.

Section 12 - Safety = 2 points

(12.1) It is a safety when a runner carries the ball from the field of play to or across his/her own goal line, and it becomes dead there in his/her team's possession.

(12.2) A safety is also when an offensive player commits a foul for which the penalty is accepted and the measurement is from the spot of the foul that is in the end zone.

(12.3) When a safety is scored, the ball belongs to the defending team. The offense must kick or punt the ball from the twenty (20) yard line.

Section 15 - ENFORCEMENT OF PENALTIES

(15.1) Captain's Choice - When a foul occurs during a live ball, the referee shall, at the end of the down, notify both captains. The referee shall inform the captain of the offended team regarding the rights of penalty acceptance or declination and shall indicate to him/her the number of the ensuing down, distance to be gained, and status of the ball for each available choice. The distance penalty for any foul may be declined. If the penalty is declined or if there is a double foul, there is no loss of distance. A captain's choice of options may not be revoked.

(15.2) Live Ball Fouls – Any live ball foul is penalized according to the all-but one enforcement principle, except:

- A. A foul that occurs simultaneously with the snap or free kick is penalized from the previous spot.
- B. A non-player foul, unsportsmanlike foul, or dead ball foul is penalized from the succeeding spot.

(15.3) Dead Ball Fouls – When a foul occurs during a dead ball either between downs or before a snap or free kick, the officials shall not permit the ball to become live.

(15.4) Establish Zone-line-to-gain - On a live ball foul mark off the penalty yardage first, and then establish the zone line to gain. However, with a dead ball foul, establish the zone line to gain first, and then mark off the penalty yardage.

(15.5) All-But-One Principle - Enforcement philosophy is based on the fact that a team is given the advantage of the distance that is gained without assistance of a foul. It is assumed that the only foul that would give this aid is a foul by the offense behind the basic spot. Therefore, all fouls but this one, that is a foul by the offense behind the basic spot, are penalized from the basic spot. This one foul is penalized from the spot of the foul.

(15.6) Loose Ball Play – If a foul occurs during a loose ball play, the basic enforcement spot is the previous spot either the spot of the snap or the free kick.

(15.7) Running Play – If a foul occurs during a running play, the basic enforcement spot is the spot where the related run ends.

(15.8) Half the Distance - A measurement cannot take the ball more than half the distance from the enforcement spot to the offending team's goal line. If the penalty is greater than this, the ball is placed halfway between the enforcement spot and the goal line.

(15.9) Safety / Goal Line - If the offensive team throws an illegal forward pass from its end zone or commits any other foul for which the penalty is accepted and measurement is from or behind its goal line which is now the basic spot, it is a safety. For a defensive team foul, if the enforcement spot that is now the basic spot is on or behind the offended team's goal line any measurement is from the goal line.

(15.10) Foul on a Score - If there is a player foul by the offensive team other than unsportsmanlike or non-player, during a down, which results in a successful touchdown or try, the acceptance of the penalty nullifies the score. If there is a player *foul* by the defensive team, other than unsportsmanlike or non-player, during a down, which results in a successful touchdown or try, the penalty is automatically declined.

(15.11) Foul Prior to a Try - When a foul occurs after a touchdown and before the ball is ready for play for the try, the enforcement is at the succeeding spot where the ball will be next snapped for the try, usually the three (3) or ten (10) yard line.

(15.12) Double Foul - It is a double foul if both teams commit fouls, other than unsportsmanlike or non-player, during the same live ball period in which:

A. There is no change of possession.

B. There is a change of possession, and the team in possession at the end of the down fouls prior to final change of possession.

A. There is a change of possession and the team in final possession accepts the penalty for its opponent's foul.

B. In all three the penalties cancel and the down is replayed. **EXCEPTION:** If each team fouls during a down in which there is a change of team possession, the team last gaining possession may retain the ball, provided its foul is not prior to the final change of possession and it declined the penalty for its opponents foul(s), other than unsportsmanlike or non-player.

(15.13) Multiple Live Ball Fouls - When 2 or more live ball fouls are committed by the same team, only one penalty may be chosen except when a foul(s) for unsportsmanlike or non-player conduct occurs. In such cases, the penalty/penalties for the unsportsmanlike conduct or non-player fouls are administered from the succeeding spot as a dead ball foul.

(15.14) Multiple Dead Ball Fouls - Penalties for dead ball fouls are administered separately and in the order of occurrence. Dead ball fouls are not coupled with live ball fouls or other dead ball fouls to create double or multiple fouls. Penalize all unsportsmanlike and non-player fouls separately.

Section 16 - Coed Rules Summary

B. The manager or acting manager of the protesting team shall immediately notify the referee that the game is being played under protest. The referee shall in turn notify the opposing manager. The protest will be noted on the referee’s scorecard.
