CASE COMMENTS:
Please provide a response to the following:

1. The applicant is strongly encouraged to contact neighbors adjacent to, as well as condominium and neighborhood associations located within three hundred feet (300’) of the development site, to advise of this proposal (a map and listing of officially-recognized neighborhood associations is provided on the City’s website: http://www.fortlauderdale.gov/neighborhoods/index.htm). Please provide acknowledgement and/or documentation of any public outreach.

2. The site is designated Irregular 18.07 on the City's Future Land Use Map. The proposed use is permitted in this designation. This is not a determination on consistency with Comprehensive Plan Goals, Objectives and Policies.

3. The proposed project requires review and recommendation by the Planning and Zoning Board and approval by the City Commission. A separate application and fee is required for Planning and Zoning Board review, and a separate submittal is required for City Commission review. The applicant is responsible for all public notice requirements (ULDR Section 47-27). Note: The City’s Clerk’s office requires a 48-hour notice prior to a CC meeting if a computer presentation is planned, i.e. PowerPoint, to be provided on CD or flash drive and a copy submitted to the City Clerk. Contact the Case Planner, Florentina Hutt for more information at 954-828-5072.

4. Signoffs from the City Surveyor and the City’s Engineering Design Manager will be required prior to Planning and Zoning Board submittal.

5. Discuss any right-of-way requirements with the City’s Engineering Design Manager.

6. Coordinate need for easements with the franchise public utilities and provide said easements on the plat.

7. Please contact Thuy (twee) Turner, AICP, Broward County Planning and Development Division ttturner@broward.org or 954-357-6623 to ensure the proposed plat note language meets their standards before moving forward. Please provide staff with written response from the County.

8. No final plat of any subdivision shall be approved unless the sub-divider shall file with the City a surety bond executed by a surety company authorized to do business in the state and having a resident agent in the county, conditioned to secure the construction of the improvements required under this section, in a satisfactory manner and within a time period specified by the City Commission, such period not to exceed two (2) years. No such bond shall be accepted unless it is enforceable by or payable to the City in a sum at least equal to one and one-half (1 1/2) times the cost of constructing the improvements as estimated by the City Engineering Design Manager and in form with surety and conditions approved by the City Attorney. In lieu of a bond, cash deposit or other acceptable security may be made. In case of forfeiture, the City shall proceed with the improvements to the extent of the available money realized from such forfeiture.

9. Staff reserves the right review the plat again based on any changes made to the plat during full agency review.
