CASE COMMENTS:

Please provide a written response to each of the following comments:

1. Provide written documentation that proposed Vacation of Rights-of-Way meets the City’s Criteria for Review per ULDR Section 47-25.2 (Adequacy Review) and ULDR Section 47-24.6 (Vacation of ROW Requirements).

2. Provide copy of latest corresponding Site Plan, so that it can be reviewed for consistency. Confirm that limits of proposed Right-of-Way vacation are consistent with Site Plan.

3. Please contact City’s Public Works Department, Rick Johnson at rjohnson@fortlauderdale.gov or 954-828-7809 for water and sewer utilities, and Elkin Diaz at 954-828-6539 or ediaz@fortlauderdale.gov for stormwater infrastructure, to verify and determine whether there are any public utilities present within the Right-of-Way to be vacated. A surveyed location of the utilities shall be provided to staff for review. In addition, full cost of relocation of any utility shall be borne by the Applicant, and the relocation plan shall be reviewed and approved by the City’s engineering department prior to the relocation implementation. Please be advised there is a 2 inch water service to the City property to the west within the right of way proposed to be vacated.

4. City’s Public Works Department has plans to develop the City owned property to the west of this site. Please contact Rares Petrica (Public Works) at 954-828-6720 or rpetrica@fortlauderdale.gov for coordination with proposed City project and right of way vacation.

5. Provide letters from all franchise utility providers, including Public Works, demonstrating their interests in maintaining or no objection to the vacation of this Right-of-Way; the letters should specifically state whether or not the franchise utility providers have existing facilities within the Right-of-Way vacation area that will need to be relocated or abandoned.

6. Submit the stamped copy of the surveyor’s sketch and description to the City’s Surveyor for his review of the legal description of the Right of Way considered for vacation and his approval. Then, route the surveyor’s sketch to the Land Development Manager or designee for signoff prior to submittal to the case planner for final authorization to present this item to the City Commission. Please be advised vacation of the southern 6 feet of the right of way will require written authorization from property owner to the south.

7. Please be advised that the vacating ordinance shall not be in full force and effect until an Engineer’s Certificate is executed by the City Engineer or designee. This Engineer’s Certificate shall be executed by the proper authorities and recorded in the public records of Broward County. A copy of the recorded certificate is to be provided to the City upon recordation. The City Engineer’s certificate shall also state that all the existing facilities within the vacated Right-of-Way have been relocated or abandoned.

8. Please be advised that additional Easements may need to be dedicated to the City resulting from the Vacation of Rights-of-Way approval process, including Utility Easement(s) that allow the City perpetual maintenance access to existing public sewer, storm drain, and water infrastructure, and Access Easement(s) that mitigate an otherwise dead-end Alley condition.

As applicable, provide documents such as easement and/or right-of-way deed, joinders, consents and Attorney’s Opinion of Title. Please refer to City’s Web site:
9. Additional comments may be forthcoming at the meeting.
