

**July 2018**

I am excited to announce that on Tuesday night, after fourteen years of negotiations, we voted to renovate the existing Aquatic Center facility and provide pools that meet international competition standards, provide adequate spectator seating for competition events, and increase programming opportunities for the facility. We will also improve the parking lot drainage and landscaping, exterior of the facility, and the entryway to the facility. The Aquatic Center Renovations will be designed and constructed for up to \$27,000,000. In addition to these renovations, we recently renewed our partnership with the International Swimming Hall of Fame and they will continue to call Fort Lauderdale their home!

Sincerely,

Upon completion, Bayview Drive will feature two vehicular travel lanes between 9 and 10 feet wide and two bike lanes that are 4 feet wide.
