

# LAS OLAS BEACH PARK PROJECT

## CONSTRUCTION UPDATE AS OF NOVEMBER 07, 2018

- As we shift into the next phase of the Las Olas Beach Project, Oceanside lot (the parking lot west of A1A and south of Las Olas Blvd) will be undergoing construction as it is being transformed into Oceanfront Plaza.
- **From November 12 through November 21, 2018, there will be partial closures in the parking lot as trees are being relocated.**
- The public will continue to have access to the parking lot for the duration of this time period.
- All parking spaces will be open and available for use on weekends.

### Big Plans For The Beach!

The Las Olas Beach Park project is a \$49 million initiative that will bring two new waterfront parks to Fort Lauderdale Beach, along with more green space, open and inviting gathering places, a tree-lined promenade, landscape and streetscape enhancements, pedestrian connections, and a state-of-the-art parking facility.
