## Las Olas Parking Garage

### Frequently Asked Questions

#### Where is the garage located?

The garage is located on Fort Lauderdale Beach at 200 Las Olas Circle, on the north side of the Las Olas Boulevard Bridge. It is accessible from both Birch Road and Las Olas Circle.

#### How many parking spaces does the new garage provide?

There are over 650 parking spaces in the new garage.

#### What is the cost of a parking session?

Parking at the garage costs \$2 per hour.

#### How do I initiate a parking session?

Multi-space parking meters are located on each level of the garage. Drivers will need to enter their tag number when paying for a parking session. The machines accept cash, Visa, Mastercard, and American Express. Drivers may also pay for a parking session by downloading the Pay by Phone app or calling toll free 1-888-680-PARK (7275). There is no need to display a receipt on your dashboard.

#### What is the maximum amount of time I can leave my vehicle in the garage?

The maximum amount of time a car can be parked in the garage is 10 hours.

#### Is handicap parking available in the garage? Is it free of charge?

Handicap parking is available at designated spots in the Las Olas Garage.

All drivers must pay to park in all of the City's public parking garages and surface lots, including the Las Olas Garage. Drivers of vehicles with specialized equipment such as a ramp, lift, or foot or hand controls; or displaying the Florida Toll Exemption Permit; or displaying the Disabled Veteran "DV" license plate; are allowed to park for free for up to four hours in a designated handicap space. These vehicles may also park for free in any space in the facility for up to four hours, if there is no designated handicap space available at that time.

#### I have a Residential Beach Parking Permit. Does it include this garage?

The Residential Beach Parking Permit may not be used in the Las Olas Garage; however, it remains valid at the surface lot located on the north side of the garage and the surface lot located on the south side of the Las Olas Bridge.

#### Where can I find more information?
