of Transportation
**Federal Aviation
Administration**

1701 Columbia Avenue
College Park, Georgia 30337

April 9, 2019

The Federal Aviation Administration (FAA) is launching an initiative to improve air traffic flows over South-Central Florida including the Fort Lauderdale area. This initiative, called the South-Central Florida Metroplex, will include several airports in addition to Fort Lauderdale/Hollywood International. The initiative will also examine airspace flows across the state, at areas in and around Orlando, Tampa, Miami, and West Palm Beach.

Before the official start of the environmental review process, the FAA is inviting the public to a series of workshops to gain input into the proposed designs. Professional air traffic and environmental staff will be available to explain the environmental process, procedural design, and next steps. Resident comments will then be used to review, and potentially refine, these proposals. The agency will consider all of these comments, but we will not be responding to these individual comments at this juncture.

The FAA will conduct additional meetings to gather further community input once a draft environmental assessment (EA) is completed. Responses to public comments submitted on the draft EA will be included in the final EA document, which will be made available for public review.

As always, Congressional staff is welcome to attend any or all of these workshops. The meeting dates and locations are listed below:

WHEN: April 22th, 2019, 6 PM to 9 PM
WHERE: Old Davie School
6650 Griffin Rd
Davie, FL 33314

WHEN: April 23th, 2019, 6 PM to 9 PM
WHERE: Anne Kolb Nature Center
Mangrove Hall
751 Sheridan St
Hollywood, FL 33019

WHEN:
WHERE: April 24th, 2019, 6 PM to 9
PM Signature Grand
6900 State Road 84
Davie, FL 33317

WHEN:
WHERE: April 25th, 2019, 6 PM to 9 PM
David Posnack JCC
5850 S. Pine Island Rd Davie,
FL 33328

Please do not hesitate to contact my office at 404-305-5000 or ASO-RegionalAdministrator@faa.gov with any questions or concerns. In the meantime, additional project details may be found on the FAA's website at https://www.faa.gov/news/fact_sheets/news_story.cfm?newsId=23274.

We look forward to working with you and your constituents to improve the safety and efficiency of airspace over South-Central Florida.

Sincerely,

A handwritten signature in black ink that reads "Michael C. O'Hara". The signature is written in a cursive style with a prominent initial "M" and a long, sweeping underline.

Michael C. O'Hara
FAA Southern Regional Administrator
