2. Provide copy of latest corresponding Site Plan, so that it can be reviewed for consistency. Confirm that limits of proposed Alley vacation are consistent with Site Plan.

Please contact City's Public Works Department, Rick Johnson at rjohnson@fortlauderdale.gov or 954-828-7809 for water and sewer utilities, and Elkin Diaz at 954-828-6539 or ediaz@fortlauderdale.gov for stormwater infrastructure, to verify and determine whether there are any public utilities present within the alley to be considered for vacation. If so, a surveyed location of the utilities shall be provided to staff for review, the full cost of relocation of the utilities shall be borne by the Applicant, and the utility relocation plan shall be reviewed and approved by the City's Public Works Department prior to implementation.
4. Provide letters from all franchise utility providers, including Public Works as appropriate, demonstrating their interests in maintaining or no objection to the vacation of this right-of-way; the letters should specifically state whether or not the franchise utility providers have existing facilities within the right-of-way vacation area that will need to be relocated or abandoned.
5. Please be advised that the vacating ordinance shall not be in full force and effect until an Engineer's Certificate is executed by the City Engineer or designee. This Engineer's Certificate shall be executed by the proper authorities and recorded in the public records of Broward County. The City Engineer's certificate shall also state that all existing facilities located within the vacated Alley have been relocated or abandoned to the satisfaction of the respective utility owners.

8. Submit a stamped copy of the surveyor's sketch and legal description to the City's Surveyor for his review and approval of the Right-of-way to be considered for vacation. The approved surveyor's sketch shall then be routed to the Land Development Manager or designee for signoff, prior to submittal to the case planner for final authorization to present this item to the City Commission.
9. Please be advised that additional Easements may need to be dedicated to the City resulting from the Vacation of Rights-of-Way approval process, including Utility Easement(s) that allow the City perpetual maintenance access to existing public sewer, storm drain, and water infrastructure.

As applicable, provide documents such as easement and/or right-of-way deed, joinders, consents and Attorney's Opinion of Title. Please refer to City's Web site:
