GENERAL COMMENTS

The following comments are for informational purposes. Please consider the following prior to submittal for Final DRC:
1. The Florida Building Code shall apply to the construction, alteration, movement, enlargement, replacement, repair, equipment, use and occupancy, location, maintenance, removal and demolition of every building or structure or any appurtenances connected or attached to such buildings or structures.
2. All projects must consider safeguards during the construction process. Florida Building Code Chapter 33 delineates various safeguards that may apply during the construction phase. All structures associated with the protection of pedestrians will require a separate permit. A licensed professional must sign and seal the plans and specifications.
3. The City of Fort Lauderdale is a participating municipality in the National Flood Insurance Program (NFIP). The requirements specific to the City of Fort Lauderdale can be found in Chapter 14 - FLOODPLAIN MANAGEMENT of the Code of Ordinances and accessed at:

Please consider the following prior to submittal for Building Permit:
1. On January 1st, 2018 the 6th Edition of the Florida Building Code was adopted. All work described in Section 101.2, of the Broward County Administrative portion of the Florida Building Code, will govern the administration and enforcement of the proposed work. Each building and or structure will require a separate permit. The following websites will assist in the design considerations:

General Guidelines Checklist is available upon request.
Case Number: E19005

CASE COMMENTS:

Please provide a written response to each of the following comments:

1. Per ULDR Section 47-24.1, provide written documentation that easement to be considered for vacation meets the City’s development review criteria per ULDR Section 47-25.2 (Adequacy Review) and ULDR Section 47-24.7 (Vacation of Easement Requirements).

2. Provide a signed and sealed boundary and topographic survey based on a Standard Title Commitment issued by a title insurer licensed to do business in Florida or an Opinion of Title issued by an attorney admitted to the Florida Bar. The title commitment or Opinion of Title must have an effective date no more than thirty days prior to the date of submittal of the survey and must be certified to the City of Fort Lauderdale. If any encumbrances are found in the property, provide a copy of the recorded documents accordingly (i.e. easements, agreements, etc).

3. Provide copy of latest corresponding Site Plan, so that it can be reviewed for consistency. Confirm that limits of proposed Easement vacation are consistent with Site Plan.

4. Provide a utility relocation plan for the existing stormwater and sanitary sewer infrastructure that is located within the utility easement as shown on the survey. This shall be reviewed and approved by the City’s Public Works Department prior to implementation of the relocation and issuance of No Objection letters. Please contact City’s Public Works Department, Thomas Lawrence at tlawrence@fortlauderdale.gov (954-828-6126) or Igor Vassiliev at ivassiliev@fortlauderdale.gov (954-828-5862). A surveyed location of the utilities shall be provided to staff for review, the full cost of relocation of the utilities shall be borne by the Applicant.

5. Provide letters from all franchise utility providers, including Public Works as appropriate (i.e. if easement being vacated is public), demonstrating their interests in maintaining or no objection to the vacation of this Easement; the letters should specifically state whether or not the franchise utility providers have existing facilities within the Easement vacation area that will need to be relocated or abandoned.

6. Submit a stamped copy of the surveyor’s sketch and legal description to the City’s Surveyor for his review and approval of the Easement to be considered for vacation. The approved surveyor’s sketch shall then be routed to the Land Development Manager or designee for signoff, prior to submittal to the case planner for final authorization to present this item to the City Commission.

7. Please be advised that the vacating ordinance shall not be in full force and effect until an Engineer’s Certificate is executed by the City Engineer or designee. This Engineer’s Certificate shall be executed by the proper authorities and recorded in the public records of Broward County. A copy of the recorded certificate is to be provided to the City upon recordation. The City Engineer’s certificate shall also state that all existing facilities located within the vacated easement have been relocated or abandoned to the satisfaction of the respective utility owners.

8. The City’s Public Works Department, FPL, Comcast, Teco, and possibly AT&T currently have facilities within the existing 20’ Utility easement to be vacated. Please be advised that prior to the Engineer’s Certificate being executed, letters from the franchise utilities indicating relocation/removal of their facilities and any easement requirements have been completed/recorded to their satisfaction, shall be provided to the City Engineer or designee.
9. Please be advised that additional Easements may need to be dedicated to the City resulting from the Vacation of Easement approval process, including Utility Easement(s) and Access Easement(s) that mitigate an otherwise dead-end Alley condition.

As applicable, provide documents such as easement and/or right-of-way deed, joiners, consents and Attorney’s Opinion of Title. Please refer to City’s Web site: http://fortlauderdale.gov/departments/sustainable-development/building-services/engineering-forms-and-info (under ‘Engineering Forms’ and ‘Dedicated Public Rights of Way and Easements’) or click on http://www.fortlauderdale.gov/home/showdocument?id=1558.

10. Additional comments may be forthcoming at the meeting.
Case Number: E19005

CASE COMMENTS:

1. No comment.

GENERAL COMMENTS:
Please address comments below where applicable.

1. Please note that any work within the City’s right-of-way will require an MOT approved by Transportation and Mobility and Engineering for permitting. Any full closures of roadways, alleys, or sidewalks that are over 72 hours will require a Revocable License Agreement (RLA) with the City of Fort Lauderdale.
Case Number: E19005

CASE COMMENTS:
Please provide a response to the following:

1. The applicant is strongly encouraged to contact neighbors adjacent to, as well as condominium and neighborhood associations located within three hundred feet (300') of the development site, to advise of this proposal (a map and listing of officially-recognized neighborhood associations is provided on the City's website: http://www.fortlauderdale.gov/neighborhoods/index.htm).

2. The proposed project requires review approval by the City Commission. A separate application and fee is required for City Commission review.

3. Indicate the project's compliance with the following ULDR sections by providing a point-by-point narrative response, on letterhead, with date and author indicated.
   a. Section 47-25.2, Adequacy Requirements
   b. Section 47-24.7.A.4, Criteria for Vacation of Easement

4. Highlight proposed easement to be vacated on plans, surveys and documents, in order to distinguish from previous easements vacated under DRC Case No. E19003.

5. Signoffs from the City Surveyor and the Urban Design Engineer will be required prior to City Commission submittal. The signoff for the City Surveyor will be routed by Urban Design & Planning Staff.

6. Letters must be provided from AT&T, the City of Fort Lauderdale Public Works Department, Comcast Cable, Florida Power & Light, and TECO Peoples Gas indicating no objections to the vacation. If any easements are required, legal and easement documents must be provided prior to item being scheduled for City Commission. If any facilities need to be relocated, plans satisfactory to that agency must be approved prior to City Commission submittal.
