The [Housing Rehabilitation/Replacement Program](#) is part of a comprehensive neighborhood revitalization strategy to preserve and improve the City's residential neighborhoods. Assistance is given to homeowners on a first come, first qualified, first served basis. For eligible homeowners, the property must have documented disrepair and/or have violations of the City's housing code.

The program is not designed for general home improvements only. In addition, certain items are not eligible for funding. They include additions to increase the square footage, swimming pools, window air conditioner units and washers and dryers

The program is designed to assist very low, low or moderate-income homeowners by providing decent, safe and sanitary housing units.

The program provides a fifteen (15) year deferred payment interest-free loan to eligible homeowners.
